## HOMESICKNESS IN MANILA.

As a Cure, an American News Service Will Be Established.

Manila, Jan. 14.—Medical authorities here assert that a considerable portion of the breaking down among American residents of the Philippine islands is due to homesickness. Newspapers of Manila are urging the United States Philippine Commission to make an appropriation for a daily cabled news service from the United States, thus bringing Americans here in closer touch with their home life.

A majority of the local papers, several Army officers, civil officials and others, have promised subscriptions to help meet the cable tolls for a three months' news service of 100 words a day. An amount sufficient to cover the tolls for 70 words a day has already been subscribed. It is hoped that this news service can be begun January 15. It will be devoted to American news exclusively. The Government has offered to send news bulletins free to all points on the military wires.

Commissioner Bernard Moses, head of the Department of Public Instruction for the islands, has delivered an address to the teachers of Manila, in which he particularly urged the continued instruction of Filipino children in English. He said the members of the wealthy farmer classes were making a great mistake in sending their children to Spanish schools, as the consequent neglect in English instruction would injure their position and standing in the islands, which would inevitably and indissolubly become a portion of the American nation.

The news received from Batangas Province is cheerful. The expedition to Loboc, in Batangas, has been a complete success.
