STOLE MAIL POUCH

Michigan Robbers Secured Over \$100,000.

REMARKABLE CASE OF CARELESSNESS

Station Agent Left the Sacks Unguarded Over Night in the Public Waiting Room—Letters Strawn Along the Track.

Detroit, Dec. 31.—A mail pouch containing \$100,000 in negotiable paper and an unknown amount of money was stolen from the Michigan Central passenger station at Wyandotte, Mich., some time last night. The last mail for Wyandotte arrives at 10:28 on the Michigan Central, and owing to the lateness of the hour it is left at the station until morning. When the two mail sacks were thrown from the train last night, Night Operator Richert threw the pouches under a seat in the corner of the waiting room. He then went to his home in Detroit. Today when Mail Carrier John McCleary came to the station for the mail sacks he missed one. About the same time George Bessy, a driver of an oil wagon, reported at the station that a pouch, ripped open and empty, was behind an oil tank a short distance from the station. At about the same time two employees of the J. B. Ford Alkali works found a number of checks and opened envelopes strewn along the railroad track. Postmaster Johnson, of Wyandotte, was notified and went at once to the scene. The trail of the thief was marked along the railroad track by strewn letters, checks and drafts. Most of the mail was intended for the J. G. Ford Company, and a force of clerks was sent out to collect the letters strewn along the track. J. B. Ford, Jr., said he expected a draft today from New York for \$40,000. The draft did not come, and it is believed that the robber or robbers took it, with other valuable papers, from the pouch.

London, Dec. 31.—There has been a recurrence of storms and violent gales in the channel, and considerable damage has been wrought ashore. Telegraph lines are down in many places. Vessels are seeking shelter in the harbors, and a number of wrecks have been announced. The gale is so furious in the channel that the Continental services were suspended this evening.

Wales is said to have suffered the worst effect of the gale, both on land and sea, but everywhere the telegraph wires are much disorganized, and reports are therefore incomplete. Considerable damage to property inland is certain to be reported. Some 50 barges and sailing craft broke from their moorings in the Thames alone. At Oswestry a theater was destroyed.

The hurricane is increasing at Queenstown, where the observers say it is the fiercest storm in years. The Maria, laden with coal, sank at her anchorage. The mails are delayed.

In response to rockets from Eddystone light, Plymouth sent a dockyard tug with a lifeboat to assist what was reported to be a large steamer in distress in the channel.

Incessant reports of innumerable shipping casualties show that the gale was one of the worst known in many years. Probably several days will elapse before the full damage becomes known.

In addition to some vessels not yet identified, several have been wrecked or placed in great danger, the fate of some of the cross-channel steamers being in doubt. For instance, the Great Western Railway Company's steamer, plying between Milford and Waterford, is 12 hours overdue, and no tidings of her have been received. It would be impossible to enumerate all the minor casualties.

Washington, Dec. 28.—Robert H. Wilcox, delegate in the house of representatives from the Hawaiian islands, has just been paid a claim of \$1,000 for mileage. It was the largest claim of the kind ever made, but it was paid promptly by the sergeant-at-arms of the house. Every congressman is entitled to mileage at the rate of 20 cents per mile, "by the most direct and practicable route from his home to Washington and return." The distance between Honolulu and Washington is figured at 5,000 miles. Mr. Wilcox will draw \$500 more for his return trip.

Aberdeen, Wash., Dec. 28.—L. D. Savage, stenographer in the office of City Attorney J. C. Cross, yesterday avindled many business men by inducing them to cash worthless checks in sums ranging from \$15 to \$40. Savage made out the checks payable to himself. He had but little trouble in getting them cashed.

Lakeview, Or., Dec. 28.—Bob Oglesby, driver of the Lakeview-Paisley stage, was arrested tonight by Postmaster Wilcox for the robbery of that stage December 21. Money that he took from the mail has been identified.

London, Dec. 28.—The brother of Andree, the missing aeronaut, says a dispatch from Copenhagen to the Daily Mail, despairing of his return from the Arctic regions, has finally opened his will.

London, Dec. 28.—It is asserted in Shanghai, according to a dispatch to the Times, that Cheng, is going to Peking, having been appointed to assist in the negotiations.

KITCHENER'S TASK.

Unable Yet to Drive Boers From Cape Colony—Disturbed Area Growing.

London, Dec. 28.—The paucity and obscurity of the dispatches from South Africa give rise to renewed anxiety. Apparently the disturbed area of Cape Colony extends further south than it did last December, and Lord Kitchener does not appear to have much success as yet in driving back the invaders.

The war office had received no news last evening of the reported capture of yeomanry near Bristown.

A Burghesdorp dispatch had a mysterious reference to an "unfortunate mistaking of the enemy for Ibrahim's Horse, which resulted in the sounding of 'cease firing' and enabled the Boers to occupy the commanding positions, the British retiring from a difficult predicament."

