Filipino Leader or His Adjutant Was Shot.

COMPANIONS TOOK HIM AWAY

Richly Caparisoned Horse Was Left, With Saddle-Bags Containing Insurgent's Diary and Papers.

Viagn, Luzon, via Manila, June 5 .-Major March, with his detachment of the Thirty-third regiment, overtook what is believed to have been Agulnaldo's party on May 19, at Lagat, about 100 miles northeast of Vigan. The Americans killed or wounded an officer, supposed to be Aguinaldo, whose body was removed by his fol-

Aguinaldo had 100 men, Major March 125, the American commander reaching La Boagan, where Agninaldo had made his headquarters since Murch 5, on May 7. Aguinaldo had fled seven hours before leaving all the beaten trails and traveling through the forest along the beds of streams. Toward evening, May 19, Major March struck Aguinaldo's outpost about a mile outside of Lagat, killing four Filipinos and capturing two. From the latter he learned that Aguinaldo had camped there for the night, exhausted and half starved.

Major March's menentered Lagat on the run. They saw the insurgents scattering into the bushes or over the plateau. A thousand yards beyond the town, on the mountain side, the figures of 25 Filipinos dressed in white with their leader on a gray horse were silhouetted against the sunset. The Americans fired a volley and saw the officer drop from his horse. His followers fled, carrying the body. The Americans, on reaching the spot, caught the horse, which was richly saddled. Blood from a badly wounded man was on the animal and on the ground. .The saddle bags contained Aguinaldo's diary and some private papers , including proclamations. One of these was addressed: "To the Civilized Nations," It protested against the American occupation of the Philippines. There was also found copies of Senator Beveridge's speech, translated into Spanish and entitled: "The Death Knell of the Filipino People."

Major March, believing that the Filipinos had taken to a river which is a tributary of the Chico, followed it for two days, reaching Tiao, where he learned that a party of Filipinos had descended the river May 20 on a rait with the body of a dead or wounded man upon a litter, covered with palm leaves. There Major March reviewed his command, shoeless and exhausted, and picked out 24 of the freshest men. with whom he beat the surrounding country for six days longer, but without finding any trace of the insurgents, The Americans pushed on, and arrived at Aparri, May 29.

The officer shot was either Aguinaldo or his adjutant, and as the horse was richly caparisoned, it is fair presumption that it was Aguinaldo.

Four Farmers Killed and Seven Serlously Injured.

Marietta, O., Junet 2 .- An explosion of nitro-glycerine on the Kelly farm, a few miles east of this city, resulted in four deaths, four fatally injured and three seriously injured. Fifty quarts of nitro-gleyerine had been lowered in a 370-foot well. The "go devil" was dropped as usual, but failed to set the shot off. A 'squib'' was made with glycerine in a tube connected by a fuse. This was dropped and in striking the can at the bottom the main shot exploded and sent great quantities of water, oil and the unexploded squin into the sir. The squib fell on the derrick floor unnoticed. As soon as the water cleared away there was a great rush to the derrick by the inquisitive countrymen. The Marietta Torpedo Company and contractors could not keep them back, but fled to a safe distance themselves. There were about 15 in the derrick when the fuse to the squib ignited the glycerine, and the terrible result followed,
