ARMY BILL PASSED

The House Disposed of It by a Party Vote.

MANY AMENDMENTS WERE ADOPTED

The Liveliest Fight Was Made on a Substitute Offered by Littlefield, of Maine, for the Canteen Provision.

Washington, Dec. 8.—The house today, at the end of a long session, passed the army reorganization bill by a vote of 166 to 133. Three Democrats, Hall (Pa.) and Underhill and Slayton (N. Y.), voted with the Republicans for the bill, and McCall (Rep. Mass.) with the Democrats against it. Otherwise it was a strict party vote.

The proposition to which some of the Democrats attempted to commit their side in caucus, an extension of the present temporary army until July 1, 1903, which was voted upon indirectly on a motion to recommit, commanded the votes of only about half the opposition and two Republicans, McCall and Mann (Ill.). Many of the Democrats, however, voted against the motion because they were opposed not only to the reorganization bill, but also continuing the temporary army at its present strength.

Quite a number of amendments were placed upon the bill before it was passed. The liveliest fight was made upon a substitute offered by Littlefield (Rep.), for the canteen section. The substitute absolutely prohibited the sale of intoxicants at military points.

Large delegations from the W. C. T. U., which is in session in this city, watched the fight from the gallery. When the vote was taken, the prohibition amendment was carried by an overwhelming majority—159 to 51. Bartholdt attempted to secure a record vote in the house, but the peculiar parliamentary statutes shut him out.

Among the amendments adopted were those providing for 50 volunteer surgeons and 150 assistant surgeons for service in the Philippines; for 30 dental surgeons and for a veterinary corps with actual rank. The officers of the pay corps were increased 11, and of the signal corps 23. The age limit was removed from volunteer officers eligible to appointment as first and second lieutenants, and the provision for retiring officers who served in the civil war on the next higher grade was stricken out.

In the Senate.

Washington, Dec. 8.—The ways and means committee voted to report the revenue reduction bill as introduced with an amendment making the act take effect on its passage instead of 30 days thereafter. There were but two absentees—Babcock (Rep.), and Robinson (Dem.). When the beer section was reached, fixing the rebate at 20 per cent instead of 7½ per cent, which makes the rate \$1.60 per barrel. Richardson, ranking member of the minority, moved a further reduction of all the increase made by the revenue act. The effect of this motion, if carried, would have been to make the rate \$1 per barrel. The motion was defeated by a party vote.

NOT A PEACE TREATY.

The Peking Agreement Only a Statement of the Powers' Terms.

Washington, Dec. 8.—All the ambassadors and nearly a majority of the ministers resident in Washington called upon Secretary Hay today, this being diplomatic day. In the case of the representatives of those powers interested in the Chinese question, it is understood there was some exchange on that subject respecting the latest developments in Peking.

There has been no word from Mr. Conger since the dispatch to him of his instructions to sign the agreement. It is assumed here that several days must elapse before the formal signatures of all the powers can be obtained to the agreement. Then it will be laid before Prince Ching and Li Hung Chang, who probably will be supplemented by the viceroys of Nankin and Han Kow, the latter, acting by telegraph, constituting the board of commissioners to represent the Chinese government.

This agreement in not a peace treaty in any sense of the term. It is nothing but a statement of the terms on which the powers will negotiate with China for a final settlement. It will be laid before the Chinese officials rather as a matter of form, for there is not the least doubt entertained that they will be obliged to accept its provisions. Still they may require a week or two for its consideration, and then the way will be cleared for the initiation of fresh negotiations at Peking between the ministers and the Chinese commissioners for a final settlement.

ROBBED OF \$4,700.

Western Lumber Company Held Up—Secured the Monthly Pay Roll.

Portland, Or., Dec. 7.—Five masked men, by the exercise of the coolest kind of nerve and daring, robbed the Western Lumber Company of \$4,728 shortly before 6 o'clock last evening. The deed was planned and executed with the most consummate skill. In a flash the men had entered the main office of the lumber company, at the foot of Seventeenth street, compelled all the employees to hold up their hands, dumped the till, containing the pay envelopes full of money into a gunny-sack, and vanished in the darkness and murky fog that admirably covered their retreat. The men had chosen their time well. It was the company's monthly payday. The men on the night crew had been almost entirely paid off. In a few minutes the rush of the day workers for their hard-earned coin would have commenced. Between two times of danger the masked robbers acted, and acted quietly and quickly.

