MINES & MINING.

Devoted to Bohemia Notes and Mining Items of General Interest to Mining Men.

C. L. Johnson, recently from Cripple Creek, who visited the Bohemia district last week with Dr. Oglesby and Mel Warner of the Lost Slipper group, returned to town Monday and reports himself well pleased with what he saw of Bohemia mines. Mr. Johnson has gone on to Salem, where he will establish his family permanently before again entering the district. He asserts that there is a bright future ahead of Bohemia.

E. S. Adams, the well-known mining man who has during the past year become substantially interested in Bohemia, has just returned from a business trip to Portland, where he has perfected arrangements to erect and operate a smelter in Bohemia camp. The smelter will go up on the property recently purchased by him from Young, Jenks and Higgins at the foot of Elephant mountain. It will be of thirty tons capacity daily and will be provided with charcoal ovens and that fuel will be used in its operation. Mr. Adams states that he expects the plant to be in operation by the last of July, as the plant has already been ordered from the factory.

John Peterson, Godfrey Graber, John Brund and Andrew Brund, of Bohemia, who came out some weeks ago fully determined to try the season in the Cape Nome country, upon getting to Seattle found that they could not procure tickets owing to the great rush to that section at the present time. The gentlemen returned Monday and have again gone back into the Bohemia district. In all probability they will give up the trip for this season, as to go the next opportunity would not insure them passage before next July, which would make them altogether too late to prospect in Nome this season.

It is authentically stated by parties who are well acquainted with Cripple Creek people that within a month from now Bohemia district will receive visits from many mining men from Colorado, who for some time have had their eyes turned this way. It has long been known that in the estimation of Colorado mining men Bohemia is considered the richest district in the northwest, and the day is near at hand, if reports are to be relied upon, when thousands of dollars of Colorado money will seek investment in Bohemia mines.

The smelter which is soon to be erected under the supervision of E. S. Adams will be highly appreciated by every property owner in Bohemia, as it has long been needed in the district. Such efforts in the matter of bringing the district to the front and placing it in the right light before the mining world will do much to encourage mining men and men with capital to look our way.

TO CELEBRATE.

Committees Appointed and Set at Work Preparing for the Glorious Fourth.

Committee met in response to call of chairman. Mr. Frank Wooley in the chair. Proceedings or previous meeting read and approved. The committee on general arrangements appointed the following committees to wit:

WOULD NOT SUFFER SO AGAIN FOR FIFTY TIMES ITS PRICE.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. WILSON, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by J. A. BENSON, Cottage Grove, LYONS & APPLGATE, Drain Druggists.
