Official Settlement of Trouble by Union Officials.

FEW OPEPATORS FAIL TO COMPLY

At Such Mines the Strike Will Centinus Until the Employes Are Granted Their Demands.

Hazleton, Pa., Oct. 28,-The follow ing statement was given out for publication tonight by President Mitchell. of the United Mineworkers:

Temporary Heaqduarters, United Mineworkers of America, Hazleton, Pa., October 27, 1900 .- To the miners and mineworkers of the authracite region: Gentlemen-After carefully canvassing the entire strike situation, we, your officers, district and national have concluded that your victory is so nearly complete that no good end can be served by continuing the strike longer. The contest has been in pregress for 39 days, and the companies employing you have, with few excep tions, signified their willingness to pay the scale of wages formulated by the Scranton convention of October 12 and

"We are aware that some disappoint ment and dissatisfaction has been caused by the failure of the operators in districts 1 and 7 to separate the reduction in the price of powder from the advance in wages, but after careful inquiry we are satisfied that each mineemploye will actually receive an advance of 10 per cent on the wages formerly paid. In the Schuylkill and Leigh regions the largest companies have agreed that the sliding scale should be suspended and that wages should remain stationary at 10 per cent until April 1, 1991, thus removing one of the iniquities of which you have complained for many years.

"While it is true that you have not secured redress for all your wrongs; while it is true that the increase in your earnings will not fully compensate you for the arduous labor you are compelled to perform, you have established a perfect organization, which, if maintained and conducted on business principles, will enable you to regulate many of your local grievances and make your employment less hazardous and more profitable than before the strike

"The companies agree in their notices to take up with their mine employes all grievances complained or. would, therefore, advise that when work is resumed committees be selected by the mine employes and that they wait upon the superintendents of the companies and present their grievances in an orderly, business-like manner, and ask that they be corrected.

"Your attention is respectfully called to the fact that the laws of the The United States is holding back state of Pennsylvania provide that miners should be paid semi-monthly upon demand. We should, therefore, advise that each mine employe serve notice on the companies that he expects to be paid his wages twice each month, as provided by law.

There are necessity of maintaining your union in- several officers and a number of enlistwho are now members of the union will be unceasing in their efforts to induce all mineworkers to ally themselves with the United Mineworkers of America at once, as it will be impossible for you to secure your wages in the future or even maintain the present rate of wages unless you are prepared to offer a united resistance it any attempt is made to reduce your earnings upon the expiration of the present

The address is signed by the national and district officers of the United Mineworkers of America.

Dodson & Co., operating the Beaver Brook colliery, posted a notice today complying with the demands of the Scranton convention. The company also operates the Morea and William colleries, in Schuylkill county.

State Boundary Line Wrong.

Montgomery, Ala., Oct. 28.-Secretary of State McDavid has taken the first step toward annexing West Florida to Alabama. In his annual report to the government the secretary of state says Alabama runs a mile farther south on the eastern boundary than the tract books have hitherto shown, and that nite sentence in prison. A stay of exewhich his office records failed to show ble the defense to prepare a bill of exit owned running 100 miles along the southern end of the state.

St. Thomas, D. W. I., Oct. 27 .- Intense adverse feeling has been excited here by the renewal of the report that Denmark intends to sell the Danish Antilles to the United States. DAWSON CITY CONDITIONS.

A Thriving Metropolitan Town in Place of Mining Village.

Washington, Oct. 27 .- An interesting report upon the conditions in Dawson City and the Yukon district of Alaska has been furnished to the state department by United States Consul McCook.

"Dawson today," he says, "presents a marked contrast to the Dawson of 1898. Then no one, except possibly the judges on the bench, wore a white shirt. The town was througed with miners, pack on back, prospecting for gold. The streets were veritable mud-Now people dress much as they do in the cities of the United States. A man with a pack on his back is an unusual sight, and one can walk the town over with polished shoes and not have them soiled."

Dawson City does not appear like a mining town, states Consul McCook, but rather a thriving commercial center. It is crowded just now, for more brigade between Heidelberg and Greycome in than go out. Electric railways are promised by 1901, and public ing up the rails in front and behind schools have been opened and are well

The government at Ottawa, it is reported, will offer for sale at public auction in Dawson every claim that has reverted to it by lapse or otherwise, and 30 days after the time of sale all claims not sold will be declared open for location.

The output of gold has been increasing, says the consul, in spite of the fact that the average values of the gravels worked have been steadily declining, the richest mines having been worked first. But meantime the cost of working has decreased, and enables properties to be profitably worked now that would not have yielded gains two years There should be a continued output of from \$15,000,000 to \$26,000,000 worth of gold annually for many years to come, according to Consul McCook, if the expenses of working are further reduced.

Valuable placer claims are reported to have been located in the Stewart river mining district, about 100 miles from Dawson, and a stampede has followed to the scene of the finds.