FIGHT IN THE WOODS.

Small American Force Routed a Band of Filipinos—Sixteen Were Killed.

Manila, Dec. 7.—A dispatch has been received from General Funston giving an account of a two-hours' fight in the woods of Santo Domingo between an American force and 300 rebels commanded by Sandico. The American force, consisting of 30 native scouts, commanded by Lieutenant Joinigan, attacked the rebels, who retreated, leaving on the field 16 men killed, including the rebel leader Aular and an American negro. It was at first thought the latter was a man named Fagin, a deserter from the Twenty-fourth infantry, but this turned out to be a mistake. Not one of Joinigan's men was wounded.

STILL INDECISIVE.

General Kitchener's Report of Operations Against Guerrillas.

New York, Dec. 7.—A dispatch to the Tribune from London says:

Lord Kitchener's report of Knox's, Settle's and Paget's skirmishes show that the operations against the guerrillas under the system are still indecisive. While Dewet has been headed off in one direction he has doubled in another.

The text of Lord Roberts' farewell order to the army is eloquent enough to stir to enthusiasm today's leader writers. General Clery, who commanded a division under General Buller in the Ladysmith campaign, has returned to London, and is enjoying the hospitality of his Aldershot friends. AT THE POINT OF WAR

Strained Relations Between Holland and Portugal

THEY HAVE RECALLED THEIR MINISTERS

The Trouble Was Caused by Withdrawal of the Exequatur of the Dutch Consul at Lourenco Marques.

Lisbon, Dec. 10.—The minister of the Netherlands to Portugal and the Portuguese minister at The Hague have left their respective posts. It is believed that a difference has arisen on the subject of the exequatur to the Dutch consul at Lourenco Marques, which the Portuguese government has withdrawn.

The tension between Portugal and Holland appears to have been emphasized, perhaps not altogether unintentionally, by the peculiar warmth of King Charles' toast to Queen Victoria at the banquet given yesterday evening at the Royal Palace to Vice-Admiral Sir Harry Boldsworth Rawson, and the officers of the British fleet, now in the River Tagus, and by the telegram which the king afterwards dispatched to Queen Victoria, thanking her majesty for sending the fleet, and for the friendship thus demonstrated.

"I beg to record," telegraphed the king, "my great satisfaction at the frank and loyal alliance uniting England and Portugal."

In the course of his speech, when he toasted Queen Victoria, the king said among other things:

"England has often shared the efforts and glories of Portugal. Our mutual friendship and close alliance are strengthened by history and the blood shed together in causes which have always been just."

Admiral Rawson replied that the words of the king harmonized with the thoughts of the government and people of Great Britain.

Portuguese Minister Will Explain.

The Hague, Dec. 10.—While it is not denied that the minister of the Netherlands at Lisbon and the minister of Portugal here are temporarily leaving their posts, it is semi-officially declared that there is no question of the ministers being recalled. It is explained that Count De Selir, the Portuguese minister is proceeding to Lisbon on a few days' visit to explain verbally the difficulties which have arisen in connection with the Netherlands consul, Herr Pott, at Lourenco Marques.

Spaniards Accuse England.

Madrid, Dec. 10.—The Imparcial says it considers the rupture of relations between Holland and Portugal to be very serious. It adds that it was due to the intrigues of Great Britain, further asserting that Portugal is now under the tutelage of Lord Salisbury. Observers think that the speech and telegram constitute an intimation to the world that Portugal can count on strong support if necessary.

THE CORONER'S VERDICT.

Holds No One Responsible for San Francisco's Thanksgiving Day Accident.

