

# HIS SECOND TERM

## The Inauguration of President William McKinley

### DURING A HEAVY DOWNPOUR OF RAIN

Crowd of 40,000 Persons Witnessed the Ceremonies—Oath Administered by the Chief Justice.

WASHINGTON, March 4.—William McKinley a second time in president of the United States. He was ushered into that office in a city ablaze with more and finer decorations than ever have graced the holiday loving national capital, whose streets resounded to the tread of more marching soldiers and sailors than ever have participated in a like function, and had as witnesses to the ceremonies a vast multitude, who cheered frequently whenever he or his vice-presidential colleague was visible.

There has been better weather on inauguration days, and there has been much worse than that which attended today's ceremonies. The day in the early forenoon gave promise of being a golden spring day, but the weather was in a capricious mood, and by noon a slow drizzle had begun, which lasted with some intermissions and an occasional lively downpour until late in the afternoon. The worst of the wet weather, unfortunately, came just at the time that President McKinley was being inducted into office on the east front of the capitol, in the presence of a crowd estimated to number 40,000. But the air was mild and pleasant, and the day ended with dry weather.

### Roosevelt Sworn In.

The brilliant and impressive scene in the senate, when the vice-president-elect was inducted into office, was reserved for a few hundred. The public had no part in it.

When the ceremony in the senate, a little tedious, despite its brilliancy, was over the floor and galleries emptied into the corridors through which the people jostled and squeezed into the rotunda, and out on to the platform erected from the east portico of the capitol building.

### The President Inaugurated.

It was just 1 o'clock when the official party came through the main doorway of the capitol. A deep hush fell upon the assemblage as the president and the chief justice advanced to the center of the pavilion. The president removed his hat, and then raised his right hand. In the intense stillness faintly could be heard the solemn words of the chief justice and the measured response of the president taking the oath to maintain inviolate the constitution and laws of the United States. He spoke in a strong voice, easily heard by those near the front of the stand. His face looked very grave as the oath was pronounced.

"He that handleth a matter wisely shall find good; and who so trusteth in the Lord, happy is he. The wise in heart shall be called prudent; and the sweetness of the lips increaseth the learning."

Kissing these verses of the XVI Proverbs with bowed head, President McKinley, for the second time, passed completely into the full honors of the presidency of the United States. The book had been opened at random by Clerk McKinley, of the supreme court, who long has made it a point to note as a matter of curious knowledge the verse which chances to meet the lips of incoming presidents.

### Veteran of Civil War Dead.

San Diego, Cal., March 6.—Major Francis S. Earle, a prominent Grand Army man, is dead. In 1860 he was a member of a famous regiment of New York militia, but the next year, when the war broke out, he had moved to Michigan, when he was appointed adjutant of the Fourth regiment, by Colonel Woodbury. He was advanced to assistant adjutant on the staff of General Fitzjohn Porter.

### Officers Made Raid on House.

Chehalis, Wash., March 6.—Deputy Sheriff James Matson and a posse made a raid on a secluded house a mile and a half east of Centralia this morning, and surprised and arrested two men, who give their names as H. B. Miller and James Mulligan. Both men were armed with heavy revolvers, and in the house were found a number of articles which tended to connect them with the numerous burglaries that have occurred in Chehalis.

### Buy the Samoa.

San Francisco, March 6.—The big British transport steamer Samoa has been purchased by the government, and when she arrives in port \$200,000 will be spent in fitting her up for the transport service. The Samoa is on her way here from Hongkong, and is expected to arrive in about ten days. She is 445 feet long, 23 feet 8 inches in depth, 53 feet in width. Her gross tonnage is 6396 tons.

## NOMINATIONS CONFIRMED.

WASHINGTON, March 6.—The senate in executive session made the following confirmations:

Hathaway, Charles D. Curtis, Montana; Miles Vananagh, Montana; Watson Boyle, District of Columbia; George W. Garrett, Arkansas.

