

### GOLDEN WEDDING.

The fiftieth anniversary of the marriage of Mr. and Mrs. Melvin Damewood drew to their pleasant home in Gold Hill numerous friends to extend their congratulations upon a half century of a happy and well spent life. Among their friends were the 4 sons, a daughter-in-law and two grandchildren, Mrs. J. W. Hicks of Cottage Grove, Mr. and Mrs. John W. Masterson and family, Mr. and Mrs. Neff, Mr. and Mrs. Barney Olsen and family, Mr. and Mrs. Joe Stover, Dr. James Braden, all of Gold Hill and vicinity. A sumptuous wedding dinner was much enjoyed by all and later many wishes for continued happiness and health of the host and hostess were extended in the farewell to the guests. On the return of Mrs. J. W. Hicks the Nugget was remembered by a box of cake, for which many thanks.

### BOND ELECTION.

On account of legal technicalities the late bond election was rendered void. At a recent meeting of the City Council another election has been ordered, and the day designated is Monday, August 12, 1901. It is most earnestly hoped and desired that the voters of Cottage Grove see to it that every vote is polled on that day, thereby exemplifying the unanimity of our citizens and proportionately enhancing the value of the bonds. Several parties desire to bid for the bonds when issued and the city should get a handsome bonus from the successful bidder. Let all turn out and vote.

### INJURED BY FALLING.

Last week at Lorane the seven-year-old daughter of Mr. Stone fell from a horse, striking on her head and shoulders, and it was feared that the base of the skull had been fractured, as blood issued from the mouth, ears and nose. The hemorrhage was checked. The doctor found, on examination, that no fracture had occurred, but that the little girl was very seriously injured. He fixed his little patient up in good shape and when last heard from the little lady was getting along finely.

### FOOT BADLY BURNED.

Last Thursday forenoon out on Mosby creek the little baby boy of Jasper Patton had his foot badly burned. Mrs. Patton had been having an outdoor fire and her little boy was playing in the yard. She had just removed a bed of live coals and the boy in running after a tin can in play stepped his bare feet in the bed of scalding ashes, burning and blistering the left foot terribly. The little sufferer was brought to town on Saturday and taken to Dr. Job, who treated the injured member, and the boy is now getting on nicely.

### BIRTHDAY PARTY.

Last Thursday evening the home of W. C. Johnson was the scene of much festivity, a large gathering of young folks being called together to celebrate the seventeenth birthday of his charming daughter, Miss Blanche Johnson. The young lady received many presents from her friends and her loving father gave her a beautiful gold watch and chain. All the participants enjoyed a happy evening and showered Miss Blanche with many wishes for her future good.

### EARLY CORN.

The Nugget man is under obligations to Master Lewis McKibben of this city for a couple of dozen ears of early sweet corn of most delicious flavor. Master Lewis is one of those energetic little men who takes more delight in watching things grow in his well-kept garden than he does in continually roaming the streets; and this fact coupled with his modest manners, bespeak for him a profitable and happy life.

### VERY SICK.

Mrs. Ed McKibben was brought down from the Booth-Kelly mill No. 1 on Monday evening in a most precarious condition. She has heart failure and other troubles and is now at the home of her mother, Mrs. J. W. Gowdy.

### TESTIMONIAL.

Mr. G. W. Lloyd accompanied the Boston party to Portland, where, before going east, the members presented him with the following testimonial which we are permitted to publish. The many friends here of Mr. Lloyd will be pleased to read the estimate placed upon his character and services by the men whose money he handles and in whose service he labors. The testimonial will be heartily approved by all who know him:

To Mr. Geo. W. Lloyd,  
Cottage Grove, Oregon.  
We, the New England party, composed of officers, agents and stockholders of the Bohemia Gold Mining Company, at the close of a personal and thorough examination of the principal properties of the company, located in the Bohemia Mining District, Douglas county, Oregon, desire to say that we heartily coincide with you in your anticipating a great future for the Bohemia Mining District.

We especially desire to testify to the marked impression made upon us by the masterly judgment and skill you have shown as Superintendent, in your administration of the properties; by the carefulness and breadth of your study of the conditions; by the abundant signs of your high professional ability in application to local problems; and withal by the impressive qualities of your personal bearing toward all classes, giving important contribution to your efficiency as a manager.

We heartily appreciate your faithful devotion to the interests of the company and in addition we tender you our grateful acknowledgements for your present hospitality and kind attention to our comforts and enjoyment upon this trip.

### REFRESHING SHOWER.

On Tuesday night this section was visited with a most refreshing and timely shower. For several days previous the warm wave had been heating and drying up all in sight, and the native webfooters were beginning to look serious and hang out signs of distress. The embargo of the city dads placed upon the use of water from the city reservoirs has had the effect of almost ruining the lawns and flowering plants about the homes, and so the gentle downpour was indeed a welcome messenger from above. For three days previous to the shower the temperature ran up to and held close around 100 degrees, and some of the old time boys were sniffing the air for brimstone and the favorite meeting place of the festive populist was deserted. All is changed now, the atmosphere is pleasant and refreshing, and everybody is happy since the shower.

### BUSY BLACKSMITHS.

From early morn till late in the evening the blacksmiths of this town are busy repairing wagons and shoeing horses. There is much travel on the road at the present time and rigs will get out of order and break down, so the blacksmiths are having a little harvest all their own. Much new work is being made in the several shops and prosperity seems to have come upon them with a rush.

### NEW AND NEAT.

The brick building occupied by the Benson Drug Co. and the merchandizing firm of Hemenway & Burkholder has undergone a thorough renovation, been newly painted, the signs touched up, a new porch and side walk constructed and it now looms up in handsome shape and is an ornament to Main street.

### MAKING BRICK.

C. H. Wallace and son have commenced active operations in their brickyard north of town. They intend to put up enough brick to make an extra large kiln. There are no brick for sale on the market at present and Mr. Wallace expects to find ready sale for all the brick he can make this summer.

### REDUCED PRICES FOR CASH.

C. L. Johnson came out from Bohemia on Saturday last and went to Saleen to get acquainted with his wife for a few days when he will return to his Bohemia property for the summer. Mr. Johnson has recently furnished the Nugget with some breezy letters of the doings in Bohemia, for which he has our sincere thanks.

Harry Fhipps of Olympia was in the Grove for a few days visiting the family of Colonel Blair. The young man is very near one of the family, Mrs. Blair having performed the office of foster mother to him during his earliest infancy and he grew up side by side with her own loved ones. He is having a good time and is a very agreeable young man.

George Meizer, the popular harness and saddlery man on Main street, has the finest, largest and best stock of goods in his line that is carried by any house in South Lane county. Read his new "ad" in another column and when you need anything in his line drop in and look over his stock. He is all right and he wants to know you, and it is to your interest to get acquainted with him.
