

OFF FOR CAPE NOME.

John Brund and son, Andrew, two of the hardy miners of Bohemia, and by the way, interested in the Sweep Stake group, a very promising property, having gotten their work well in hand, have decided to make a trip to Cape Nome, and accordingly came out last Friday to make their arrangements, preparatory to starting for the northern country some time next month. Mr. Brund's daughter, Miss Margarete, who has during the past eight months, presided over the destinies of the Brund cabin, came out Saturday, and will accompany her father and brother to Nome. Miss Brund is something of a mountaineer as well as an accomplished mistress of the household. At this season of the year walking is not overly pleasant even for the hardy miner who is always on the trails, and it was quite an undertaking for the lady to attempt the trip out of the hills to intersect the stage, afoot; but she did it, and in just an hour and forty minutes she covered the six miles to the foot of Hardscrabble mountain.

GOOD CHANCE FOR RECOVERY.

Dr Wall is in receipt of information from Dr Job, who is still in faithful attendance upon Mr. Rudolf, the surviving victim of the Saginaw mill accident, to the effect that the sufferer is resting easier and that Tuesday night his condition was more favorable than at any time since the fearful accident. Dr Job says he can be moved Saturday.

NEW DENTIST.

Cottage Grove now has a new dentist in the person of A. J. Hollinger, who bears the reputation of being one of the best on the coast. The Doctor is a graduate of the Northwestern University of Chicago and post-graduate of American College of Dental Surgery, Chicago. He comes highly recommended and will undoubtedly build up a splendid business here.

BIG MILE.

Hon. Ivan McQueen, republican nominee for representative, has been seriously ill at his home at Lorane for the last two weeks. He had an attack of grippe and afterwards was afflicted with sciatic rheumatism, from which he is slowly recovering. It is feared that his illness will prevent his attendance upon the joint canvass now in progress.

ATTENDED THE FUNERAL.

Among those who attended the funeral of the unfortunate acting superintendent of the Saginaw mill No. 1, Otto Endorf, which took place at Comstock Monday, were Frank Hambrick, Frank Goodman, Oscar Vaughn, John Miller and Chas. Dutton. The religious services were those of the Catholic church, and the Woodmen of the World, of which lodge he was a member, took charge of the remains at the grave.

GOOD PROSPECT.

It is now considered by those in a position to know that Cottage Grove has a splendid prospect to secure a militia company. The militia officials of the state express themselves as very much pleased with the interest taken in the movement to organize a company here, and especially commend the business men of this city for the interest taken.

GOOD SELECTION.

Hugh Behne, has been selected as the new superintendent of the Musich Mining & Milling Co., and will start for the scene of his new work the last of the week, and expects to start the mill on or about the 15th of this month. Mr. Behne is a thorough mining man, and the selection is a good one.

RATS.

J. M. Durham is hard on rats. He opened his feed box the other morning and discovered 16 of the pesky critters therein. He didn't do a thing but murder them every one before they could hike out.

BIG SPIDER.

Armand Wynne bottled a big spider almost an inch long Monday, and presented it to the Nugget. After looking at it the writer is in doubt as to which he would prefer snakes or spiders—Ugh!

DIED.

The infant daughter of Mr. and Mrs. Andrew Miller died at the family home at Saginaw, 4 o'clock Sunday afternoon, May 6. The funeral was held Monday afternoon.

FOR SALE.

A farm, 160 acres, 13 and 1/2 miles from Cottage Grove, 30 acres cleared, 10 acres under cultivation, good orchard, bearing, Good house, barn, blacksmith shop. All repair work a smith can do in the summer time. For sale for \$1500 on easy terms. Enquire at this office.

NEW LAW FIRM.

F. G. Eby and J. C. Johnson, two of the prominent lawyers of Marion county who have been engaged in the practice of their profession at Woodburn for the past twelve years arrived here this week and will permanently locate here for the practice of their profession. The firm will be known as Eby & Johnson and the gentlemen rank among the best attorneys of the county of Marion. The Nugget wishes them success.

GETTING READY FOR WORK.

Superintendent E. S. Adams, of the Golden Eagle Mining Co., has been in this city this week's making active operations to commence early operations upon the company's property, which is excellently situated on Adams mountain. The first work, and by the way, a very important part of it, will be the clearing out of the Knott's trail, from the saddle of Fairview mountain to Adams mountain, which will connect the company's property with the main roads to the mines. When this is done Superintendent Adams will have smooth sailing in the matter of getting in the necessary machinery, tools and provisions to operate the mine. The company will do a considerable amount of development work this summer and probably continue work throughout the winter.

SHOULD BE CAREFUL.

No little complaint is made at this office with reference to the distribution of the papers at Bohemia postoffice. Every subscriber is mailed a copy of each week's issue every Friday morning, and if errors occur it is the fault of the mail service. While we do not believe it is the intention of any postmaster to retard the delivery of mail still it certainly occurs at times. Every effort should be made to avoid so doing as it is a hardship when a man walks several miles over a rough mountain trail for his mail and then finds his county paper missing. Postmasters should be careful.

QUARTERLY VISITS.

Dr. Lowe the well known optician of Eugene who enjoys the distinction of being one of the best opticians on the Pacific coast, in commenting on the growth of Cottage Grove in the past two years, made the remark: "I was never more surprised than today when I bailed your town, to note the great growth and general improvement. Cottage Grove is rapidly crawling up into the front rank of prominent towns in Oregon. I think this so strongly that I have determined to make this place a visit every three months."

SURPRISE PARTY.

An agreeable surprise party was tendered to Mr. J. I. Jones of this city Tuesday evening. The evening was made particularly interesting by the rendering of a well arranged program consisting of music and games, after which a most pleasing luncheon was discussed.