## VAN DUSEN NAMED.

An Astoria Man Appointed Fish Warden for Oregon.

SALEM, March 6.—The state board of fish commissioners, consisting of the governor, secretary of state and treasurer, today held its first meeting, and appointed H. G. Van Dusen, of Astoria, master warden, and Lewis Bean, of Roseburg, deputy.

The appointments were made by the unanimous action of the members. The name of Representative Talbert, of Clackamas county, was mentioned, but the board decided that he is not eligible under that section of the constitution prohibiting members of the legislature from holding an office created by a legislature of which they are members. F. C. Reed and Lewis Bean were also candidates for the office of master warden.

There were two candidates from Astoria for deputy warden—D. H. Welch and Fred Wickman. The board decided that since the master warden had been chosen from Astoria, the deputy must be selected from some other section, and Bean was elected.

## LETTER FROM PAT CROWE.

Similar to the One He Sent Mr. Cudahy Recently.

OMAHA, Neb., March 6.—Pat Crowe, one of the alleged abductors of Edward Cudahy, Jr., has written a letter to the World-Herald, postmarked Denison, Ia., March 2, touching the kidnapping and asserting his innocence. The communication is a long one and in many respects is a duplicate of the letter written to Mr. Cudahy three weeks ago. Chief of Police Donahue says there is no doubt in his mind as to the genuineness of the letter, and of its coming from Crowe. Chief Donahue gave out the contents of a letter he wrote February 9 to Steve Crowe a brother of Pat, and which was written in answer to the letter received by Mr. Cudahy at that time. The chief says:

"If Pat Crowe will surrender himself to me personally, I will waive all my rights to the reward offered for his arrest; also to the reward offered for his arrest and conviction for the kidnapping of Edward Cudahy, Jr., the night of December 18, 1900. I will further agree to do everything in my power to protect him from any personal violence or mistreatment while he is in my custody, and will aid him in every way to establish his innocence of the crime."

## Dewet Headed but Not Captured.

London, March 6.—A dispatch from General Kitchener, dated Pretoria, March 4, says:

"Dewet was moving on Philippolis, but was headed by our troops, and is now marching on Fauresmith. Babington has dug up a Krupp, a pom-pom and some ammunition at Landfontein. Sixteen men of the Victorian Rifles have captured 33 Boers and 50 horses at Seacow river. General Dartnell has captured a Hotchkiss near Pietertieff."

## On the Retired List.

Washington, March 6.—Two prominent naval officers were placed on the retired list today by operation of the law on account of age. They are Rear Admiral Philip C. Hichborn, who has been chief of the bureau of construction and repair for the past eight years, and Pay Inspector H. G. Colby, one of the ranking officers of the pay corps.

# TOO MANY ARRESTS

## Rumored Changes in Manila's Police System.

### LOCAL OFFICERS WERE OVERZEALOUS

Cases of Alleged Treason Hereafter Will Be Referred to the Governor Before Arrests Are Made.

Manila, March 7.—It is persistently rumored here that Colonel Wilder, chief of the Manila police; Captain Gaines, in charge of the Manila secret service, and Lieutenant Killespie will be ordered to rejoin their regiments. No orders to this effect have yet been issued. General Davis, provost marshal of Manila, denied having recommended these changes. The officers themselves assert that the stories are circulated by persons interested in trading with the insurgents. It is charged in certain quarters that the police are over zealous in making arrests of alleged insurgents under General MacArthur's proclamations. No notification has been given concerning the trial of Carman, Carranza and others who were arrested by the police on charges of dealing with the insurgents, and the police have been ordered to refer all cases in which they shall subsequently obtain evidence to the provost marshal for report to the military governor for investigation before making arrests.

The commission has decided to double the appropriation of \$1,000,000 for the improvement of Manila harbor, and has passed a bill accepting the transfer of the Manila public library.

