

REMARKABLE CURE OF CROUP.

A Little Boy's Life Saved.
I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—JOEL DEXON, Inwood, Iowa. For sale by Benson Drug Co., Cottage Grove, Lyons & Applegate, Drain.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annoto Bay, Jamaica, West India Island. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by BENSON DRUG CO., Cottage Grove, LYONS & APPLGATE, Drain.

A GOOD RECOMMENDATION.

"I have noticed that the sale on Chamberlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by BENSON DRUG CO., Cottage Grove, LYONS & APPLGATE, Drain.

A CURE FOR LUMBAGO.

W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do." Sold by Benson Drug Co.

MINER WALSH'S CHRISTMAS.

A mining man, who only a few years ago handled a pick and shovel, but now lives in Washington on an income that is large, and who two years ago was reported to have made a business partnership with a European King, celebrated Christmas in a breezy Western fashion.

On Monday last he walked into a Broadway silversmith's and said modestly that he wanted to pick up a few little trinkets for gifts. He made his selection quickly and, as he ordered one valuable thing after another, the eyes of the clerk who served him began to bulge. When his shopping was finished he asked for his bill, which amounted to \$65,000, and he paid it at once with a check.

This was undoubtedly the largest private purchase of silver for Christmas that was ever made in New York.—New York Commercial.

RELIGIOUS DAYS.

Each day of the week is observed as Sunday by some nation or people. Monday is the sacred day of the Greeks, Tuesday the holy day of the Persians, Wednesday of the Assyrians, Thursday of the Egyptians, Friday of the Turks, Saturday of the Jews and various Protestant sects, while most Christians choose the first day of the week, or Sunday as their sabbath.

HAS DISCOVERED THE SOUL.

Professor Lombard of Ann Arbor, instructor of physiology in the University of Michigan, believes that he has located the dwelling place of the soul in the spinal column. He has arrived at this conclusion after many months experiments with frogs. Results of the last two days experiments seem to demonstrate that death through the medium of the brain does not terminate the control of the muscles. Thursday the professor produced before his class a live frog, from which he removed the brain.

It was then suspended by its under jaw. In an hour later a drop of acetic acid was touched to its foot. Instantly the frog began to jerk and twitch to get away from the siting of the acid. Twenty-four hours later, a tiny bit of filter paper saturated with acid was placed against the body. The frog kicked both legs and dislodged the paper. Placed upon its back the paper was shaken off. Every time it was placed on any part of the body the legs sent it a flying. Prof. Lombard calls this activity "reason movements," and will continue the experiments for the purpose of ascertaining how far the reasoning instincts may go.

WIRELESS TELEGRAPHY.

It is now believed that wireless telegraphy is likely to supplant the submarine cables over which news is now sent from continent to continent under oceans. And the latest wonder in this department of science and invention is a wireless telephone. Experiments made in Paris, France, January 11, by Ducretet, a civil engineer, are reported to have demonstrated that conversation was carried on in a low tone of voice a distance of 200 feet between the instruments, without any connecting wire, with thick walls and closed doors intervening. And the conversation was not impeded by any of those disagreeable noises which usually distract people speaking through ordinary telephones.

COTTAGE GROVE is the second city in Lane county, Oregon. Has a population of about 1,200. The center of the four points of the compass when it comes to ingress and egress. Bohemia with its vast mining resources only thirty-five miles south east, with a good wagon road leading from the S. P. R. R. depot right here in town. Prospective railroad to the mines. The Coast Fork of the Willamette river, on which is situated the Black Butte quicksilver mines, sixteen miles south, flows through the center of the city furnishing abundant water facilities.
