The Boers still seem to have considerable of a twist in the tail of the British lion, and the shaggy monster is kept guessing.

If a man had a ton of ore rich as Albert Ziniker's here on exhibit at Hemeaway & Burkholder's store, which comes from the Vesuvius mine, he wouldn't need to worry about the continuation of the pay streak.

The man who thinks he can do business without advertising might as well try to sell goods by the tickle-in-the-slot process, depending on customers to come along and shove in their money and accept what they get.

Telegraphic dispatches announce that a good "flow of natural gas" has been found over in Polk county. It could be said with much truthfulness that a large flow of the same stuff was conspicuous in Marion county only a few weeks since.

The Southern Pacific Railway Company has ordered a 16 mile extension of the branch. The extension will be from Natron into a section where the big timber grows, where a large saw mill will be erected this coming season, presumably by the Booth-Kelly Lumber Company.

Down in sunny Alabama the other day, a terrific tornado swept the state and death followed in its wake. Here in Oregon we are experiencing a little March weather. A few days of cold rain with some snow in the higher altitudes—and still some of our good people find occasion to grumble at the climatic characteristics of Old Webfoot.

The war stamp on bank checks goes out of existence on the 1st of July, having been abolished as a means of raising a war revenue. The last fiscal year shows that 350,000,000 checks passed through the banks, each bearing a two-cent stamp, yielding a revenue of 7,000,000 to the government.

The new Oregon school law provides that "no contract shall be made with any teacher who is related by blood or marriage within the third degree to any member of the school board without the concurrence of all the members of the board, by a vote duly entered on the clerk's record of proceedings."

At the mass meeting of the citizens of Cottage Grove last Monday night much time was consumed in the discussion (?) of the bond issue. Several citizens occupied the floor from ten to thirty-five minutes and with one or two exceptions, they could have been seated on points of order—in fact they talked about everything else and nothing in particular, other than to occasionally give the present city council a few digs in the ribs, which was bad taste to say the least.

Crop indications for the coming cereal year never were better in Oregon. According to the report sent to the Department of Agriculture from the local weather Bureau, March 1, Oregon winter wheat is in excellent condition, coming up to a good stand, good color, and being well rooted, while but very little damaged by rain or frosts. What little has been damaged lies on low land, and even that is damaged but slightly. The growth, by reason of the cool weather, has been rather slow.

Headache often results from a disordered condition of the stomach and constipation of the bowels. A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cure the headache. Sold by Besson Drug Co.

SOL ABRAHAM DEAD.

Sunday's Oregonian: Sol Abraham, of Roseburg, died from the effect of an amputation at Good Samaritan hospital at 2 o'clock yesterday morning. He was 73 years old. From a seller of wares which he packed on his back from farm to farm in pioneer times, he became, by industry and attention to business, one of the leading merchants of Southern Oregon. He leaves an estate worth \$150,000. Though prominent locally in republican politics, Mr. Abraham was but once, in 1894, a delegate to a state convention. He held but one office, that of trustee of the Oregon Soldiers' Home, from 1897 to 1899.

By way of a reminder to the good ladies who have taken such active and commendable interest in the free reading room of this city it might be well to bear in mind that Carnegie is in the library donation business, and a gentle invitation to do something might result in some financial aid to our local institution and not break the donor either.

The Southern Pacific Company, already one of the largest consumers of crude oil on the coast is steadily increasing its demands. The company is now constructing at the Oakland pier, large tanks for storage of oil to be used by its steamers. The tanks will be of great size and will hold thousands of barrels of fuel oil. They will be constructed so that the steamers may lie alongside, throw a hose into the tank and draw off enough fuel to fill the storage vat on board.

"Aunt Kate" as she was familiarly known, was widely known throughout this county and was generally beloved for her kindly manners, charitable deeds and many noble womanly attributes. She was a grand pioneer lady of this county and a husband and two step-sons survive her. Funeral services were held at Oakland yesterday and a large concourse of loving friends followed the remains to their final resting place—Roseburg Plaindealer.

A FIENDISH ATTACK.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Besson Drug Co.'s Drug Store.

Now all Together!

In the spring time gentle Annie
There's a smell in the back yard
And an odor in our city
That hits the stranger hard,
It's an argument for sewerage
But there is another plan;
You can go to the New Era Drug Store
And you may buy a can of Chloride
of Lime.

It's very fine
Take it in time
Don't lose a dollar
To save a dime.

Call early and avoid the rush.