A wagon train and a detachment of the signal corps, together with six Macabebe scouts, were attacked by the insurgents about midway between the town of Silang and Das Marinas, in Cavite. Three Americans were killed and two of the Macabebe scouts were wounded, while one man is missing. Four horses and one mule were killed. Captain Mair, with detachments of infantry and cavalry from Silang, arrived at the scene of the surprise too late to intercept the enemy's retreat.

## PASSED A BOGUS CHECK.

Man Who Served a Term in Oregon for Offense.

RATHDRUM, Idaho, March 7.—Harry C. Collins, alias H. D. and H. O. Davidson, and many other aliases, who passed a \$25 bogus check on Mrs. O. Lavin here Sunday, was arrested last night by the city marshal of Ritzville on information from the officials of Kootenai county. Sheriff Dyer departed last night for Ritzville, and brought the prisoner here today.

Harry C. Collins is the man who operated so extensively in Lane, Douglas, Coos, Josephine and Jackson counties, in Oregon, over a year ago, passing in those counties several thousand dollars' worth of bogus paper. He was finally caught and sentenced from Jackson county to serve one year in the Oregon penitentiary. His time expired a couple of weeks ago, and he came to this section a few days ago and began the same business again. He was in Sand Point a few days prior to coming to Rathdrum, where he spent money lavishly, and it is stated on good authority that he passed a couple of small checks in that town.

Papers and letters in his possession prove beyond a shadow of doubt that he is the H. C. Collins who reaped such a rich harvest from the people of Oregon. All the letters were addressed to him at Ashland and Jacksonville prior to his arrest by a woman and one was addressed to him at Jacksonville in care of the sheriff after his arrest.

## Three Were Launched.

London, March 7.—Arrangements had been made for the simultaneous launching today of four new warships, the Montagu, first-class battleship; the Albermarle, first-class battleship; the Drake, armored cruiser, and the Kent, armored cruiser, but owing to the unfavorable weather at Portsmouth, the launching of the Kent had to be postponed. The Montagu was launched at Devonport, the Albermarle at Chatham and the Drake at Pembroke.

## Porter to Stay at Paris.

Paris, March 7.—The reiterated rumors that General Horace Porter, United States ambassador here, intends relinquishing his post and returning to America, are authoritative denied at the embassy as pure invention and without any basis in fact.

## Fell 400 Feet to Death.

Tacoma, Wash., March 7.—M. M. Laughlin, master mechanic in the Treadwell mine, while lighting from the cage, missed his footing and fell 400 feet, to the bottom of the main shaft, Thursday last. He leaves a widow and four children. He was formerly a locomotive engineer on the Northern Pacific, and was in the Tacoma fire department.

## Movements of Transports.

Washington, March 7.—The transport Logan started from Manila the 1st inst. with Generals Young and Hare, 25 officers and 769 men of the Thirty-third volunteer infantry, and 21 officers and 785 enlisted men of the Thirty-fifth volunteer infantry. General MacArthur reports that the transport Lawton arrived at Manila the 4th inst. from San Francisco.

## CABINET THE SAME.

President McKinley Renames All His Old Ministers.

WASHINGTON, March 7.—The president has sent the following nominations to the senate:

John Hay, of the District of Columbia, to be secretary of state.

Lyman J. Gage, of Illinois, to be secretary of the treasury.

Ellis Root, of New York, to be secretary of war.

John W. Griggs, of New Jersey, to be attorney general.

Charles Emory Smith, of Pennsylvania, to be postmaster general.

John D. Long, of Massachusetts, to be secretary of the navy.

Ethan A. Hitchcock, of Missouri, to be secretary of the interior.

James Wilson, of Iowa, to be secretary of agriculture.

It is understood that Attorney General Griggs will remain in office until the president has been able to select his successor.

It is expected that the president will send the nomination of Robert McCormick, formerly of Illinois, but now a resident of the District of Columbia, to be minister to Austria, vice Minister Harris, resigned.

The president issued a new commission to Mr. George B. Cortelyou, as secretary to the president.

