FRIDAY, SEPTEMBER 6, 1901.

The Oregon Mining Journal in writing up the exhibit of ores on display at the International Mining Congress held recently in Boise City makes mention of several exhibits and then says: "There was also a small collection from Bohemia district" As a matter of fact Bohemia district was there represented by over 100 pounds of ore in splendid specimens from the leading properties of the district and all nicely labelled, and they drew the attention and admiration of the entire congress. This is not the first time the Journal has misrepresented Bohemia and sought to belittle its mines. For the benefit of the Journal it can be truthfully stated that Bohemia today contains larger and more deposits of mineral wealth than were ever uncovered in the Northwest; and some day when the spite of the Journal toward Bohemia cools off it will awaken to the fact. The influence of that paper can never hurt Bohemia and in spite of all adverse criticism this great mineral zone will go steadily on until it stands in the front rank of wealth producing districts of the Pacific Coast.

Money don't come to every man in this town every day, but it does come to some men some days. Only a few days ago a bunch of \$6,000 was dumped into the lap of one of our prominent citizens, and just this week another thousand and more found its way into the pocket of our good friend J. E. Young, it being the third payment on the sale of the Gold Cross mining property owned by Mr. Young. This promising property was promoted by Mr. Lloyd and is under his general supervision, and that it is proving all that was hoped for it is evidenced by the regularity and promptness with which the payments are being made.

Last week the pipe for the mains through town and to make a complete water circuit in the Grove arrived and were distributed along the line of trenches already prepared for their reception. The connecting of links in the stringing of the pipe will go ahead as fast as it can be pushed. The weather is now fine and if it continues for a few days there is no good reason why all the system of pipes are not under the ground and ready to respond with a good flow of water for all purposes.

The Eugene Register comes to us this week in a bright new dress and clean smiling face. The Register is one of our most valued exchanges and is an able exponent of the interests of its section. In reciprocity the merchants of Eugene have nobly upheld its hands to keep abreast of the times and the Register has been worth to them 100 cents on the dollar.

The camera of the amateur photographer is playing an important part in the world of art these days. A delightful phase of its value as a depicter of nature is shown in The Ladies' Home Journal for September. In this issue two pages are given to the last of that magazine's prize photographs of rural scenes, and the collection is a notable one, interesting alike to the picture-taker and the lovers of pictures. Some of the scenes have all the distinguishing qualities of paintings, with the added charm of being true to nature.

The past few months has made a record for more terrible disasters on land and sea than have ever occurred during the same period in the past. The details keep coming of wreck, explosion, fire and flood, all telling of the destruction of human life.

BOHEMIA'S ACTIVITY.

S. R. Piper has returned from Bohemia after letting a contract for the assessment work on his promising property, the Tennessee and La Fiesta on Jackass ridge.

Henry Johnson was out this week from Bohemia and says that development is going ahead steadily on their recent purchase, the Le Roy mine in Champion gulch. They have had assays of \$94 and the ledge is 5 feet wide with 2 feet of the finest galena ever uncovered in Bohemia. They have sent 103 pounds to Tacoma for a smelting test.

F. J. Hard, with his family, came out from Bohemia this week and has gone to Portland. Mr. Hard has put the Oregon-Colorado in good shape and a 600 foot tunnel is being run in the ledge which at present is in 100 feet and shows a ledge 12 feet wide which carries a heavy per cent of copper.

Good news comes from the Sunset group on Adams mountain this week. The face of tunnel No. 2, which is in 70 feet, is very rich and the ledge is 7 feet wide at that point and the depth from the surface is over 300 feet. This splendid property is located on the northeast slope of Adams mountain.

Dr. Oglesby, president of the Golden Slipper Company on Horse-heaven creek, has just come out from Bohemia and the company's property, where he has let a contract for 100 feet of tunnel at \$6 per foot. When this is completed other arrangements will be made so as to continue work all winter. The property of this company is getting into fine shape and the doctor will soon go east to promote the interests of this group of claims, which consists of nine locations and contains an unlimited supply of timber, water, etc., for the future operation of plants for the working of the ores. In one of the 100 feet tunnels the ore body is now 8 feet wide and carries 12 per cent of copper and 18 per cent of gold.

The Bohemia Gold Mining Company on Tuesday made its third payment of \$1,100 to J. E. Young on the purchase price of the Gold Cross property.

Clucky and Peterson on the east side of Fairview have a large ledge and two feet of it is free milling and pans out fine stringers of gold, while the rest of the ledge is of an excellent quality of base ore.

Harlow and Brund are sinking a shaft on a new claim on the north side of Fairview mountain and are now in a body of galena ore the whole width of the shaft, and from the assays and samples taken out they think they are fast uncovering a mine that will one day be a good shipper.

J. L. Le Roy came out from Bohemia this week. He and his brothers are steadily working on the Laura. They have five tunnels on the group and all go in on the ledges from 25 to 70 feet, together with several other openings, and every day's work shows up better ore that contains gold, copper, silver and lead and assays that run from \$10 to \$15 in gold.