EXPLOSION AT INDIAN HEAD Bad Accident Believed to Have Oc

curred at Proving Grounds. Washington, Oct. 27 .- An explosion occurred at the Indian Head proving grounds about 11 o'clock tonight. A flash of light, visible some distance, accompanied the explosion which was followed by a fire. The explosion shook the windows of houses in Alexandria, 19 miles from Indian Head. There is no direct communication with the proving grounds by which details can be had tonight. The grounds are 25 miles down the Potomac river from Washington, and many of the big guns and much of the armor for the battle-

ships are tested there. It is believed the powder mills and other mills were destroyed. The first shock was felt over a radius of 20 miles. A number of other explosions followed at intervals, illuminating the surrounding country and the opposite bank of the river. At Quantico, 11 miles below Indian Head, one explosion after another was heard, and bricks were shaken from chimneys. "The practical benefits to the miners Forts Hull and Washington, 11 miles

The Patterson Murder.

Patterson, N. J., Oct. 28.-Sculthorpe, the man who drove the cab in which Jennie Rosschieter, the young silk mill employe, died last Thursday night, said today that a woman whose name he does not know was in the saloon at the time the girl's drink was drugged. This woman, he says, helped Kerr, McAllister, Campbell and Death to put the girl into the cab, and stood by until the vehicle started away. The police are searching for this woman and also for the drug clerk who sold chloral to McAllister. He has disappeared, but it is thought he has not left Paterson. Scuthrope says he believes the unknown woman was a stranger in Paterson.

Philippine Transport Service. Washington, Oct. 28 .- Orders have been issued for the completion and reballl, assistant quartermaster of the pair of the transports Wright and Ingalls, at New York, in order to utilize that 2,000 recruits will leave for the them in the Philippine service. They were purchased during the Spanish war, and were used for the transportation of troops and freight between the United States and the West Indies. Lately their services have been confined to cruising the waters of Tampa and Porto Rico. They are too small for use as regular troopships between the United States and the Philippines, but are well adapted for cruising in the Philippines.

have captured Jacobsdal, southwest of Kimberley, after a stubborn resistance on the part of the garrison, which consisted of a detachment of Cape Town highlanders. The latter suffered severely, losing 34 out of 52 men. Hans Botha has cut off a train with a reconnoitering party of the Highland

lingstad, in the Transvaal colour, tearthe train. In the right which followed two captains and eight men were wounded and all were captured. London, Oct. 29 .- It now appears that Jacobsdal was not captured by

the Boers. Advices received from Cape Town shortly after midnight say: "Later news from Jacobsdal shows that 200 Boers unsuccessfully attacked a garrison. The Highlanders had 14 killed and 20 wounded,"

It is reported here as a curious coincidence that the news should be received concurrently with the expected arrival home from South Africa of the City Imperial volunteers, as Jacobsdal was the scene of the latter's first fight. The town was captured by these volun teers February 15.

RIOTING NEAR MONTREAL.

Clash Between Militin and Strikers-Many Were Hurt.

Montreal, Oct. 29 .- Over a score were wounded, one fatally, in a conflict between militia and strikers a Valley Field, Quebec, today,

Two hundred men employed by the Montreal Cotton Company on the foundations of a new mill, went out on strike yesterday, demanding an inrease of 25 cents a day in their pay, The company refused to deal with the union. The strikers prevented the company from shipping goods and today held up the company's coal pile The local police were powerless. The company had to have coal or shu down. Consequently a message was sent to Montreal asking for military assistance. It arrived at Valley Field at 4:30 o'clock this afternoon and consisted of two companies of the Royal Scots. The embargo on the coal pile was promptly raised.

At dusk a hig crowd, composed of strikers and their sympathizers, gathered and there was every evidence of trouble. About 8:30 the mob gathered near the Empire mill and began throwing stones through the windows and otherwise destroying property. Tift troops charged the mob with fixed bayonets. They were driven back. Eight of their number were wounded, two of them seriously. The strikers had 15 men injured, one fatally. Reinforcements were then asked from Montreal and 300 men with medical assistance, left, expecting to arrive at Valley Field about 2 A. M.

Kruge's Plans.

Paris, Oct. 29.-Dr. Leyds, Transvani agent was questioned today with bruised with grief. Therefore, wah plans of ex-President

Kruger. He said: "Most of the stories published on pire." the subject are imaginary. Mr. Kruger will land at Marseilles, and I shal) go to meet him. It is not true that I have seen M. Delcasse, French minister of foreign affairs, or that I am in any way arranging a reception which will be entirely in the hands of the French themselves. Nothing has been definitely decided as to the details of Kruger's stay in Europe. But Mr. Kruger is an old man and not accustomed to a cold climate, so it is likely he will sojourn in the neighborhood of Nice for the Wwinter.

Annexation of the Transvant.

Pretoria, Oct. 29.—The Transvaal ras tuday proclaimed a part of the Coal Company, exploded early British empire, the proclamation being attended with impressive cereomnies.
