

WANTED TO FIGHT.

One Joe Thomas, who has been for some time looking upon the wine cup when it was red, took a notion Monday night just after supper that he was spoiling for a fight. Accordingly he took occasion to promote a little disturbance with George Berry, who is considered one of the handiest little men in Cottage Grove. George took the matter as a joke for a while, but when Thomas came at him a few times like a battering ram, George stood on his dignity and told him to keep off. Thomas didn't take any stock in George's assertion that if he didn't keep away he would get hurt, and made another crack at the husky "little un." In a half a minute Thomas had troubles of his own and in another half a minute he looked as though he had fallen on a picket fence, and he didn't have anywhere near as much fight in him as he thought he had. After "guessing" that they had "better quit" Thomas departed not a great way off and sitteth himself upon a wagon tongue and meditateth muchly upon the chances of a bad man and booze winning out in a "go" with him that drinketh not. As he meditateth Marshal McFarland appeareth and walketh the bad man and his jag to the freezer where he meditateth some more.

ATTACHED.

Last Friday Sheriff Withers served papers of attachment upon Cumming & Hawley of this city, and the firm immediately turned the business over to him. Mrs. J. L. McKinney of this city caused the attachment to be served and the amount of indebtedness of the firm to Mrs. McKinney is \$126.80. It is said that there are other claims against the firm which will aggregate \$900.00. It is to be hoped that the firm will be able to adjust their affairs and retain the well established business. It is said that the cause of the failure to meet obligations was their inability to realize on outstanding accounts.

FINE BOAT.

Messrs. Harry Brehaut, Jas. Benson and Dr. Pettie are the proud possessors of as fine a canvas boat as ever made its appearance in this section. The boat is in the production of the well known boat firm, Canvass King Boat Co., of Kalamazoo, Michigan, and is 14 feet long with a 32 inch beam. The boat when thoroughly equipped, weighs 88 pounds and will carry 1,000 pounds. A prettier specimen of scientific boat building would be hard to find.

FINE PICTURE.

J. N. Boyd, the popular photographer of this city, has on exhibition in his cabinet at the corner of Main and Fourth streets, a splendid picture of the cougar recently killed a few miles from this city by Felix Currin and party. The only regrettable feature about it is the lack of a wood scene to give the onlookers the idea of a wild cougar hunt. This however is no fault of Mr. Boyd, who took the picture after the animal had been brought to town.

STRONGER THAN EVER.

James Polk all the way from Polk county, shoved his smiling countenance into this office the other day. James is happy—he ought to be. In his good right hand he held a massive gold headed cane, presented to him by his old time friend Chas. Clay. The head of the cane is from the John S ledge, situated on the famous Monte Rico ridge Bohemia District. Jim is now a stronger gold standard man than ever.

GOT LOST.

A couple of Cottage Grove's prominent young business men, took a bicycle ride the other evening. For some reason or other they extended their ride into the night, and about 12 o'clock pulled in at the home of a farmer and in a wild and heartrending manner, so it is said, begged him to direct them to the nearest way home. They were lost, and it took six miles of hard travel to get back.

WILL CELEBRATE.

Cottage Grove Will Observe the Glorious Day.

Pursuant to call as published in the papers of last week's issue the citizens of Cottage Grove met at the city hall last Monday evening with the view of arranging for a Fourth of July celebration. Mr. Lurch called the meeting to order, stated the object of the meeting and moved that Mr. L. F. Wooley be made chairman of the meeting. The motion was carried. On motion of Walker T. W. Jenkins was chosen as secretary. Chairman Wooley then appointed a committee of three on general arrangements, consisting of Messrs. Lurch, Goodman and Walker.

It was the sense of the meeting that the appointing of all other committees necessary to carry the business of the committee on general arrangements to a successful issue fall to the lot of the committee on general arrangements and that it be their duty to see that said other committees appointed by the committee on general arrangements, shall do its part toward furthering the interests of a successful celebration.

Upon motion Darwin Bristow was unanimously chosen as treasurer.

This concluding all the business coming before the meeting at that time upon motion the meeting was adjourned to call of committee.

NARROW ESCAPE.

Arthur Van Schoiack had a narrow escape from death last Monday a mile and a half below the warehouse. He was breaking a pony to drive, having a harness upon him and walking behind the animal. As he went to put the lines up on the hames of the harness the pony became scared and started to run. The lines caught Van Schoiack around the ankle and he was dragged over rocks and rough ground over 150 feet before he extracted himself. He was horribly bruised from head to foot and his left hand seems to be paralyzed. W. W. Masterson was at the warehouse and kindly consented to come to town for medicine for the unfortunate boy. While no bones are broken his recovery will be necessarily slow on account of the bruises.

AN ENJOYABLE OUTING.

Mr. and Mrs. Frank Phillips, Mr. and Mrs. J. N. Boyd and Mr. and Mrs. J. S. Benson spent Saturday and Sunday at the magnificent home of Uncle Johnny and Mrs. Currin and Mr. and Mrs. Felix Currin, some four miles out in the country, and on their return were loud in their praise of the hospitable treatment there received. The time was put in picking strawberries and wild pigeon shooting, and partaking of the delightful courtesies extended by their genial host and hostess and the pleasant old people. The home of the Currins is one of beauty, plenty and hospitality, not unlike some of those old southern homes, which are famous in that they always throw a halo of light, comfort and good will around those who happen that way.

HARD LUCK.

Mrs. O. P. Adams, who has suffered much the last few years from paralysis of the left side, seems still to be the victim of bad luck. Some three weeks ago she had so much improved from her paralytic condition that she was enabled to walk about the yard feeling more like her former self than for several years. One day she went out to the rear of the house where a pet deer had been tied and when she walked up to his deership in his play he reared up and pushed Mrs. Adams over. In falling she severely wrenched her hip and since then she has not been able to walk, in fact has been confined to her room most of the time.

The ancients believed that rheumatism was the work of a demon within a man. Anyone who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed the Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by BENSON DRUG CO., Cottage Grove. LYONS & APPLGATE Drain Druggists.
