of a Girl's Beauty

BY CLARA LOUISE MULDOON

There are a few men who, for a number of years, have suffered with Lumbago and had no relief. One of these men, Mr. A., had been suffering for several years with Lumbago, and had tried numerous remedies, but without any success. He had been to see several doctors, but they had all been unable to cure him. He had tried all sorts of remedies, but nothing seemed to help him. He had even tried to be treated by a chiropractor, but that did not help either. Finally, he decided to try a new treatment that he heard about from a friend. He went to see Dr. B., who was a well-known chiropractor in the area. Dr. B. examined Mr. A. and prescribed a treatment that included chiropractic adjustments and dietary changes. Mr. A. followed the treatment for several months and was amazed at the results. His Lumbago was completely gone, and he was able to enjoy his life again. He was so happy with the results that he recommended Dr. B. to all his friends and family. Today, Mr. A. is living a pain-free life, thanks to the help of Dr. B.