## FOR MAYOR OF CHICAGO.

Carter Harrison Renominated by the Democrats.

CHICAGO, March 7.—Crater H. Harrison was placed in nomination for mayor of Chicago for the third time by the democratic city convention today. There was no opposition to his renomination either at the primaries yesterday or in today's convention, and no ballot was taken, the nomination being made by acclamation amid great cheering.

The platform, as adopted, strongly favors the ultimate municipal ownership of "all public utilities," including street railways and lighting plants and included a resolution of sympathy for the Boers. The extension of street railway franchises is expected to be the most important question of the campaign. Contests were expected over some other city offices, but little developed.

## DAWSON FEARS FLOOD.

Sudden Thaw of Snow Might Result Disastrously.

SEATTLE, March 6.—Though it is yet early, Dawson is already figuring on the spring breakup, which is some months ahead. With the passing of February it seems that winter is nearly over, although actually not more than half there is considerable worry expressed over the probable flood in the spring which could easily occur should there be a sudden thawing of heavy snow on the mountains. Transportation men look upon this snow as a good sign of high water for navigation.

Three thousand letters arrived on the steamer Dolphin, from Nome, today.

## Attacked and Looted by Boxers.

Victoria, B. C., March 6.—From Corea news was received by the steamer Olympia this afternoon that 3000 Boxers had crossed from Manchuria and attacked and looted In-bergh. A thousand Korean troops had been sent against them from Seoul, and 500 from Ping Yang. The Russians meanwhile have driven the Boxers south from Kirin and occupied several Korean villages. Much alarm was felt at the northern mines, and the American camp at Wun Sun has been supplied with Maxim and small arms to resist any attack.

## Three Years for Spencer.

Tacoma, Wash., March 6.—Arthur Spencer, indicted for impersonating a United States official, pleaded guilty in the United States court. He made a plea to the court, charging Spokane authorities with cruel treatment. He was sentenced to three years in the penitentiary at McNeil's island.

## Met Accidental Death.

Denver, March 6.—W. C. Clark, secretary of state of Colorado, in 1876, met accidental death in the Wade block, in this city, this afternoon. He tripped while coming down the stairs and fell to the bottom, breaking his neck. He was 62 years of age.

## Ambassador to Mexico.

New York, March 6.—General Powell Clayton, of Arkansas, United States ambassador to Mexico, is at the Fifth Avenue hotel. He will be in the city until Monday, when he expects to go to Chicago and then to his home for a few weeks.

## Movements of Transports.

Washington, March 7.—The transport Logan started from Manila the 1st inst. with Generals Young and Hare, 25 officers and 769 men of the Thirty-third volunteer infantry, and 21 officers and 785 enlisted men of the Thirty-fifth volunteer infantry. General MacArthur reports that the transport Lawton arrived at Manila the 4th inst. from San Francisco.

## A CUBAN UPRISING.

Quesada Says If There is Trouble It Will Not Be Caused by Friends.

HAVANA, March 8.—All investigation into the report, circulated in the United States by a news agency, that the United States secret service officials here had been informed that plans are on foot for a Cuban uprising and that disorder is only avoided now by the efforts of leaders to hold the revolutionary element in check, elicited the following statement from Senor Gonzales Quesada, who was the special commissioner of Cuba at Washington, and who was, in the dispatch, referred to as having confirmed the statements made:

"I have not made any statements regarding an uprising. If any persons are interested in fomenting an uprising they are not Cubans who are in favor of independence, but parties desirous of seeing Cuba crushed forever. What we have to contend against now is American public opinion. There is no prospect of fighting here."

The harbor lightermen joined the stevedores in a strike today. This move had been anticipated. The steamer Morro Castle, of the Ward line, which arrived here last night, brought 50 longshoremen. The Morro Castle is now unloading at her dock. Vessels will unload at their wharves until the trouble is settled. The stevedores asked for an increase of from \$3.50 to \$4.50 silver per day.

