BOHEMIA NOTES.

Devoted to Mines and Miners---A Nugget Correspondent's Batch of News.

June 26, 1899.

Supt. J. W. Cook arrived in camp last week and started the new stamp mill Saturday. This mill is of the latest improved machinery and conveniently arranged. A full force of men are now employed and the stamps are constantly dropping on a high grade of ore.

Supt. J. D. Fletcher, with the Montana Gold Mining Co., arrived in camp last Saturday.

Jack Morgan is now doing development work on his Climax claim on the south slope of Fairview mountain.

Dell Tefft and Chas Beck are now employed on the Holy Smoke group.

Supervisor Burnett has a force of men at work on the county road and by the last of the week it will be open to travel as far as the summit of the mountain above the Musick mine. With the exception of a few small slides and washouts the road was found to be in good condition.

The Fairview Mining and Milling Co., one day last week found some wonderfully rich ore in a new ledge on their property. The county road cut this new find very near the company's 5 stamp mill, and it is so situated that a tunnel can be started into the mountain right at their ore bin at the mill. This is a lucky find for the company and it is hoped a large body of ore may be found as rich as the surface prospect. This goes to prove that the Bohemia camp has as yet been but partially prospected.

Capitalists, miners and prospectors are arriving daily, and while the season will be a short one, still it is sure to be the most lively in the history of the camp.

W. P. Ely, with a force of men, is doing some good work on his Mayflower group.

The Noonday wagon road will be put in shape for travel right away after the Fourth, and then the Noonday and Helena mines will begin active work for the summer.

The handsome "Bob" Martin is now camping at the Grizzly creek group, doing assessment work on his claims near there.

Graber Bros. & Ziniker are now preparing to mill a large quantity of ore from their Vesuvius claim. The Fairview Milling Company will do the milling for them.

Our efficient road supervisor William Keys is doing excellent work on the roads of our district. If all Oregon roads were worked as well as he is working ours there would be less complaint of the roads next winter.

Our Sunday school has received new books and meets at 3 o'clock each Sunday.

We saw a bunch of winter wheat from the farm of Jesse Trunnell which measured 6 ft 4 in. in height. How's that for height.
