Residence with J. K. Barrett.

A. F. HOWARD, Agent.
COTTAGE GROVE, OREGON.

Mines and Mining

Devoted to Bohemia Notes and Items of general interest to Mining Men.

C. H. Park, who has bonded the Treasure mine in the Blue River district, formerly the Lone Star property, is rapidly pushing the development work. Frank Stewart left Eugene Tuesday with a four-horse load of steel rails for the tunnel which has reached a considerable length. Prospects are good for a big rush of miners and prospectors into the district as soon as the snow disappears.—Eugene Register.

Treasury Department, Bureau of the Mint at Washington, D. C. has recently published a volume of 435 pages, giving the production of gold and silver in the United States for the year 1899. It is very instructive. The returns for this country have been carefully obtained through officials and special agents of this bureau, and the aggregate of precious metals reported has been actually traced from production to market.

There are also statistics for foreign countries which have been obtained from official sources.

The production of gold in the U. S. for the calendar year 1899 was \$71,053,400. The production of silver for the same year was \$32,858,700.

The production of each state and territory is given in detail.

That of Oregon being \$1,467,379 in gold and \$187,932 in silver.

There is also a description of each of the mining districts in the various states and territories. It says of the Bohemia Mining District:

"The Bohemia district lies partly in Southern Lane and Northern Douglas counties, and until within the last year or two was very little known. However it bids fair to become one of prominence in the near future, on account of the extraordinarily strong and prominent system of fissure veins, and its unqualified mining facilities. The great porphyry dikes traversing the district for miles through the andesite formation, the numerous fissure veins that can be readily traced across the entire district, the high altitude attained by some of its peaks, covered with an andesite capping heavily impregnated with iron, all tend to prove its volcanic origin and indicate unusual depth for its many mineralized lodes. From the precipitous nature of the formation, development work can be accomplished by drifting and cross cutting without the heavy costs of hoists, pumps, fans, etc., which are incident to operations in some of the districts in the state."

This is the best description, considering its brevity, I have seen of the Bohemia District.

GEO. W. LLOYD.

LANE COUNTY LANDS.

Tom Meredith, a timber-cruiser of Clackamas county, was in the city Saturday, and says he has been kept busier during the last two months than ever before in his life locating Eastern timber-seekers for government land. He states that cruisers in other sections of the state that he has seen, report having all they could do also, and expect the run to be heavier during the summer months.

"Representatives of capital have been poking about, too," says Mr. Meredith, "and I acted as guide for a party this month who said they had \$100,000 to invest providing they could find lands that suited them. After making a thorough investigation of Clatsop county, they left for Lane, and will work from there into Douglas. Lane county having more timber land than any other county in the state will probably take up a great deal of their time if they prospect it thoroughly, but they expressed themselves as being astounded at the quantity and quality of the Clatsop timber, and said they would return before they left for their homes in Saginaw, Mich.—Portland Telegram.

DEDICATION OF FOUNTAIN.

Darwin Bristow this week received a letter from The Woman's Republican Patriotic League of Eugene inviting the citizens of Cottage Grove and vicinity to be present and participate in the unveiling and dedication of the memorial fountain, in that city on Friday, May 17, 1901, at 2:30 p. m. The League has sent out the following address:

TO THE CITIZENS OF LANE COUNTY:

The unveiling and dedication of the Memorial Fountain will take place Friday, May 17, 1901, at 2:30 p. m. to which ceremonies you are cordially invited. This fountain has been obtained by the ladies of the Women's Patriotic League at an expense of nearly \$700, and will be dedicated on the above date to the memory of Lane county's sons who lost their lives in the Philippines. It is hoped and expected by the League that there will be a general turnout from all over the county, Col. O. Summers and Chaplain W. S. Gilbert, who were colonel and chaplain respectively of the Second Oregon, will be present and assist prominently in the ceremonies.

RESOLUTIONS.

Ord Post No. 13 G. A. R. The silent reaper Death has again entered our ranks and taken our comrade, Wm. Thorn.

Therefore be it resolved that the less of our comrade shall stand as a warning to all of us and that we should be prepared for the last roll call, as we know not when the hour cometh, therefore be it

Resolved that we extend our heartfelt sympathy to the sorrowing family and further that a copy of these resolutions be furnished for publication and a copy spread on the minutes of our meeting of Ord Post G. A. R., by order of W. H. Lincoln Commander, R. G. Gibbin Adjutant.

F. E. MILLER, Committee.

The most complete line of paints, brushes and wall paper in South Lane County will be found at Jenkin's & Lawson's.

CARD OF THANKS.

The members of the Cottage Grove League wish to express their thanks to the people who so kindly assist in entertaining the delegates of the convention.

COTTAGE GROVE E. L.

OLD SOLDIER'S EXPERIENCE.

M. M. Austin, a civil war veteran, of Winchester, Ind., writes: "My wife was sick a long time in spite of good doctor's treatment, but was wholly cured by Dr. King's New Life Pills, which worked wonders for her health." They always do. Try them. Only 25c at Baxson Drug Co's, drug store.

NOTICE.

Parties desiring lady to go to the house and sew by the day, should consult Mrs. O. Fredericksen, Price \$1.00 per day. Telephone No. 113. MRS. O. FREDERICKSEN.