## TREATY WITH FRANCE.

Senate Committee Favors Extending the Time for Ratification.

WASHINGTON, March 8.—The senate committee on foreign relations today authorized a favorable report upon the supplemental treaty between the United States and France, extending for one year the time within which the reciprocity treaty between the countries may be ratified. The original agreement fixed the time of expiration at March 24, 1900, and the supplemental treaty extends it until the 24th of the present month. The original treaty was reported more than a year ago. There was some discussion in the committee as to whether there should be an effort to have the reciprocity treaties pending in the senate acted upon at this session, but no definite conclusion was reached. The most general opinion seemed to favor consideration of the treaties to which little objection is made, which are those with South and Central American republics. There is considerable opposition to both the English and French reciprocity treaties. All of the reciprocity treaties will expire by limitation before the next session of congress.

## HORSES FOR GOVERNMENT.

Washington Will Receive Every Opportunity to Supply Them.

WASHINGTON, March 8.—Representative Cushman is determined that his state shall have just recognition in the sale of horses to the government, for use in the Philippines. He recently called on the quartermaster general, and impressed upon him the fact that Washington had a quality of horses that entitled the state to first recognition. He was assured that experience with horses purchased in that state had been very satisfactory to the department, and that when sales were to be made in the future, Washington bidders would be given ample opportunity to enter the competition.

The quartermaster general stated that since July, 1899, over 5000 horses had been purchased in Oregon, Washington and Idaho, and that all had given entire satisfaction. The department recognizes the advantages of buying horses for the Philippines in coast states, and can no doubt be relied upon to live up to its promises.

## POPULATION OF ALASKA.

Increase in Ten Years Has Been 31,340 People.

WASHINGTON, March 8.—The total population of Alaska in 1900, as shown by the returns of the 12th census, is 62,592, as against 32,052 in 1890. This is an increase in 10 years of 31,340, or 98.4 per cent. There are two cities in the territory with a population of 2000 or more—Nome, of 5486, and Skagway, of 3117.

The 12th census has been taken under more favorable conditions than the two previous censuses of this remote territory, because of the increased facilities of communication and the introduction of a new and large element attracted by the gold discoveries.

## No Committee Reorganization.

Washington, March 8.—While no formal action to that effect has been taken by the republican senators, it is quite definitely decided that there will be no reorganization of the senate committees during the present session of the senate. This decision will have the effect of leaving the appointments of retiring senators in their positions until the convening of congress next December.

## WEEKLY TRADE REVIEW.

Encouraging Reports Come From the Western Centers.

Bradstreet's says: Trade reports from the distributive centers at the West continue encouraging, while such measures of trade volume as bank clearings and railway earnings indicate a considerable gain in business over a year ago. Soft spots are, of course, to be found, notably in the manufacturing branches of the cotton and the wool trade, but advice from the dry goods and clothing distributors are encouraging, and it is thought will help business. The strength of iron and steel this week recalls the boom of 1899. It is probable, too, that the broad and strong consumptive demand and not the operations of pools or cliques, is responsible for the steady advances. Practically all markets report iron and steel higher, but special activity is noted at Pittsburgh, Birmingham and Chicago; St. Louis alone reports foundry iron consumers indifferent.

The cereals are without notable change, wheat and corn being fractionally lower in a dull, scalping market. Lumber is strong in price, pending the resumption of general building operations. Western advices are especially bullish. Chicago has done the heaviest business ever recorded in yellow pine and white pine. Stocks have been broken badly by the active demand. Hard woods are rather slower to respond, however, and are still unsteady, not to say weak. Copper is less active for export, but hold firm, while tin is again lower on foreign advices.

Wheat, including flour, shipments for the week aggregate 5,233,313 bushels against 3,424,302 bushels last week. Business failures in the United States for the week number 167, as against 231 last week. Canadian failures for the week number 28, as against 24 a week ago.