General Clements' success against the Boers in the Magalies Berg region is also doubtful, the last dispatch reporting that "it was considered advisable not to force the Boers from their position."

The British press continues in the main optimistic, but the condition of affairs brings home the enormous difficulties that will face Lord Kitchener in patrolling and policing such immense tracts of country, even when the Boers shall be finally subdued. The Daily Mail, which makes a strong appeal to the government to "face the facts and send Lord Kitchener more troops," says: "There is a real risk in being lulled to sleep by carefully censored messages."

Lord Kitchener, according to a dispatch from Johannesburg, has issued a proclamation, dated Pretoria, December 20, announcing that burghers who voluntarily surrender will be allowed to live with their families in the government laagers until such time as guerilla warfare has sufficiently abated to admit of their returning in safety to their homes. The proclamation also promises that all property and stock brought in at the time of surrender will be respected and paid for, if requisitioned by the military authorities.

Scranton, Pa., Dec. 28.—Fifty-three more men recruited in New York to take the places of the strikers on the Scranton Railroad Company arrived tonight, but before the train had come to a full stop the strikers and their sympathizers boarded the car, and by using arguments and exhortations induced all but 18 of them to agree to return to New York. They are being cared for at strikers' headquarters, and will be furnished transportation home. There was no violence and no angry words, although not infrequently the company's agents and the strikers' missionaries would be working on the same men at the same time.

The company had only 12 men left to run the cars today. Five cars were run out, but few passengers were carried.

The company is fitting up an improvised hotel in the Linden street car barn for the accommodation of the imported men. The hotels refuse to receive them, and the merchants refuse to furnish supplies. Three men were coaxed off the cars this afternoon and sent away by the strikers. General Manager Silliman says the company will have cars running on all the lines tomorrow.

Washington, Dec. 28.—Robert H. Wilcox, delegate in the house of representatives from the Hawaiian islands, has just been paid a claim of \$1,000 for mileage. It was the largest claim of the kind ever made, but it was paid promptly by the sergeant-at-arms of the house. Drowning of Forty-nine School Children Near Foster, Iowa.

Davenport, Ia., Dec. 31.—A startling rumor is current here that 49 school children were drowned while skating on the river near Foster, Ia. It is impossible to confirm the report. Through the office of a telephone company at Indianapolis it was learned from the Oklahoma office that the rumor of the drowning of 49 children was true. No particulars could be obtained.

Chicago, Dec. 31.—Mrs. Lulu C. Jennings, now of Chicago, has just been awarded \$4,000 for the lynching of her husband in Ripley county, Ind., three years ago. The money will be paid over by the eight bondsmen of ex-Sheriff Henry Bushing, and is the result of a private settlement of the indemnity suit instituted by the widow three months after the murder. This puts an end to a case that has aroused attention all over the United States.

William Jenkins was one of five men lynched in September, 1897, for alleged complicity in the stealing of a horse from Lisle Levi, of Osgood, Indiana. Levi also was a victim of the mob. The men killed were Robert Andrews, Heine Schuter, William Jenkins, Clifford Gordon, a 17-year old boy, and Lisle Levi, an aged soldier. There was a fight in which shots were fired at a deputy sheriff.

Jenkins, with the others, was arrested and taken to jail at Versailles, Ind. Mrs. Jenkins, suspecting that mob violence was brewing, walked from Osgood to Versailles at night and paced the streets till dawn, armed with a revolver. For several hours she waited under the window of her husband's cell, ready to challenge any who came to do him harm. Her fears being finally allayed, Mrs. Jenkins started for home. No sooner was she out of sight than a mob gathered. Dragging out the five men, the mob killed them in succession by beating them over the head with a musket stock.

Mrs. Jenkins was compelled to flee to save her own life, coming to Chicago. Here she brought suit for \$5,000 damages against Sheriff Bushing's bondsmen before Judge Baker in the United States circuit court. The suit dragged along for three years and finally the bondsmen decided to settle outside of court.

Mrs. Jenkins, when compelled several months ago to go to Kipley county to attend the trial of the case, was protected by a body guard of government detectives. She will go to Versailles next week to get the \$4,000.

Alamo Gordo, Dec. 31.—A prominent railway official here today received a box of 50 gems closely resembling and alleged to be diamonds found near Captain, the coal camp on the line of the El Paso & Northeastern railway company, 80 miles north of this place. Blow, formerly associated with the De Beers Consolidated company at Kimberly, South Africa, who has been secretly investigating the field for the past month, and a letter from him accompanying the shipment states that they are either diamonds or something so closely resembling the gem that they deceive him. They will successfully stand every crude test known. The gems will be sent away for final analysis.