Colonel Blair has returned from Bohemia after an inspection of his promising property, the Big Maud, and has let a contract for 50 feet of tunnel on the ledge. He looked at several other properties in the district and from his observation his faith in Bohemia is more secure than ever—and the Colonel is thoroughly imbued with faith.

One of the fine properties of Bohemia is owned by Higgins and Jenks. They have a group of mines. In the Mountain Lion 140 feet of tunnel has been run and in the Lake 355 feet, and the face of both tunnels are in quartz that average \$10 in gold. The mineral values are much higher, for the ore contains gold, copper, silver and lead.

WORKING NIGHT AND DAY.

The busiest and nightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-ache into mental power. They're wonderful in building up the health. Only 25c per box. Sold by Bessner Drug Co.

NEW ERA DRUG STORE.

Portland, Ore., Sept. 4, 1901.

To THE CITIZENS OF COTTAGE GROVE AND VICINITY:

We are pleased to testify that Harry Brehaut and Dell Morgan, proprietors of the New Era Drug Store, are both young men of excellent habits; thoroughly qualified to conduct the business in which they have entered and worthy the confidence of the people of Cottage Grove and vicinity. Both Mr. Brehaut and Mr. Morgan having been in our employ, in the Prescription Department as well as in our Laboratory, for a number of years, becoming familiar with every point of the business, and we bespeak for them the hearty co-operation and confidence of the people in the town and neighborhood which will now be their home.

WOODARD, CLARK & Co.

Mr. Morgan, above referred to, represented his interests in the New Era Drug Store this week in person, and Messrs. Brehaut & Morgan, so well recommended, will no doubt secure their portion of the trade of this city.

DIED.

CONDON—At Newport, Ore., on Monday, September 2, 1901, Mrs. Thomas Condon, aged 69 years, 1 month and 20 days. Interment at Eugene on Wednesday.

Professor and Mrs. Thomas Condon have been closely identified with Oregon's educational history and progress since 1852. They have lived in Eugene since 1876, where her husband has during all the intervening period been professor of geology in the University of Oregon. During her long residence in Eugene and by her splendid work she has endeared herself to a host of warm and loving friends all over the state. Her husband and five children survive her.

WA HOO!

Any person wishing to obtain Wa Hoo can get it of Lewis & Veatch for fifty cents per bottle.

LOST.

Two small flat keys, the finder will be liberally rewarded by leaving them at the Nugget office.

PROPOSALS FOR BONDS OF THE CITY OF COTTAGE GROVE, OREGON.

Sealed proposals will be received by the Recorder of the City of Cottage Grove, Lane County, Ore., until 7:30 P. M., of September 24th, 1901, for the sale of the whole or any part of \$15,000 of the bonds of said city, of the denomination of \$100 each, to be dated October 1st, 1901, payable in 50 years from date, and bearing interest at the rate of 5 per cent per annum, payable semi-annually on January 1st and July 1st of each year. Principal and interest payable in United States gold coin, at place designated by purchaser. No bids at less than par will be considered, and the Council of said city reserves the right to reject any and all bids.

J. E. Young, City Recorder.

NOTICE FOR PUBLICATION.

United States Land Office, Roseburg, Oregon, Sept. 3rd, 1901.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before Marie L. Ware, U. S. Commissioner at Eugene, Oregon, on October 8, 1901, viz: Ole Olson, on R. E. 906 for the S¹/₂ SE 14, S¹/₂ SW 14, Sec. 8, T¹/₂ S. R. 2 W.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Andrew M. Claven, Peter Johnson of Cottage Grove, Oregon; Martin Turkleson, Isac Norman of Eugene, Oregon.

J. T. BRIDGES, Register.

NOTICE FOR PUBLICATION.

United States Land Office, Roseburg, Oregon, Sept. 3rd, 1901.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 8, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Fred Iverson, of Platte County of Shasta, State of Washington, has this day filed in this office his sworn statement No. 1811, for the purchase of the S¹/₂ NE 14, SE 14, NE 14, NE 14, NE 14, of section No. 25 in Township No. 208, Range No. 7 West, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on Monday the 18th day of November, 1901.

He names as witnesses: Geo. Woolly of Drain, Oregon; L. G. DeWolf of Portland, Oregon; Riley Smith of Roseburg, Oregon; Robert A. Lauderdale of Norman, Wash. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 18th day of November, 1901.

J. T. BRIDGES, Register.

NOTICE FOR PUBLICATION.

United States Land Office, Roseburg, Oregon, September 2nd, 1901.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 8, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Robert A. Lauderdale of Norman, County of Snohomish, State of Washington, has this day filed in this office his sworn statement No. 1812 for the purchase of the SE 14 of section No. 18, in Township No. 208, Range No. 7 West, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on Monday the 18th day of November, 1901.

He names as witnesses: Geo. Woolly of Drain, Oregon; L. G. DeWolf of Portland, Oregon; Riley Smith of Roseburg, Oregon; Fred Iverson of Platte, Wash.
