

### LANE COUNTY HOPS.—

It is announced that hop picking in Lane county will begin about September 1 in the early yards while it will be the second week in September before picking in the later yards will be under way. It is generally understood that the price paid last year will prevail this per box, that is from 35 to 40 cents, while a cent per pound will probably be paid by some. Thus far the indications point to a shortage in pickers. The crop at this writing promises to be the best grown in years. Spraying has been general throughout the hop districts of this county and thus far there has been but little appearance of lice. However, there is plenty of time yet for much damage to be done by both lice and unfavorable weather, and uneasy will rest the heart of the average hop grower from now until he shall see his crop safely housed. Some contracts are reported made but in the majority of cases the crop of Lane county is not incumbered by contract, while those under contract are listed at a good price. The indications are now in favor of fair prices for all marketable goods.

### THE BROADWAY.—

William Griffith, who with William Reed owns the Broadway group in Bohemia, came down last Friday and will visit his family at Oregon City before returning. Messrs. Griffith and Reed have been busy all this summer doing assessment and development work on their property, and the result is most satisfactory. They have now about 600 feet of tunnel on their property, 340 feet on the Broadway the balance on the Diamond and Frank Brass claims. On the Diamond three ledges have been opened. One of these opened this year shows a width of 3 1/2 feet giving exceedingly good assay returns. Just below they have driven a tunnel 95 feet and at a depth of 40 feet they are into a ledge showing a width of 24 feet. The Frank Brass claim is making a good showing and Messrs. Griffith & Reed are now in on this claim 165 feet. In all something like \$3,000 in development work has been done on this property, and it is rated as one of the most promising in the district.

### THE RETURN.—

Messrs. Eby & Johnson and families are home from their two weeks' outing on Sharp's Creek, Bohemia, having had all kinds of enjoyment in the mountain wilds of Bohemia. The boys have undoubtedly put in a goodly portion of their time at rehearsal as their hunting and fishing yarns hang together amazingly well. Mr. Eby devoted much of his time to the taking of trout, while the invincible Johnson went loaded for bear and "sich." It is said there is enough trout heads around their camp to "salmon" all the dogs in Lane county, while the bear paws, which Johnson has promiscuously stripped out and scattered from craggy peak to canyon bottom are sufficiently numerous to furnish "human hand" sensations all winter.

### AT BLUE RIVER.—

Wm. Casley, well known here as "Bill McKinley," who is now at Blue River writes this office to have his Nugget forwarded to the Luckey Boy Postoffice. He says "I want to know what is going on in Bohemia and at the Grove. I am working at the Luckey Boy. There are 12 Bohemia men here and I understand they have written for more. Jim Duval has been made foreman. The mine made a clean-up of \$12,000 the first of last month, and has indications of being a big thing. Please forward my paper and oblige."

### PROPERTY SOLD.—

Last Monday Mrs. Elma A. Cottle of this city bought the Cochran furniture store property, fifty feet front, from Willard Martin for \$1,400. The following Friday Mr. Martin purchased the E. R. Case property, 27 feet front in which is located the postoffice, for \$1,350.

### A NARROW ESCAPE.—

W. L. Wallace, the S. P. wood piler had a very narrow escape from being run over by a train, Monday evening. He had been sent out as flagman by section foreman Walsh and while rounding a short curve just south of Walker station he met an extra freight. He jumped off his car and in getting it off the track caught his foot under the rail and was only released from his dangerous position by his shoe tearing so that it gave his foot room to turn. He says that when he was clear of the track the engine was not more than 50 feet distant and looked to him as large as a good sized mountain. He succeeded in flagging the train but it ran some distance past before they could stop. His car went to the bottom of the grade a distance of about 25 feet.

### ENTERTAINED.—

Friday evening from 6 until 8:30 o'clock Miss Nina Ostrander entertained a host of her little girl friends at her home, and just as they were leaving a few of her most intimate friends arrived who had been invited to spend the evening with her. The lawn was illuminated with Chinese lanterns and the merry young people enjoyed for a time a few games of parlor croquet after which they adjourned to the parlor where they were entertained by some superb singing and piano selections by Miss Nina. Dainty refreshments consisting of cake and pickles, dates, candy, nuts and lemonade were served. Miss Nina is held in high esteem by her friends and those present will long remember this pleasant evening.

### A GOOD FLOPPER.—

Chas. Brown of this city who is engaged in hauling wood near Comstock, took a swift bull-frog leap from his wagon last week. He was hauling a load around a grade of the road, having already taken the precaution to have three men holding the wagon on the upside of the road, when the grade gave way and over went wagon and wood. Charley took in the situation at a glance and didn't "stop to wait." His friends say he just spread his arms and legs and flew for the woods. Later on he came back without a scratch. He has been the hero of a sufficient number of these kinds of flops to make him a good populist. While engaged in the same kind of work last season he "flopped" nine times.

### WILL RAISE SMALL FRUIT.—

A. J. Erumbaugh who owns a well-kept farm on Mosby Creek, is making extensive preparations to go into the small fruit business. In fact he has been gradually maturing plans for the last two years. The gentleman has ground particularly adapted to the raising of small fruits, and already he has a large strawberry bed out as well as a big patch of blackberries, say nothing of a young orchard of choice winter apples. This fall Mr. Erumbaugh will put out several acres more in the various small fruits, with the view of supplying the local market.

### DRUG STORE LEASED.—

Mr. J. S. Benson, the well known druggist and for several years connected with the Benson Drug Company of this city, has leased the Currin drug store on Wall street and will take charge of the same the first of September. Mr. Currin is one of Cottage Grove's oldest business men and has decided to take a well earned rest from the responsibility falling to the lot of the active business man. He will move his family to Eugene about September 15th where they will remain during the school year.

"The Oregon State Fair at Salem, September 23rd to 28th, 1901, inclusive, promises to be the best this year that has yet been held. New features for amusement and instruction have been added, and particular attention will be given to the Stock Exhibit, owing to the great and constantly increasing interest in dairying throughout the state. For this occasion, the Southern Pacific Co. will make a rate of one fare for the round trip, from all its stations in Oregon, to Salem and return, and it is to be hoped that everyone who can do so will show his appreciation by taking advantage of this opportunity to pass a few days pleasantly and profitably at our State Capital."

Mr. McClellan has been in their employ for several seasons. Mrs. McClellan will join her husband at Salem about September 15.

Saturday evening a number of young people were invited to attend a farewell dance in honor of Miss Eva Smith of Salem, who returned to her home the first of the week, after an extended visit with her aunt, Mrs. Pet Sanford. The jolly party enjoyed the whirl of waltz and two step until midnight when they bade Miss Eva good-bye and departed to their various homes.

### SHOT THROUGH THE ARM.—

Miss Anna Beagle, who went to Eureka, California, with her parents from this city a few weeks ago, received a very painful wound by being shot through the arm lately. The shooting was accidental. A young man who was shooting at a mark on a tree near their camp missed his mark, the bullet passed through their tent and through her clothes, across her breast and inflicted a very painful flesh wound in her arm. At last reports she was getting along nicely. Mr. and Mrs. Beagle like their new location quite well and Mrs. Beagle's health is much improved.

### ANOTHER BLOCK SOLD.—

This week G. F. Garoutte sold to John Finn the five lots in Long and Landess addition of Cottage Grove for \$1,400 cash. This property comprises the entire block except the lot on which the Presbyterian church stands, with all improvements and appertenances. The Wisconsin men know a good thing when they see it and as the straws are bending their way they are picking up the wheat that falls into their lap. The future of Cottage Grove will warrant all such buys and it is well that enterprising men are getting in on the ground floor.
