

OWNERSHIP OF THE HELENA

Judge Gilbert Listens to Arguments on Jennings Bros.' Demurrer.

The now somewhat celebrated case of G. G. Warner vs Jennings Bros., involving the ownership of the Helena mine, in the Bohemia district, came up before Judge Gilbert in the United States circuit court yesterday for argument on a demurrer to the complaint. Under the United States statutes Warner, an adverse claimant, was required to bring suit on his adverse claim, filed in the Roseburg land office August 11, 1899, within 30 days from the date of filing. It appears that he did not bring action in support of his adverse until November 23, 1899, 72 days later than required. The case came before Judge Gilbert on demurrer to Warner's complaint, on this ground, and the demurrer was argued and submitted.

If the demurrer is sustained, it will permit the working of the new mill erected on the mine by Jennings Bros., and will create great activity in the district, as well as settling the question as to whether persons, in acquiring title to mineral lands must comply with the laws of congress, or not. Jennings Bros. have expended \$25,000 in putting up a mill, and running tunnels and drifts on the Helena mine, and it is claimed have been held up by what is known in mining camps as the "notice man." This is the mine from which persons attempting to make a survey were run off some time ago by armed men, and made record time in getting away. It is reported that one of the fugitives in the wild rush down the mountain stumbled on a rabbit and yelled: "Get out of my way, you rabbit, and give the road to a man that can run."

NEW VARIETY OF WHEAT.

J. M. Shelly, of the Eugene flour mill, has received from Idaho, a sample of what is called corn wheat. It resembles a very much elongated grain of wheat and has the combined taste of wheat and corn. It is claimed that corn-wheat will out yield corn and that it has wonderful fattening qualities being pronounced just the thing for cattle and hogs. It is sown the same as wheat and yields heavily. The straw is oily and makes fairly good hay. If it possesses the good qualities claimed for it, cattle and stock raisers should go to raising it.

It has been demonstrated repeatedly in every state in the Union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by Benson Drug Co., Cottage Grove, Druggists, Lyons & Applegate, Drain, Druggists.

GRIFFIN & VEATCH Co. are the leaders in all kinds of mining supplies, ammunition and sporting goods.

I want to let the people who suffer from rheumatism and sciatic know that Chamberlain's Pain Balm relieved me after a number of other medicines and a doctor had failed. It is the best liniment I have ever known of.—J. A. DODGEN, Alpharetta Ga. Thousands have been cured of rheumatism by this remedy. One application relieves the pain. For sale by Benson Drug Co., Cottage Grove, Druggists, Lyons & Applegate, Drain, Druggists.

Invitation dance next Saturday evening.

The Musick mill had a break down this week, the first in nine months, during which time the stamps have dropped continually. The repairs will be made Saturday.

RESUME SUNSET LIMITED.

Southern Pacific's Famous Flyer Starts From San Francisco, December 15th.

"The Sunset Limited, the Southern Pacific's famous train of the Sunset route, will commence its service for the winter season on Friday, December 15th. The schedule for this year is considered rather superior to any previous season, affording as it will opportunity for favorable view of points of interest along the line, and making agreeable connections at New Orleans with limited trains of other lines to and from the important centers of the east. The train will leave San Francisco at 5 P. M. on Tuesdays and Fridays, passing Los Angeles about 7 o'clock the following morning, thus giving a daylight view of the orange belt of Southern California.

Its connection at El Paso with through cars of the Texas & Pacific for St. Louis, will place California passengers in that city from 10 to 12 hours ahead of all other lines. The trip from Houston to New Orleans, through the interesting plantations and bayous of Southern Louisiana, will also be by daylight, and the arrival in the Gulf city yet in time to connect with the fast trains for Washington, New York, Cincinnati, Chicago and other points. The Sunset Limited equipment and service is up to its well-known high standard. It is worthy of remark that the distance of 3900 miles from San Francisco to New York is traversed by the Sunset Limited in 114 hours, only 12 hours longer than by the fastest trains through Chicago, a distance of 3300 miles. The Sunset is an ideal winter route, the traveler not being subjected to any of the discomforts incident to inclement weather conditions of the more Northern routes."
Yours truly,
C. H. MARKHAM.
