## GERMANY NOT SINCERE

### The Conclusion Forced Upon Washington Officials.

### HAS RECALLED HER MINISTER

### His Only Offense Was In Being Too Conciliatory—He Has Sailed for the Father Land.

New York, Oct. 22.—Distrust of Germany's attitude in China has been revived as a result of information received here showing the hostility of the Berlin government to a policy of conciliation in the settlement of the far Eastern question, says a Washington correspondent of the Herald. It is learned that the recall of Baron Speck von Sternberg, the charge d'affaires, was due to his efforts to smooth the road looking to a prompt, peaceful solution of the Chinese trouble. Baron von Sternberg returned to Berlin on the steamer Deutschland. Among the friends of Baron von Sternberg in the official circles here deep surprise was felt when the news of his removal from Washington was first noised about. His relations with the administration were of the most cordial character, and the officials generally conceded that he was doing much to make a satisfactory solution in China possible. Exact details as to Baron von Sternberg's recall are impossible to obtain, as none of the officials of the German embassy will talk about the matter, and the state department does not seem to be fully advised on the subject. It is known, however, that Baron von Sternberg, while endeavoring to carry out the several instructions he had received, presented proposals to this government in a more conciliatory fashion than the Berlin authorities had contemplated. Being on the ground, Baron von Sternberg appreciated that it would be advisable in the interest of harmonious relations between both governments for him to be less positive than his instructions required. Officials here are very deeply grieved over Baron von Sternberg's recall, as they say he has certainly aided in preserving good relations between the two powers. It is pointed out that if he had acted in an offensive manner the answers made to the German notes would not have been different from those given. Undoubtedly Germany was greatly chagrined by the refusal of the United States to accede to its proposition to make the surrender of the Chinese guilty of outrages precedent to negotiations, inasmuch as the attitude of this government made the rejection of the proposal certain. It was probably this feeling that had much to do with Baron von Sternberg's recall. Baron von Sternberg was instrumental in allaying much of the suspicion which existed here regarding the purposes of Germany in China, but his recall for the reason understood here, indicates that the Berlin government would have preferred developments which would have delayed an early settlement. An official recently recalled that Baron von Sternberg was largely responsible for the satisfactory solution of the Samoan imbroglio; that this was due to the virtual withdrawal by this government from any claims to the Caroline islands it must have possessed growing out of the war with Spain, and generally that he had worked earnestly for the improvement of the good relations between the two countries.

### Miners Hopeful of a Settlement.

Wilkesbarre, Pa., Oct. 22.—The Lehigh Valley and individual companies in the Wyoming valley posted notices today, in which they invite their employes to return to work at a 10 per cent increase in wages, the same to hold good until April 1, 1901. Up to noon, none of the companies posting the notices had received any applications for work. The stumbling block now is the powder question. At a strike headquarters the opinion prevails that some way will be found out of the difficulty.

### Negro Murderer Lynched.

Plaquemine, La., Oct. 22.—Milroy Johnson, a negro, who shot and dangerously wounded Conductor Will Jordan, of the Texas & Pacific road, Wednesday night, near Baton Rouge, was lynched at 2 o'clock this morning. Johnson had been incarcerated temporarily at the state capital. Last night the sheriff attempted to take him to the jail at Port Allen. A determined body of men overpowered the officers and securing the prisoner, hanged him.

### Fever Spreading in Havana.

Havana, Oct. 20.—Yellow fever is increasing here. It is said that there is no block in the city but has contributed to one to 17 cases. If there is no improvement, there will soon be an exodus from here. Frank W. Hayes, the general manager of the Havana branch of the North American Trust Company, who is suffering from yellow fever, is very low, and Mrs. Hayes has been isolated with him.

### William L. Wilson, Postmaster-General under Cleveland, is dead at Lexington, Va.

None has had its first fall of snow.

### Bank Dynamited.

Nevada, Mo., Oct. 22.—The Farmers' bank was entered by three masked men before daylight. They dynamited the safe, blowing it into many pieces and secured about \$3,000, the entire contents, it is stated. Constable William Maron, who heard the explosion, fired into the darkness to alarm the town. The robbers returned the fire, killing Maron instantly. Sheriff Ewing, with a posse and bloodhounds, soon after started in pursuit of the robbers.

