We have disposed of our Fine Selection of Christmas Goods; but we are still at the old stand with a choice line of Drugs and Medicines.

When wanting anything in our line, be sure and call on us.
The drawing of the Toilet Case will occur next Saturday, and the lucky number will be announced in the next issue of the Nugget.

BENSON DRUG COMPANY.

The Largest Stock of HOLIDA GOODS ever opened up between Portland and Sacramento is now displayed at Eugene at BARKER GUN WORKS.

This magazine is selected by a man of experience and taste. It is gorgeous and magnificent to think about and Low Priced to buy.

You ought to know I couldn't afford to put an advertisement in this paper advertising this class of goods if I didn't have the goods. I have the goods and have them at the right prices and this is the only way I have to tell you of it. I can tell you of it through the paper cheaper than I can send a man to you to tell you. You are under no obligations to buy goods if you come and see for yourself. That is all we ask. If you are not satisfied you are at liberty to go and trade where you please.

We have the goods, the facilities and the room; our stock of this class of goods is just as much larger than our competitors as our advertisement is larger than theirs. We make a specialty of this line and they don't. They get a few from some jobbing house in town for bacon, eggs and butter. You have no stock to select from and you will not be as well satisfied as if you would come and see us. It is worth your time to come and see this stock even if you don't want to buy, as it is equal to a common fair.

American Goods

Probably no nation has come to the front in making fine decors and handsomely designed Xmas goods as the Americans, and you can rest assured we have bought here the best of these goods. They are the handsomest you ever saw and the latest creations of American ability and an acme of perfection in mechanism and hand-decorated ware goods. We invite you to come and see them, to please and to last, and to please the eye as well as to be useful. We invite you to come in early as we will not be so busy and can give you more attention than later, as the time is fast coming and Xmas is fast approaching. We hope you will call early and we will present each of you with a present bought at Barker Gun Works.
