## RIGHT OF WAY

### Massmeeting to Be Called for Wednesday Evening Next, January 8th, at

#### Martin's Hall to Discuss the Railroad Situation and Take Definite and Final Action.

The time is now at hand when it is imperative that the business men and property owners of this city must take upon themselves the duty of securing for the proposed Cottage Grove and Bohemia railroad the free and perfected right of way for the construction of that road. Many little quibbles have arisen and a disposition is being shown on the part of some of the owners of the land through which the road must pass, if built at all, to retard its progress by unjust and unreasonable demands, while others take no interest in the project and seemingly do not care whether Cottage Grove goes forward to a substantial future or stands still. To arrive at a definite understanding of this most vital question and get a free and full expression of the citizens of this community, and to put matters in shape for immediate and energetic action, a massmeeting is now to be called for Wednesday evening, January 8th, at Martin's Hall, where it is the wish and desire that all parties interested will be in attendance. The representatives of the railroad people will be there to lay before our citizens their plans, aims and intentions and hope to meet all who are in any way interested in the building of the road, especially the farmers who live and own property on Row river.

If the road is built and equipped an outlay of from \$300,000 to \$500,000 will have to be expended. This means a great deal to this town. It means the employment of hundreds of men whose supplies will be handled here. It means an increased and lasting value in real property not only in the town but all along the route of the road. It means an added taxable value to the county of from 25 to 40 per cent. It means an increase of population in this town in the next two years from 3000 to 5000 people, putting it at a low estimate. In fact it means a vast increase in the very life blood of the business energy and progress of this whole section. It is earnestly hoped that all interested, and every man in this community should certainly be, will earnestly look into this matter and come to the meeting prepared to discuss it, act wisely upon the conclusions of the meeting, and then get in and drill to the best of his ability for the benefit of all. A most cordial invitation is extended to all to come to the meeting at Martin's Hall on next Wednesday evening.

The Albany Herald last week came out with a Christmas number containing city views, pictures of its prominent men and places of interest in its vicinity. The edition was finely gotten up and replete with descriptive and interesting reading. The Herald is an interesting paper and deserves well of the citizens of Albany.

Reciprocity with Canada in the matter of touring vehicles across the border free of duty was the chief topic discussed by the law committee of the Automobile Club of America at its recent sessions in New York City and a committee was appointed to visit Canada for the purpose of acquiring those privileges.

Never in the history of the holidays in New York has there been such lavish distribution of gifts as on this Christmas. The business houses alone gave millions of dollars to their employes. John D. Rockefeller and Helen Gould distributed new ten-dollar pieces to all the needy poor who applied to them.

## OREGON STOCK EXCHANGE.

That the Oregon Mining Stock Exchange has been quietly performing its mission during the suspension of the calls for the holiday season, is evinced by the fact that telegraphic orders for stock have been received almost daily. Daily calls on the floor of the Exchange were resumed yesterday and a number of new properties were found listed. Much interest was aroused in Oregon mining properties in Eastern financial circles by Secretary Hard during his recent trip, and increased interest in the operations of the exchange may be looked for. Among the new properties listed for daily calls was the Crystal Consolidated, consisting of five claims in Bohemia district. Two of these claims are upon the famous Helena lode, and upon them over 600 feet of tunnel work has been done with most flattering results.

Governor John R. Rogers of our sister state of Washington died at Olympia on December 26th. In his demise that state loses one of its most distinguished citizens and the people of the state one of their best and truest friends. He was a popular and able executive and at the time of his death was serving his second term. He was the champion and author of the "Barefoot Schoolboy Law" of that state and ever took a leading part in educational matters. His works for the betterment of the people of Washington will live after him and perpetuate his memory.

## ORANGE CROP BLOWN AWAY.

### Storm at Santa Ana Was the Most Disastrous in Thirty Years.

Santa Ana Cal., Dec. 27.—This section of California was visited today by the most disastrous wind and sand storm in over thirty years. The high pressure of atmosphere prevalent for several days out on the desert culminated in a high wind with a velocity of over forty miles an hour. With the wind came pillars of sand, which in this city, blew up the streets to the height of twenty and thirty feet, completely covering everything in sight. Windows and plate-glass fronts were broken, outbuildings carried away, and everything not substantially fastened was hoisted in the air.

Large walnut and other trees that have withstood storms for years were blown down and several houses were badly damaged. The sand was so thick and blinding on the streets that the traffic was practically suspended all day, only those having urgent business venturing out. All trains were one or two hours late. The electric lights of the city are all out, and telephone and telegraph service is badly crippled.

The orange crop has been virtually blown away. In some places whole orchards have been devastated. The extent of the damage will be known only after the wind subsides. The damage to the orange-growers and others will run into the thousands.

## DIED.

TRUNNEL.—On the Coast Fork, January 1, 1902, Miss Nona Trunnel, aged 18 years.

Miss Trunnel is the daughter of Robert Trunnel, and recently came here from Missouri in search of health, having been in ill health since a little girl, brought about from the after effects of typhoid fever and finally culminated in heart trouble, from which only death brought relief. She was laid away by her sorrowing relatives and friends on Thursday afternoon in the Odd Fellow's cemetery.

## MASONIC ENJOYMENT.

Last Friday evening the Masonic lodge entertained the Eastern Star Chapter in a most pleasant and happy manner. The banquet was a most sumptuous one and after it was over dancing was indulged in for some time, when all went home feeling that they had been royally treated at the hands of the Masonic brethren.

## Please Accept Our Thanks.

Our trade for 1901 has been far above our expectations. We have only our friends and patrons to thank for our best success and we feel incompetent on this occasion to fully express our sentiments. Nineteen-hundred-and-one has gone. We thank you. Nineteen-hundred-and-two is here. We wish you all the happiness it may bring. We wish you a Merry Christmas and a Happy New Year. We remain  
Very truly yours,  
**R. W. NEWLAND.**
