

WELL KEPT LAWN.

Our esteemed townsman and well-known merchant, Ben Lurch, has one of the finest and freshest looking lawns in Cottage Grove. Now that the heat of summer is coloring the fields and hillsides in brown and auburn, the close cropped bright green grass of this lawn is very restful to the eye and delightful to the beholder. The stranger in passing instinctively pauses to admire the lawn, which is dotted with beautiful shrubbery and fine fruit trees, and in the background under the bowered foliage are easy chairs for rest and comfort in the eventide.

CLEAN UP.

City Marshal McFarland has notices posted in conspicuous places all over town for all property owners to repair their sidewalks, drive down all protruding nails, clean up the gutters, cut down all the thistles and briars and remove all rubbish between now and the 10th of August. If these matters are not attended to the marshal will have the work done and the expense will be charged up to the owners of property.

OUTING OVER.

F. E. Goodman, attorneys Eby and Johnson and Henry Lincoln returned on Saturday from their fishing and hunting trip. They caught upward of 200 fine mountain trout in Doud creek, a fork of the Row river. They are a unit in saying that the trip was one of the most enjoyable they ever made. Each vied with the other in entertainment and good fellowship and not a mishap marred the pleasure of the outing.

IN JUSTICE COURT.

The case of Dr. Katherine Schleef vs. Augusta Garoutte et al. was on trial before Justice Vaughn and a jury on Monday afternoon. The plaintiff was represented by attorneys Eby & Johnson and defendants by attorney J. E. Young. The case was warmly contested and much interest was manifested in the outcome, and the entire afternoon was consumed in the trial, which resulted in a verdict for plaintiff of \$18.

REBECCA'S.

The following officers of Rebecca Lodge No. 24 were installed recently: Annie H. Hart, N. G.; Mamie White, V. G.; Sarah Pitcher, treasurer; Sina Orrell, secretary; Eva Hemenway, R. S. N. G.; Grace Brink, L. S. N. G.; Mary Hart, R. S. V. G.; Anna M. Hart, L. S. V. G.; Emma Hart, W.; Olive Willard, Com. Mar. McFarland, I. G.; L. Archibald, O. G.; Louisa Thompson, chaplain.

HORSE DIED.

On Tuesday a crowd of men and boys were assembled on lower Main street, watching a sick horse in the death throes. Medicine was given, but to late, and the poor brute gave up the struggle. It proved to be a horse belonging to the show that held forth on Monday evening, and was the best animal they had. Hard luck seems to attend that nomadic troupe since they left the coast.

BELGIANS.

Dr. Snapp has in his front doorway in a wire cage three fine specimens of the Belgian hare, which he lately received from Los Angeles, Cal. They are of a superior breed, being the offspring of prize winners. The Dr. is now reading up on arithmetic so as to be able to figure out how many he will have, should he keep them all, by the time another year rolls around.

THE DANCE.

At Martin's hall on last Friday evening a very pleasant social dance was participated in by a goodly company. The music was excellent, the gathering select, the night balmy and mellow, and one and all within the hall were sociable and bent on making the best of the speeding hours and in having a real good time—and they had it.

CHANGED LIGHTS.

Griffith & Craig of the Elite shaving parlors have this week discarded the electric lights and put in two handsome gasoline lamps, which fill their parlors with a flood of brilliant light.

BASEBALL.

Last Friday afternoon the Bohemia and Lorane baseball teams crossed bats on the diamond east of town for what was expected to be the star game of the season. The financial motive was a \$10 purse put up by the business men. Love of the sport and the working out of its technicalities to a mathematical nicety was hoped would spur the boys on to put up a game that would be a little out of the ordinary. Fate, however, seemed to ordain otherwise. No one was at fault, no one seems to know where the fault was, and no one found any fault, yet the game was faulty, as the score most certainly indicates—28 to 46—which savors more of a running match than an up-to-date ball game.

The young ladies of this city were all dressed in gala attire and decked with the yellow colors of the Bohemia team, and brought enthusiasm and lent inspiration to the strugglers for supremacy on the diamond. Yellow waved aloft, was on every side; the bicycle wheels were trimmed with yellow, and the pet dogs were blanketed with yellow drapery which bore the legend "Bohemia." The game was advertised widely and the greater portion of the town turned out to see it.

The Lorane boys lined up in fine array, and began with a vim when they started to play, but soon got hoodwinked. Everybody seemed to enjoy the game and apparently all had a good time. The day was the hottest of the season and maybe that had much to do with the lack of execution displayed. The most skillful batting was done by the Lorane team, but the Bohemia boys beat them out on sprinting.

ALL YELLOW.

After the ball game several young ladies, under the able direction of Miss Sina Orrell and Miss Ethel Wooley, tendered the contesting teams a cooling and refreshing spread of yellow lemonade, yellow cake and yellow iced tea, which was gratefully accepted by the boys after their hard running. The banquet was held in the sample rooms connected with the Hotel Sherwood, and the good things were passed around by the Misses Ada Orrell, Nora Sherwood and Madge Gough. The room was elaborately decorated in yellow; the table set in yellow and blue, in harmony with the colors of each team. The prime feature of the occasion was the presentation of a big chocolate cake with yellow settings, which was cut by Walter Baker amid great chunks of yellow applause. Yellow toasts and yellow responses filled in an hour of yellow joy that the boys and young ladies will long remember.

DON'T DO IT.

There seems to be a strong disposition on the part of a few of our town people to belittle the efforts of the home ball team, and throw a wet blanket on their best endeavors. Now this is not right. The boys are not professionals, nor do they claim to be, and surely no fair-minded and right-thinking man or woman can reasonably expect them to put up professional play. They have done well in the past and are trying hard to perfect themselves in the manly art of ball playing, and should be encouraged to renewed efforts that they may attain more proficiency and skill. It is much to be regretted that any of our citizens should cast a stone.

BIG RATTLER.

On Thursday evening last young Chester Vandenburg brought to this office a rattle snake he had just killed near the Christian church, which was over 2½ feet long and had eight rattles and a button. This reptile was a most vicious one, and just before it was killed it had coiled and struck at and buried its fangs deep into a two-inch plank. It is very rare that a snake is met with in the city limits and this one must have recently strayed in from the hills about town. Good riddance to his snakeship.

Mrs. Pitcher's cow was run down and killed by the cars on Thursday.

ALL FOR BILL.

Last week E. S. Adams, Superintendent of the Oregon Consolidated Mining Company in Bohemia, had occasion to come down the mountains to visit his wife and baby "Bill" at Wildwood, and thought he could make time and shorten distance by taking a cut off trail. He got tangled up in the dense undergrowth and windfalls and, getting bewildered, was lost; had to camp under a tree all night; had no matches to build a fire and no food, but plenty of pure mountain water. He is not now sighing for "a lodge in some vast wilderness, some boundless contiguity of shade," but consoles the mishap and exposure by the thought that it was all for "Bill".

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventative of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by BENSON DRUG CO., Cottage Grove. LYONS & APPELGATE, Drain Druggists.

WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, liver and Kidney troubles. Only 50c. Sold by BENSON DRUG CO., Druggist.
