#### THE TRIAL.

The trial in Roseburg over 70 cases were examined. In fact

the best people of Cottage Grove and Bohemia were witnesses for Jennings and Bruneau, notwithstanding that this man Leigh, who is alleged to be the offal of pollution, made assertions that the Jennings' had all the skum and s-- of b--s of Cottage Grove and Bohemia as witnesses.

It is not necessary to speak disparagingly of many of Warner's witnesses. Some of them were good and worthy citizens, but were unfortunate in being subpoenaed upon the wrong side of the case.

Judge Hamilton instructed the jury Monday morning at 9 o'clock in his masterly and impartial manner, and the jury took 4 hours to deliberate, when they brought in a verdict in favor of Jennings Bros. and Bruneau. Judge Hamilton is one of the most able, painstaking and conscientious jurists in Oregon and his opinion is to be regarded as sound. There is hardly one chance in 100 of the higher court reversing the verdict.

#### THE JURY

Was composed of conservative and able men of Douglas county. Men who were not afraid to decide the case strictly upon its merits.