## TENEMENT HOUSE FIRE.

### Eight Persons Perished in a New York Conflagration.

New York, Oct. 20.—Eight people were either burned to death or suffocated in a fire which partially destroyed the three-story and attic frame double tenement house, 45 and 45 1/2 Heater street, early today. The dead are: Sarah Sass, 36 years old; Samuel Sass, 13; Lena Sass, 9; Morris Sass, 2; Mrs. Horowitz, 46; Rosa Lewis, 52; Mendel Strauss, 60; Samuel Strauss, 20.

Mary Murray, aged 40, was severely burned about the back and was taken to a hospital. The fire was discovered shortly after 1:30 o'clock by the janitor of the building. He ran out into the hall to find it ablaze. He shouts aroused the others in the house, but the flames had already gained fierce headway and few had time to save themselves by the stairs. On the third floor of No. 47 lived Charles Sass, his wife and four children, his mother-in-law and Mrs. Horowitz. Sass took the child nearest at hand and rushed to the fire escape. He managed to get down to the balcony in front of the building on the second floor, and supposed that his wife and others were awaiting him. Mrs. Horowitz was the only one who followed him, however. She took the child from his arms when she saw their escape cut off, and cried to a policeman below to catch it. The policeman caught the child safely and shouted to the woman to drop. Sass had already dropped to the ground. Mrs. Horowitz was about to drop, when flames suddenly burst through an awning on the first floor with such fury that she was driven back again to the wall and her only escape was cut off. Flames burst out at the same time from the window behind her and from the floor of the balcony under her feet. On the balcony only a few feet above the ground, but hedged in on all sides by flames, she was burned to death before the eyes of the terrified crowd gathered in the street.

Mrs. Sass, with little Morris, had been unable to get further than the window, when they were both overcome by smoke and perished. Lena Sass ran into the hallway and was caught by the flames there and died. Samuel Sass and Miss Rose Lewis perished together. Their bodies were found in the hallway, the lad's arm still clasped about the aged woman's waist, as though he had died while trying to drag her out. The front room in the attic was occupied by Mendel Strauss and his son Samuel. Both were suffocated. Mary Murray and Mary Martin, scrubwomen, who lived in an apartment back of the Strauss', started down the rear stairway, reaching the ground in safety. On the stairs, the Martin woman's dress caught fire, but the flames were beaten out by Mrs. Murray, who was slightly burned in the back. The loss by fire is estimated at \$6,000.

### DOWIE MEETING BROKEN UP.

London Students Drive the Zionist From His Hall.

London, Oct. 20.—Bands of medical students this afternoon attended the meeting held by John Alexander Dowie, the Zionist, of Chicago. Groups of students formed in all parts of the hall, of belated interruptions and jeered in chorus. Dowie violently denounced the disturbers and sent for the police. The latter entered the hall during the uproar and arrested the students, which restored order. Further disagreeable scenes took place this evening. A body of students tried to rush the platform. They threw chairs at Dowie, who called upon the police and fled by a side door. The police fought their way in and endeavored to expel the rioters, arresting a number. Fighting was then resumed, sticks and chairs being used as weapons. The students tried to rescue those under arrest. Ultimately more police were summoned and the hall was cleared. Tomorrow the ringleaders will be arraigned at the police court, and the committee of St. Martinstown hall, where Mr. Dowie's meetings have been held, will consult with a representative of Scotland yard as to the advisability of allowing further meetings.

### French Emigrants Held.

New York, Oct. 23.—The entire list of steerage passengers of the French liner La Bretagne, 716 in number, were held up on the registry floor of the burgo office today because it was claimed that a majority of the names were improperly manifested. No such hold-up of immigrants at the landing bureau of this port has occurred in years, if ever before. The emigrants would have been sent back to the ship had not the agent of the French line appeared in the afternoon and supplied a bond of \$5,000 as a guarantee that the fines for all emigrants improperly manifested will be paid.