San Francisco, Dec. 10.—The coroner's jury, inquiring into the causes of the Thanksgiving day disaster, in which 22 lives were lost by the collapse of the San Francisco & Pacific Glass Works during the progress of the Stanford-Berkeley football game, has returned the following verdict in the case of each victim of the accident:

"That the accident was caused by the breaking of the ventilator of the roof over the furnace in the house of the San Francisco & Pacific Glass Works at the corner of Fifteenth and Folsom streets on the afternoon of November 29; further, that he had no business there and was there against the orders and temporary resistance on the part of the superintendent of said works, and further, that no one can be held responsible for his death other than himself and that death was accidental."

Territory for the Canal.

Chicago, Dec. 10.—A special to the Record from Washington says: Nicaragua and Costa Rica have announced their willingness to grant a lease to the United States for a period of 200 years of the territory necessary for the construction of the projected Nicaragua canal. The terms are regarded as moderate. It is understood that Nicaragua and Costa Rica will accept bonds, the value of those to be accepted by the former government to be less than \$6,000,000 and by the latter to be less than \$1,500,000.

Oxnard Married a Maid.

New York, Dec. 10.—The World says: "On the Deutschland, which arrived here yesterday, were Henry T. Oxnard, of San Francisco, president of the two American beet-sugar associations, and his bride, formerly Miss Marie Pichon, maid of Mr. Oxnard's sister-in-law, Mrs. Robert Oxnard. They were married in Paris November 15, but the marriage was not announced until the Deutschland's arrival."

KRUGER IN HOLLAND.

Enthusiastic Greeting to the Ex-President the People of The Hague.

The Hague, Dec. 10.—At the opening of the second chamber today, president, J. G. Glöckman, said: "President Kruger arrives here today. He will take up his residence here. I take the occasion to propose that the chamber authorize me to welcome, in its name, the ex-president of our country and offer him an expression of our cordial sympathy."

The proposal was adopted and cheers and bravos.

Mr. Kruger arrived here today and was greeted at the station by the governor and minister. A choir of 600 men and girls chanted Psalm verses 6, 7 and 11. The ex-president and his suite then retired to the royal waiting-room, where the burgomasters warmly welcomed them in a brief speech. Then followed Dr. Spil, president of the local South African Association, assuring Mr. Kruger of a deep sympathy of the entire Dutch nation, "who had," he said, "so greatly though vainly hoped that the powers who recently assembled at a peace conference would not have permitted that in South Africa the rights of nations, the right of war and civil law should be trampled under foot, a little nation be sacrificed in an unequal combat in defense of its existence."

The address, after a long eulogy to the heroism of the Boers, proceeded to liken Mr. Kruger to William the Silent, who sacrificed everything for the welfare of his people, and concluded: "May your reliance on the Almighty be similar to that of the Prince of Orange support you, Mr. President, in your arduous fight for right and liberty, may the liberty of your nation and your courage. Then will Great Britain have learned the lesson of dangerous it is to attempt to threaten the independence of a free nation."

KENTUCKY FIEND CAPTURED

Man Who Tortured His Stepdaughter Safe Jail—No Indications of Violence.

Mayville, Ky., Dec. 10.—William Gibson, the man who is charged with fiendishly torturing to death with red-hot iron his helpless 2-year-old stepdaughter, at Cattleburg, Ky. two weeks ago, is safely in jail here. In an interview tonight he denied everything as to his guilt. At different times during the interview he would laugh idiotically. When asked why he fled, if innocent, he replied: "Well, you see, this thing was lured about and made so much of that the people got excited, and you know how the people are when they get excited."

He said he had slept in ravines in a bush for the last two weeks. His intellect seems somewhat blurred at times his stupidity was very perceptible. Everything is quiet here at night and there are no indications of mob violence.

TELEGRAPHERS' STRIKE.

A Walk-Out on the Gulf, Colorado & Santa Fe Road—Ten Hours Rest Wanted.

Houston, Tex., Dec. 10.—The telegraphers belonging to the Order Railway Telegraphers on the Gulf, Colorado & Santa Fe road, extending from Galveston to Purcell, I. The strike has been expected for some time. A committee of telegraphers went to Galveston to hold a conference with General Manager Polk, to whom they represented the grievances.
