BENSON DRUG COMPANY.

The Largest Stock of HOLIDAY GOODS ever opened up between Portland and Sacramento is now displayed at Eugene at BARKER GUN WORKS. This magnificent stock was selected by a man of experience and taste. It is gorgeous and magnificent to think about and Low Priced to buy.

You ought to know I couldn't afford to put an advertisement in this paper advertising this class of goods if I didn't have the goods. I have the goods and they have them at the right price and this is the only way I have to sell you of it. I can tell you of it through the paper cheaper than I can send a man to you to tell you. You are under no obligations to buy goods if you come and see for yourself. That is all we ask. If you are not satisfied you are at liberty to go and trade where you please.

We have the goods, the facilities and the room; our stock of this class of goods is just as much larger than our competitors as our advertisement is larger than theirs. We make a specialty of this line and they don't. They get a few from some jobbing house to trade for bacon, eggs and butter. You have no stock to select from and you will not be as well satisfied as if you would come and see us. It is worth your time to come and see this stock even if you don't want to buy, as it is equal to a common fair.
