

SALEM PEOPLE.

Mr. Henry Fawk and family accompanied by Mr. E. J. McNary, of Salem, are now rustating near Lane, Mr. Fawk having purchased the Geo. Ozment estate. The party came by private conveyance from the capital city, and have experienced all the ups and downs attendant upon a tour overland through the Willamette valley this season of the year. The party did not escape the "moisture" which was abundantly "showered" upon this section the week they traveled. However the party was splendidly equipped and each member enjoyed the trip immensely, and all speak in glowing terms of the beautiful country over which their route took them. The party consisted of Messrs. Henry Fawk, E. J. McNary, Elmer Galloway, Andrew Preise, and Master Gilbert Fawk; Mesdames Ella Fawk, E. J. McNary; Misses Dollie Fawk, Lizzie Fawk, Marie Fawk, Lolla DeVaney. They were attended with two four-horse teams, outfit, one team and hack, one buggy, one car, and two carriages. They also brought with them a full hand of cattle, belonging to DeVaney. A pony was also included among the belongings of the riders, and the young ladies of the party found much amusement consisting in driving the cattle, taking turns about riding the same. Mr. Fawk has purchased one of the largest and best stock ranches in South Lane county and will now well stocked with sheep. Mr. DeVaney will operate the ranch, having leased the same from Mr. Fawk. In conversation with Mrs. McNary a Nugget man stated that she was agreeably surprised and, what surprised him, this section of Oregon, as beautiful as it is, and expresses her willingness to go with them. Mrs. McNary will return to Salem in another week, visiting a few days with friends in Eugene enroute.

Should this materialize the people of Cottage Grove and vicinity will have an opportunity to witness the star game of the season, as no one will doubt for a moment the ability of the men whose names are proposed as participants. It is anticipated that 200-300 children are ball players from way back, in disguise. Here is a list of the names of the players proposed. Woodmen of the World—Dutton, Goodman, Lurch, Hamblin, Vandenburg, Veatch, Melby, Benson, Warner, Modern Woodmen—Harvard, Howard, Davidson, Edلمان, Johnson, Baker, Dr. Wall, McKeayolds, Nelson.

She will probably accept a position in the Los Angeles schools this winter. Miss Hunter is a successful teacher and will undoubtedly give satisfaction wherever she may be engaged.

For an Editor to Recommend Patent Medicines? From Sylvan Valley News, Brevard, N. C. It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventative of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by BENSON DRUG CO., Cottage Grove. IXTONS & APPLGATE, Drain Druggists.
