LODE MAY BE FOLLOWED.

Judge Talbott at Reno, Nevada, recently rendered a decision of much interest to mining men whose lodes may dip into adjoining patented lands:

Reno, Nev., July 24.—The mining case of Wedekind vs Bell was decided by Judge Talbott today in favor of the plaintiff. This suit was brought to test the rights of the locator of a lode to follow its dip under land covered by a United States agricultural patent, and is of great interest to mine owners all over the Pacific coast. Judge Talbott held that when the top or apex of a lode is within the exterior lines of a valid mining location the locator has a right to follow its dip into adjoining patented land, mineral or agricultural.

This decision gives the Wedekind location and also the Bell location to John Sparks who recently bought the interest of George Wedekind in the Reno Star. A few weeks ago Judge Curler denied Wedekind an injunction to restrain Bell from taking out ore on his claim adjoining the Reno Star on land upon which Bell held a United States patent. The decision was followed by the present suit and in the interim Bell put up steam hoisting works and worked his claim to the limit, taking out many thousands of dollars worth of ore.

The present suit was hotly contested and it is believed that the case will be appealed until it reaches the United States supreme court.

IMPROVEMENTS AT STATE FAIR GROUND.

The State Board of Agriculture are making some wonderful improvements at the state fair grounds, and old timers will hardly recognize the place when they attend Oregon's greatest fair this fall. The old pavilion is being enlarged to double its size, and after the best exhibits ever seen in the state are arranged there will be ample room left for an auditorium, a thing that has been needed for a long time. A brand new up-to-date creamery building is being erected; also where the best dairy display ever made in the state will certainly be seen. The machinery hall is being enlarged, new cattle stalls, sheep pens, hog stys, and horse stables are being built. A cozy farm cottage, hay barn and new sidewalks are also on the list of improvements, and nothing will be left undone to accommodate the exhibitor and entertain the visitor at the state fair this fall.

DON'T.

Don't drop insinuations. A bigger man may pick them up.

Don't pick out for a friend a man whose dog won't follow him.

Don't think all books are salable because they are bound to sell.

Don't sit in the draft unless you want the doctor to get the cash for it.

Don't break your word—unless you can do it so a hyphen will fit in nicely.

Don't think because a man possesses a shining intellect that he is light-headed.

Don't wait until summer to buy thermometers, they are always lower in winter.

Don't think because time and tide wait for no man that no woman will wait for him.

Don't fail to keep an eye on the friend who offers you suggestions at the expense of another friend.

WEEKLY CROP PULLELIN.

The past week has been rainless and seasonable in the matter of warmth and sunshine. All crops have made rapid advancement, but rain is now needed to revive pastures and for late crops, such as corn, gardens and potatoes.

Hay baling is in active progress and a good crop of hay has been secured. The second crop of alfalfa is growing nicely and will soon be ready to cut. Pastures are failing and range stock is beginning to lose flesh. Grain is ripening rapidly and its harvest is well under way. The wheat crop promises good yields in all sections and the quality is above the average. In Umatilla county the damage by the late frost is not as great as previously reported, and it is now expected that an average crop will be secured in that section. Barley is reported to be of excellent quality.

Corn and potatoes are being seriously injured by dry weather, and unless rain comes soon their yields will be materially reduced. Hops continue doing nicely, although many correspondents report lice in the yards and much spraying being done. Sugar beets in Union county and onions in Washington county are making splendid advancement. Italian or Fellenberg prunes promise to make a fair crop. Early apples and peaches are ripe.

DIVIDE ITEMS.

Mr. Wilcox of LeRoy, Minnesota, accompanied by his son Isaac Wilcox and James Kennedy of Lynx Hollow were visiting Mr and Mrs Tapp and family Sunday.

Vernon Clow of Silk Creek was visiting friends here Sunday.

This neighborhood is becoming well supplied with parlor organs, Mrs. Roy Coffin being the last person to purchase one.

Slashings are being burned now and as a result the air is very smoky.

THE DEER LAW.

The open season for deer commenced July 1st and for the benefit of those not thoroughly posted some pointers are hereby given:

It is unlawful for any person to take, capture, kill or destroy in any open season more than five deer. Any person who lawfully kills five deer can make an affidavit before any justice of the peace to that effect, and said justice shall thereupon deliver to affiant one leather tag (assigned and issued by the state game warden) for the hide of each deer, not exceeding five in all. One of these tags shall be securely fastened with wire to each deer skin, and the owner is then entitled to offer such deer skin for sale or exchange or transportation to any point within the state. The punishment for violation of any of the provisions of the act is by a fine of not less than \$25 or more than \$500, together with the cost of prosecution, or by imprisonment in the county jail for not less than 30 or more than 120 days, or by both such fine and imprisonment.

NOTICE TO PROPERTY OWNERS.

You are hereby notified to cut the thistles on and fronting your city property, within the next 10 days from the date of this notice. Upon failure to comply with this request the work will be executed and fee collected from the property owner.

BERT NUNN, Marshal.
