Mines and Mining

Devoted to Bohemia Notes and Items of general interest to Mining Men.

Patrick Clark, the noted Spokane mine owner, is to operate in Alaska. He has under bond a gigantic gold quartz reef near Nome that promises to rival the famous Treadwell. The reef is said to be six hundred feet wide and crops 9000 feet. The ore is free milling. Mr. Clark will dispatch a party of experienced miners and assayers about May 15, with a complete outfit to make 2000 tests of the ore. If the bond is listed the mine will be developed entirely with Spokane capital. Mr. Clark developed the first mine to pay dividends at Butte, the first dividend payer in the Coeur d'Alenes, the first in Roseland, B. C., and the first in Republic camp on the Colville reservation.

LOOKING TO OREGON

Several excursion parties of mining men and investors will arrive in Portland within the next 90 days to investigate the merits of Oregon's mining camps.

This is the cheerful intelligence brought home by F. J. Hard, manager of the Oregon Mining Stock Exchange, who has just returned from a successful business trip through the east.

"I found," said Mr. Hard, "that Oregon's mineral resources are already known to some extent in the east, but more information is wanted. All are anxious to learn more about our mines, and there is an enormous amount of money ready to come here upon receiving the proper invitation. The samples of ore I had with me proved an eye-opener even to some of the most experienced mining men in the east, and surprise was expressed that such rich ore should come from Oregon, a state which thus far has done but little to exploit her mineral resources.

The inquiry for Oregon mining opportunities is not confined alone to investors, but I was surprised to find mining men from Nova Scotia and Arizona equally as much interested in our mineral resources. In Boston there is more mining talk than on the streets of Portland. Our mining quotations are reported every week on the stock exchanges of New York, St. Louis and Colorado Springs, and this of itself is doing much to advertise Oregon as a mining state. Within the next 90 days two and possibly three excursion parties will come to Oregon for the special purpose of investigating our mineral resources."

Mr. Hard reports that he was successful in interesting sufficient capital in several Oregon properties to insure their development into certain dividend-payers. In Boston alone he placed enough stock to keep large forces at work on the Huronian property in the Ibez district, and the Oregon-Colorado in the Bohemia camp. Through his efforts also enough stock in the Champion mine in Southern Oregon was sold to add five stamps to its mill equipment, build a long tramway and put the property on a dividend-paying basis.

CAUGHT A BREADFUL COLD.
Marion Kooke, manager for T. M. Thompson, a large importer of fine milliner at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unable to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Benson Drug Co., Cottage Grove, Lyons & Applegate, Drain.

HE KEPT HIS LEG.
Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation "but," he writes, "I used one bottle of Electric Bitters and 1 1/2 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them Benson Drug Co. will guarantee satisfaction or refund money. Only 50 cents.

There are 295 convicts in the state penitentiary. During the past three months 46 new ones were received, and 29 discharged.

JOB COULDN'T HAVE STOOD IT.
If he'd had itching Piles. They're terribly annoying; but Bucklen's Arnica Salve will cure the worst case of piles on earth. It has cured thousands. For Injuries, Pains or Bodily Eruptions it's the best salve in the world. Price 25c a box. Cure guaranteed. Sold by Benson Drug Co.

The following item should make the Oregon and California hen bristle with anger that her tribe is not sufficiently numerous in these states to obviate the necessity of such shipments: "On Friday morning a train composed of twelve refrigerator cars rolled out of Newton, Kan., for California, and each car was laden with eggs gathered in the vicinity of that town by one firm," says The Kansas City Journal. "The twelve cars contained 144,000 dozen, or nearly two million eggs. The train goes as a special, and it is the first instance of a train carrying nothing but eggs which has been reported by any road running into California."

Governor Geer has received notification from the United States Treasury Department that \$11,763.45 is due Oregon, a sum which is 5 per cent of the net proceeds of public land sales in the state in the course of the year ending June 30, 1900.

THE BEST BLOOD PURIFIER.
The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at Benson Drug Co.'s drug store.

A TESTIMONIAL FROM OLD ENGLAND.
"I consider Chamberlain's Cough Remedy the best in the world for Bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by Benson Drug Co., Cottage Grove, Lyons & Applegate, Drain.
