

Jolly Old Time.

St. Valentines Circle No 121 of this city, gave another of their enjoyable receptions to their many friends last Thursday evening. The occasion was brought about by the adoption of eight new members, as follows: Misses Emily Meinzer, Ethel Knowlton, Lou McKinney, Lottie Veatch, Nora Sherwood, Gertrude Bardiet, Ethel Cottle, Cora Arve. A few hours before the reception a telegram from Eugene announced the fact that a delegation of prominent circle women from the Eugene circle were enroute to attend under special escort. Of course this news was hailed with pleasure and all was excitement, and a "sound of merriment." Shortly after eight o'clock the following Eugene delegation drove into the city. Mesdames F. L. Gibbs, grand neighbor of Eugene circle, Vina Lemley, M. O. Wilkins, Ada Millican, J. S. Taylor, Mel Green, G. R. Christman, H. J. Day, H. A. McCready, Misses Stella Learned, Jessie Murch, Ida Patterson, Mollie Whitmore, and strange as it may seem Messrs. H. J. Day and Pliny Snodgrass. After a short rest the guests were escorted to the hall, and after the adoption of the new members a table loaded with all good things imaginable was spread and the banquet room was a scene of pleasantry for several hours, when the Eugene delegation were compelled to start on the return home. Considerable comment was current as to how Messrs. Day and Snodgrass were selected as escorts to the delegation of pretty and clever women and it is understood that the said Messrs. Day and Snodgrass intimated that it was on account of their good looks in comparison to their brothers down in the city of crushed pick streets and new court house. However it was afterward unkindly alleged that the ladies had no choice in the matter whatever on the basis of good looks but that they were in the employ of Bangs livery stable. St. Valentines Circle is rapidly growing and is becoming very popular among the ladies of Cottage Grove. It is said that several more members will be added to the roll in the near future and last Monday night Miss Mae McQueen was adopted.

A New Bohemia.

Messrs. Taylor and Simpson of Bohemia have been prospecting near Divide for the past week. They have picked up a number of specimens in one of which the gold can be seen with the naked eye. Nothing is known of the size of the ledge or its value but both gentlemen believe that it will pay. Mr. Taylor and Mr. Simpson are drifting a tunnel into the hillside near their camp and from all indications should strike the ledge in a short time. Mr. Taylor will seek for his engine and drill if the lead comes up to expectations. It has been known for years that there was gold around there but until now no systematic effort has been made to find it. Gold can be mined here very cheaply it being only 4 1/2 miles to Cottage Grove the base of supplies, 3 1/2 miles to Latham the nearest shipping point and plenty of wood and water. Work can be carried on there nearly all the year and we have good roads.

A Fine Workman.

Captain Sachs, foreman of Horn and Paine's gun shop in Eugene spent last Sunday in Cottage Grove, visiting his numerous friends here, and the Nugget man is pleased to be recognized as one of them. Captain Sachs has the reputation of being one of the finest workmen on the Pacific coast, say nothing of his inventive genius, which has already brought him prominence among inventors.

Hand Cut.

Last Friday Joe Wooley who is working in the Chas. Hastings wood camp, got his hand cut quite seriously. He was assisting in throwing a banking log into position on the road, when the ax of Mr. Hastings, who was doing some work on the log slipped, and gashed Mr. Wooley's hand severely.

Entertaining.

In order to accommodate guests the proprietor of the Bohemia Hotel has rented the rear of the upper floor of the Knox building occupied by S. R. Piper's hardware store, and had the same partitioned into bedrooms. The rooms are very neat and will serve a good purpose.

Souvenir.

B. H. Miller, proprietor of the Star job office, Eugene, showed excellent enterprise in getting out a handsome souvenir for the Editorial Association, which visited Eugene last week. A copy of the souvenir has reached this office, for which the Nugget extends thanks.

For Recreation.

Dr. Snapp of this city will leave next Tuesday for the Bohemia camp on a two-weeks outing. During his absence his office will be supplied by Dr. Schloff of Eugene. Upon Dr. Snapp's return from the mountains he will collect his accounts and adjust his business affairs preparatory to a visit to Cincinnati, Ohio, early in September, where he will enter a medical school, with the view of being absent from here until next June. Mrs. Snapp will accompany the doctor on his eastern visit.

Well Pleased.

Mr. Otto Griesell and family, of Wisconsin, reached this city Wednesday, and the Nugget acknowledges a pleasant call from Mr. Griesell. He is a substantial Wisconsin farmer and has decided to cast his lot in the West. He speaks highly of Oregon and is well pleased with this section. Good luck to him and may he locate here.

For the Mines.

Monday morning Hon. H. B. Kincaid, James Abrams, Wm. Renshaw, F. R. Rankin, Webster Kincaid and Seth McAlister of Eugene and Alf and Benzo Walker left by stage, for a few days outing at Bohemia, where they go in the interest of their mining properties.

He and His Only Friend.

Joe Baker and his "only friend" were passengers for the Bohemia camps Monday morning. Joe seeks employment at the Musick Mining and Milling Co. where he hopes to be able to support the "bath of 'em." Joe is a rattling good barber and ought to do business up there.

Well Pleased.

W. J. Honor the hustling business manager of the Seattle Industry and Mining Journal, who was here looking up the Bohemia mines last week speaks in high praise of that which he saw up in the camps. He was so well pleased that he located a claim before he left.

Building Residence.

W. C. Johnson of the grocery firm of Baker and Johnson has purchased the Brink property, and commenced the erection of a residence thereon.

For the Coast.

Tuesday morning Mr. and Mrs. J. K. Barrett, Mr. and Mrs. Bert Wood, Mr. and Mrs. J. B. Lewis and daughter left for a two weeks outing at the Yaquina.

THE WOUNDED SOLDIER.

A Comrade Writes About His Condition—He was Hopeful at Manila.

Upon the arrival of the Oregon Volunteers at San Francisco, Frank Woodruff one of Henry's old chums, of Co. C, had the kindness to write Mr. and Mrs. Sherwood the following letter which shows his interest in the wounded soldier and his thoughtfulness for the anxious friends and parents:

ON BOARD STEAMER OHIO.
July 12, 1899.

MR. JOHN SHERWOOD,
Dear Friend: I will write you a few lines to let you know how Henry is getting along. He was shot by a Mauser bullet through the left side of the stomach and strange to say not an entrail was cut. Just before going aboard Claude Hawkins and I went over to see him and he was getting along fine, was laughing and joking with all the boys. He said they were about to move him aboard the hospital boat Relief which will soon come to San Francisco with the wounded, he also said he had written to you, but as we might get there sooner I told him I would write too, as I was with him a minute after he was hit and stood with him as long as I could. He was hit while his company was charging over a small ridge. The natives were on the high hills on both sides of us but they did not last long as usual. Elmer Doolittle was shot through the right arm by a Mauser bullet about five inches from the shoulder. He is getting along fine, and is on board the Newport. The rest of the Cottage Grove boys are all well.

Your Friend
FRANK WOODRUFF,
Co C, 2nd Ore.
