

A VILLAGE BLACKSMITH SAVED HIS LITTLE SON'S LIFE.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Bessons Drug Co., Cottage Grove, Lyons & Applegate, Drain Druggists.

NOTICE FOR PUBLICATION.

Land Office at Roseburg, Oregon, October 22, 1900. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before Joel Ware, U. S. Commissioner, at Eugene, Lane County, Oregon, on December 1, 1900, viz: Ellen Thompson, formerly Ellen White, on H. E. No. 8640, for the NW 1/4 NW 1/4 Sec. 12, T. 29 S., R. 4, W. 2. She names the following witnesses to prove her continuous residence upon and cultivation of said land, viz: John Frost of Walker, Lane county, Oregon, Lawson Slagle, John Elliot, Al Kiledge, of Cottage Grove Oregon. J. T. BRIDGES, Register.

SIX FRIGHTFUL FAILURES.

Six terrible failures of six different doctors nearly sent Wm. H. Mullen of Lockland, O., to an early grave. All said he had a fatal lung trouble and that he must soon die. But he was urged to try Dr. King's New Discovery for Consumption. After taking five bottles he was entirely cured. It is positively guaranteed to cure all diseases of Throat, Chest and Lungs, including Coughs, Colds, La Grippe, Pneumonia, Bronchitis, Asthma, Hay Fever, Croup, Whooping Cough, etc. and \$1.00. Trial bottles free at Bessons Drug Co. Drug Store.

BRAVE EXPLORERS.

Like Stanley and Livingstone, found it harder to overcome Malaria, Fever and Ague, and Typhoid disease germs than savage cannibals; but thousands have found that Electric Bitters is a wonderful cure for all malarial diseases. If you have chills with fever, aches in back of neck and head, and tired, worn-out feeling, a trial will convince you of their merit. W. A. Nail of Webb, Ill., writes: "My children suffered for more than a year with chills and fever; then two bottles of Electric Bitters cured them. Only 50c. Try them. Guaranteed. Sold by Bessons Drug Co., Druggist.

EDITOR SEES WONDERS.

Editor W. V. Barry of Lexington, Tenn., in exploring Mammoth Cave, contracted a severe case of Piles. His quick cure through using Bucklen's Arnica Salve convinced him it is another world's wonder. Cures Piles, Injuries, Inflammation, and all Bodily Eruptions. Only 25c at Bessons Drug Co.

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner of Dumpsytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at Bessons Drug Co., Drug Store.

SENT FREE.

So sure are we that the locating of a few of our Electric Belts will develop into numerous sales of our Belts and Appliances, that we are willing to send one free to any sufferer from the following diseases: Cold extremities, Crystocele, Female weakness, Kidney complaint, Leucorrhoea, Liver complaint, Paralysis, Lost vitality, Nervous debility, Self abuse, Nervous women, Sciatica, Weak and Worn-out women, Irregular menstruation, Impotency, Rheumatism, Diminutive Shrunken and Undeveloped Sexual organs, and Catarrh. Address for illustrated circular, etc., Sanitarium City Electrical Co., Battle Creek, Michigan.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lumbago and rheumatism, Pain Balm is unequalled. Try it. For sale by Bessons Drug Co., Cottage Grove, Lyons & Applegate, Drain Druggist.

We have on hand a large stock of kiln-dried flooring, ceiling and rustic in grades 1, 2 and 3. Let us make you special prices.

LIFE-LONG TEST OF COWS AT THE MINNESOTA STATION.

We have frequently had occasion to refer to the average annual yield of butter from the dairy cows at the Minnesota State Farm, which is about 350 pounds per cow. This was when the herd was composed of aged cows. During the past ten years there has been building a new herd composed almost entirely of heifers. This will give an opportunity to note what changes will take place in the yield and quality of milk from the time a cow drops her first calf until she passes the breeding age. This is the reason for beginning a herd with heifers with first calf.

There are now complete records of twelve of the heifers, during the past lactation period and they range from 284.81 to 468.37 pounds of butter each, and averaged 320.49 pounds. The aim was to have them do light work while they are growing so they will develop into strong, vigorous, useful and long-lived cows, for they are to be an experiment during their life-time. And since some cows will remain profitable until they are from 15 to 20 years old, there is a long job before the experimenters. There are young cows now bred to come in early in the fall, and are stall-fed about 200 days during the winter, during which time they give about 200 pounds of butter each, which is sold for 25 cents a pound. They are in pasture about 165 days, when their butter sells for 20 cents. The cost of feed is not figured yet, but it will be about \$25 each, so after they are credited with the skim milk and calf their net earnings will be in the neighborhood of \$75 each, which is certainly giving a good account of themselves.—The Farmer.

The increase in the use of rape as a forage plant in the United States in the past five years has been phenomenal. At the present rate of increase in its use it will be but a few more years until no farmer who keeps sheep will fail to have a rape field for them to pasture on every fall. There is no other portion of the United States so favorable to the growth of the rape plant as Western Oregon and Western Washington, but it is proving valuable everywhere except in extremely hot and arid sections.—Oregon Agriculturist.

Cows are getting scarce in the east and a carload was recently sold in Chicago at \$47.50 per head. If it were not that great gain has been made within a few years in average yield by cows kept for dairy purposes, there would not be enough butter produced in the United States at the present time to supply the home demand. A great many farmers who a few years ago were engaged in dairying with cows more suitable for beef purposes have given up dairying since cattle have been high.—Oregon Agriculturist.

DIVIDE ITEMS.

Mr. DeSpain has sold his farm to Messrs Lea and Tucker and will move his family and household goods to Philomath this week. Miss Uleeda Briggs is visiting her mother Mrs Will Coffin. W S Miller went to Eugene last week and his son Tip went on a visit to the Coyote Creek country. James Miller is up from Saginaw to stay until after election. Dominigo Perini has been quite sick but is now recovering. The rock crusher and engine have been covered over and work has been suspended. It was announced that Rev. Burnett would preach here last Sunday. A large crowd gathered but the preacher failed to put in appearance.