### Mexican Town Swept Away.

El Paso, Texas, Oct. 22.—The town of Gandalope, Mexico, in the Rio Grande basin, 40 miles below El Paso, was swept away by a coudburst Wednesday night. The 400 villagers lost everything they possessed. An old man and two children, besides many goats, cattle, horses and fowls were lost.

### Opera House Burned.

Paduach, Ky., Oct. 23.—A fire broke out in Morton's opera house this morning at 1:20 o'clock and gained such headway before it was discovered that the building was doomed before the fire company could reach the scene. The largest dry goods store in the city, owned by L. B. Ogilvie & Company, occupying the ground floor of the building, was destroyed, as well as many offices and smaller stores. The aggregate loss is estimated at \$300,000.

## THE STRIKE SITUATION

### President Mitchell Tells the Strikers' Side.

### NOT TREATED CONSIDERATELY

### Men Do Not Want the Powder Concession Counted as Part of the 10 Per Cent Advance.

Hazleton, Pa., Oct. 23.—When President Mitchell, of the United Mine-workers, was asked what he had to say in regard to a settlement of the miners' strike, he said: "As there appears to be some disposition on the part of the public to place the responsibility of the prolongation of the strike on the shoulders of the mine-workers, speaking for them I want to say that when the Scranton convention accepted the 10 per cent increase in wages providing the operators abolished the sliding scale and guaranteed the payment of the advance in wages until April 1, the miners had met the operators more than half way. They had shown a conciliatory spirit, and I know of no good reason why the proposition should not have been accepted by the operators. As a consequence, the responsibility for the continuance of the strike rests solely upon the failure of the operators to treat the proposition of their employes considerately. The public should understand that unsatisfactory as is the proposition of the operators, who make the reduction in the price of powder apart of the advance of 10 per cent, that even this proposition has not been offered by a very large number of the coal-producing companies in the anthracite region, and until all companies guarantee the payment of the 10 per cent advance above the rate of wages paid in September until April 1, according to a decision of the Scranton convention, the miners are powerless to act."

"I want to repeat again that there can be no partial sectional settlement of this strike. The large companies in the Lehigh region that have refused to move at all since the Scranton convention was held are Cox & Co., the largest coal producers in the Lehigh region; G. B. Markle & Co., the Lehigh Coal and Navigation Company and a large number of smaller companies. There is also a considerable number of coal companies in the Lackawanna and Wyoming regions that have not guaranteed the payment of the 10 per cent advance until April 1. The only district that has accepted the terms of the Scranton convention in full is No. 9, better known as the Schuylkill district. Companies which produce about 65 per cent of a total production of the anthracite coal fields have guaranteed the payment of the 10 per cent advance and have abolished the sliding scale."

When Mr. Mitchell was asked what he would do if all the companies were to post notices, he said: "When all the companies have posted notices then I will have something to say." When it was suggested to him that there might be a break in the ranks of the strikers if the contest was to continue much longer, he said that not one man would go back to the mines until they are officially notified to return.

### Two Hundred Indians Starving.

Vancouver, B. C., Oct. 23.—A special from Agassiz, B. C., tonight says that 200 Indians are starving at Pemberton Meadows, 150 miles north of Agassiz. An Indian rider brought news today that 50 Indian families are dying and that it is doubtful if supplies can be sent to them quickly enough to save their lives. They have caught no salmon this season, their potato crop has failed and their stock has been drowned by floods. Recent heavy rains have caused the Harrison river to overflow its banks and the whole country is said to be flooded. Conditions are said to be worse now than during the disastrous floods of 1894, when the district was under six feet of water. Supplies are being rushed from Vancouver to the starving Indians.

