PRESIDENT'S PROCLAMATION.

Sets Apart Thursday, November 28, as a Day of National Thanksgiving.

Washington, Nov. 2.—President Roosevelt today issued his proclamation...

"A Proclamation. The season is high when, according to the time-honored custom of our people, the president appoints a day as the special occasion for praise and thanksgiving to God.

"This Thanksgiving finds the people still bowed with sorrow for the death of a great and good president. We mourn for President McKinley because we loved and honored him, and the manner of his death should awaken in the breasts of our people a keen anxiety and a resolute purpose not to be driven by any calamity from the path of strong, orderly, popular liberty, which, as a nation, we have thus far safely trod.

"Yet, in spite of this great disaster, it is nevertheless true that no people on earth have such abundant cause for thanksgiving as we have. The past year, in particular, has been one of peace and plenty. We have prospered in things material, and have been able to work for our own uplifting in things intellectual and spiritual. Let us remember that, as much as has been given us, much will be expected from us; and that true happiness comes from the heart as well as from the lips and shows itself in deeds. We can best prove our thankfulness to the Almighty by the way in which, on this earth, and at this time, each of us does his duty to his fellow men.

"Now, therefore, I, Theodore Roosevelt, president of the United States, do hereby designate as a day of general thanksgiving, Thursday, the 28th of this present November, and do recommend that throughout the land the people cease from their wonted occupations and at their several homes and places of worship thank the giver of all good for the countless blessings of our national life.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the City of Washington, this 24 day of November, in the year of our Lord one thousand nine hundred and one, and of the independence of the United States the one hundred and twenty sixth.

THEODORE ROOSEVELT. By the president, JOHN HAY, Secretary of State.

SUBSIG BAY NAVAL STATION. According to the Plans of the Naval Board it Will Cost Over \$19,000,000.

Washington, Nov. 5.—The majority report of the naval board, headed by Rear Admiral Taylor, which has prepared plans for the proposed new naval station at Olongapo, P. I., shows that the station will cost this government \$19,350,000, exclusive of defensive works, signal station, water supply, coal station, magazines, hospital, encampment grounds and a native village under the control of the naval authorities, which it is proposed to provide for the workmen who will be employed regularly at the Olongapo dockyard. The board recommends that in addition to the four prominent points selected for the defensive works by Admiral Remy's board—Silanguin Island, at the entrance of Port Silanguin; the point on the west side of the entrance to Subig bay; Grandee Island, at the mid entrance, and Port Hian, on the east side of Subig bay entrance—another fort be located to protect the landing in Calaguasquin bay on the west coast of Zamboanga province, and that the mountain passes leading to the naval reservation on the north and east be fortified. The board's estimate for equipping the station for efficient work of repair and outfit of vessels, pending general development, is \$12,100,000. The report concludes with a statement that much of the material for the station must come from the United States, though a good part of it can be obtained at Hong Kong.

Rear-End Collision. Rosalia, Wash., Nov. 5.—A rear end collision of freight trains occurred in front of the depot here today. The engines were badly smashed, two freight cars and cabooses were wrecked, the depot was wrecked and the building fired, and one tramp was slightly hurt. The local freight train was standing on the main track. The engine was detached and was doing some switching. An extra freight train, with cars loaded with wheat, and pulled by two engines, came down the track.

Remains of Admiral Villamil. New York, Nov. 5.—The Spanish steamship Montserrat, on her way home from Havana, came into port today with her flag at half-mast. In a mortuary apartment aboard the liner is the body of Admiral Villamil, who lost his life during the encounter with the American ships at Santiago. The body is on the way to Spain. Before the Montserrat leaves, the Spanish consul and Spanish residents of this city hold memorial services.
