Items of general interest to Mining Men.

ANOTHER RICH STRIKE IN BOHEMIA

F. A. Johnson, of the Anaconda mine on the east slope of Fairview mountain, Bohemia, was in town this week and verifies the report that a streak of very rich gold telluride, or sylvanite ore had been found in the Anaconda. It seems that last fall Mr. Johnson struck this particular ore, but did not know what it was until last week when it was analyzed by a Mr. Russel, formerly from Cripple Creek, and who states positively that the sample he treated for Mr. Johnson is the genuine sylvanite ore that has made Cripple Creek so famous. Mr. Johnson states that he struck this ore on the lower level, about 170 feet in depth and that it is from 2 to 6 inches in width. He also states that in 1884 when he and another gentleman were operating the old Knott quartz mill, they found the same ore in large quantities but not knowing anything about that class of ore or its treatment, it all went over the plates and none of it was saved. Gold telluride or sylvanite ore, is found in the Stanislaus Mine in Calaveras county, Calif., and is a very prominent feature at Cripple Creek. When first seen it has the appearance of a drop of candle grease before cooling. Its color is bronze yellow, and its streak yellowish gray. A slight change of color takes place after being exposed. The crystals are often so arranged in parallel positions on the rock surface as to resemble written characters. If put in a blacksmith's forge not too hot, the tellurium separates from the gold and the gold may be seen sticking out in bubbles on the rock. This is probably the first positive knowledge of the existence of the telluride ores in Bohemia and with the many other rich strikes it had certainly ought to be one of the liveliest seasons in the history of the camp.

RESOLUTIONS OF CONDOLENCE OF BOHEMIA BACHELOR CLUB, NO. 1,
BOHEMIA, ORE.

Whereas, It has pleased the Supreme Architect of the Universe to remove from the fraternal fold of bachelorhood our well beloved brother Albert Ziniker who has been a member of Bohemia Bachelor Club since its organization, who was a staunch advocate of its principles, and a faithful worker in its cause therefore be it

Resolved, That in his departure from celibacy, our organization has sustained an irreparable loss, one that will be difficult to survive, as the brother had the honorable distinction of being the only member who had received the degree of C. G. D., therefore be it further

Resolved, That, in his muniment of matrimony, reciprocal love and henpeckism he has our sincere, heartfelt sympathy and kindest regard for his future happiness and prosperity. Be it further

Resolved, That a copy of these resolutions be sent to our alienated brother, one to the Bohemia Nugget, and also that they be spread upon the minutes of our club. W. M., S. W. AND J. S., Committee.

The sum of \$300,000,000 pure gold, if in the shape of a ball, would in such globular form represent a sphere a little over 12 1/2 feet in diameter, giving gold a value of \$20,671,831,625 per ounce.

The Amalgamated Copper Company has declared its regular dividend of \$1.50 per share and 50c extra dividend payable April 29, amounting to \$1,500,000. This makes a total paid to date of \$10,500,000. On April 26 the Anaconda will pay a dividend of \$1.25 per share and an extra dividend of 75c per share. This will amount to \$2,400,000. The Anaconda's total dividends to date amount to \$19,350,000.

Prospectors are making a vigorous protest against the laws of British Columbia. In order to locate claims a prospector must take out a \$5 license. He must pay a poll tax of \$3. It costs \$2.50 to file a notice of location. If he uses any timber either for fuel or mining purposes, he must pay a royalty of 50 cents per cord. If he mines any ore he also is assessed as taxes 2 1/2 per cent on net returns.—Western Mining World.

The following law in regard to mining was passed by the 21st biennial session of the legislature held at Salem Jan. and Feb. 1901: An act making it a crime to remove or interfere with mining claim location marks and prescribing the penalty therefor. Section 1. If any person or persons shall willfully and maliciously deface, remove, pull down, injure or destroy any location stake, side post, corner post, land mark or monument, or any other legal land boundary monument in this state, designating, or intending to designate, the location boundary or name of any mining claim, lode or vein of mineral, or the name of the discoverer, or date of discovery thereof, the person or persons so offending shall be guilty of a misdemeanor, and on conviction thereof shall be punishable by a fine of not more than five hundred (\$500) dollars, or by imprisonment in the county jail for a period of not more than six months, or by both such fine and imprisonment in the discretion of the court; provided, that this Act shall not apply to abandoned property. Approved February 27, 1901.

JOB COULDN'T HAVE STOOD IT.

If he'd had Itching Piles. They're terribly annoying; but Bucklen's Arnica Salve will cure the worst case of piles on earth. It has cured thousands. For Injuries, Falls or Bodily Eruptions it's the best salve in the world. Price 25c a box. Care guaranteed. Sold by Benson Drug Co.

Fourteen as fine horses as can be gathered together in the United States were shipped by boat Friday to Seattle. Albany is a center for good horses, and we are glad to note the splendid price received by farmers now for them. The bicycle can never touch the big, strong animal for which there is now such a demand.—Democrat

CAUGHT A DREADFUL COLD.

Marion Kooke, manager for T. M. Thompson, a large importer of fine milliner at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Benson Drug Co., Cottage Grove, Lyons & Applegate, Drain.

A TESTIMONIAL FROM OLD ENGLAND.

"I consider Chamberlain's Cough Remedy the best in the world for Bronchitis," says Mr. William Savor, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by Benson Drug Co., Cottage Grove, Lyons & Applegate, Drain.

TAN BARK WANTED.

200 cords of Hemlock bark wanted at Haine's Tannery, Eugene, Oregon. We will pay \$7.00 per cord on board cars at Cottage Grove or Walker station. For information write or call on W. W. Haines & Co., Eugene, Oregon.