### French Emigrants Held.

## POPULATION OF ARIZONA

### Census Figures Show Increase of Per Cent in Ten Years.

Washington, Oct. 22.—The census bureau today made public the results of the population for the territory of Arizona. The population of the territory in 1900 is 122,312, as compared with 59,620 in 1890. This shows an increase during the decade of 62.7 or 104.9 per cent. This large increase is due in part to the fact that there were 28,450 Indians and 164 other persons, or a total of 28,614 others on Indian reservations, etc., in Arizona who were enumerated in 1890 and the provisions of the census act, were not included in the general population of the territory in that census. The population of the territory in 1870 was 9,658, and during the 10 years from 1870 to 1880 it increased 50.7 or 318.7 per cent, giving a population in 1880 of 40,440. The population in 1890, as stated in the report for the census, was 59,620, representing an increase during the decade of 49.1 or 49.4 per cent.

The population of Arizona in 1900 is more than 12 times as large as the population given for 1870 in the first census taken after its organization as a territory in 1863. The total land surface of Arizona is approximately 112,000 square miles, the average number of persons to a square mile at the census of 1890, 1900 being as follows: 1890, 1.0; 1900, 1.1.

## PHILIPPINE NAVAL STATION

### Subig Bay Is Not Considered a Suitable Place.

Washington, Oct. 22.—Reports which have reached the navy department as to the effect that Subig bay in the Philippines, is not a suitable place for locating an extensive naval station, cooling station or navy yard, owing to the limited depth of the water. Naval opinion has been divided for some time as to the relative merits of Manila bay and Subig bay. The Spanish government spent large sums on Subig bay and it was thought to offer facilities superior to those of Manila bay for a permanent naval headquarters. An inquiry as to the merits of this and several other points was instituted some time ago and reports forwarded through the command of the Asiatic station were favorable to Subig bay, holding that it has disadvantages similar to those against Manila bay. Several points are suggested as offering sites for stations or yards, including Ilo Ilo and Olongapo. Naval Constructor Hobson has taken a different view, however, and has presented a plan for an extensive naval establishment on Subig bay. In view of the differences of opinion it is probable that a naval board will be called upon to pass upon the several points and select the one most available for a station.

## POLITICAL UPHEAVAL

### Caused by the Necessity for a Strong Foreign Policy.

Yokohama, Oct. 22.—The resignation of the Japanese cabinet and the probable coming into power of Marquis Ito is the theme of the hour. The change came as a surprise, although it was deemed inevitable in the near future. It was, doubtless, caused by no means yet got his new proper trim for harmonious and successful work. Although the latter well organized, it is made up of incongruous and warring elements and early trouble is predicted for especially in view of a distribution of the offices before it is brought under any sort of discipline.

The ostensible cause of the political upheaval in politics here is doubtless the necessity which has arisen for more decided and strenuous foreign policy in view of the situation in China. It is generally felt that Japan has thus far kept herself too much in the background in the negotiations progressing on the neighboring continent and that the time has come for her to assert herself, her geographical position, her eminent services in recent rescue of the legations, above all, her superior knowledge of what can and ought to be done in China, all entitling her word and counsel to be held to be of greater value than that of any other nation. Her quis Ito is the only man to whom the country can turn in this emergency, as has been the case for many years past whenever an important crisis has arisen. A significant feature of the present case is to be found in the fact that the Marquis is now credited with strong pro-Russian tendencies.

## Verdict for Heavy Damages.

New York, Oct. 22.—Mrs. Elizabeth Rhoades has obtained a verdict in supreme court for \$37,000, in her suit by her as administratrix of her husband, George B. Rhoades, against Metropolitan Street Railway Company. This is the largest verdict rendered against a surface railroad in this city for many years. Mrs. Rhoades claimed \$50,000 damages. Her husband was killed on July 10, 1899, run down by a car belonging to the defendant company and died a few hours later. It is in connection with the death of Captain Rhoades that Policeman Thomas O'Brien was sent to Sing Sing prison. He was convicted of stealing the captain's watch which had been taken from the injured man.

## An Indiana Tragedy.

Columbus, Ind., Oct. 22.—At Waymansville, Ind., 15 miles south of here, Dr. Conda Beck, late this afternoon shot and killed William Barton because Barton objected to Beck keeping company with his daughter. Two years ago Beck killed Miss George Cohee, because she refused to marry him. Beck was acquitted of the crime. The tragedy caused a tremendous sensation. Beck at latest accounts was still at large.
