KNOWLEDGE IS WEALTH!

Do you know

That a Railroad is being constructed from Cottage Grove to the Bohemia Mining District
through one of the finest timber belts on the Pacific Coast?

Do you know that the ore now being transported by wagon from the Bohemia Mining
District to Cottage Grove is the same character that made Cripple Creek famous?

Do you know that this ore from the Helena Consolidated Mine contains values from Four to
Eight Hundred Dollars per ton, and is being shipped to the Omaha Smelters
through Long & Bingham's warehouse.

Do you know that the present population of Cottage Grove will double in the next eigh-
teen months?

Do you know that the fine, high, slightly tract of land adjoining Cottage Grove (formerly
owned by G. W. Long) has been platted in lots and acreage and is being offered
on terms that will enable you to double on your investment in a very short time?

The above is a few of the facts with which we can make you acquainted if you will call
upon us or write.

Address all communications to

LONG & BINGHAM,
P. O. BOX 8, COTTAGE GROVE, OREGON.

Clothes makes the woman oftener
than the woman makes the clothes.
No woman can cultivate her
mind and her complexion simultane-
ously.

Him who can be done the bunko
man is willing to do.
The more pains some people take
to show off the more pains they
give others.

The sweetness of revenge often
sours a man's disposition.
A soldier doesn't necessarily
undergo a surgical operation when
deprived of his arms.

THE LARGEST ENGINE.

The world's biggest and most
powerful locomotive, an American
compound, built at Schenectady by
the American Locomotive Com-
pany, has been sent from the works
to California, where it will haul
heavy freight over the Santa Fe
road. It represents the highest
achievement in locomotive design,
and is the most notable effort of
American builders to produce an
engine of enormous tractive power
adapted to the needs of our trans-
continental lines. From the end
of the tender to the point of the
pilot, this giant of the rails
measures 70 feet. Two engines of
this type, if they could be sus-
pended one above the other, would
reach a height almost equaling Ni-
agara Falls. The top of the
stunted smokestack is 16 feet
above the ties, and to such a
height does the dome reach that its
top had to be taken off before the
locomotive could pass in safety un-
der the overhead bridges between
Schenectady and Buffalo. The
massive boiler is perched so high
in the air that a tall man can stand
under it. But, while the dome top
is 13 feet above the driving-wheel
axles, the center of gravity is very
low, several inches below the top
line of the drivers. The engine
gets its great stability from its
massive frames, cylinder castings,
driving wheels and driving mechan-
ism. On a level track the engine
could haul a train one and one-half
miles long, carrying the harvest of
10,000 acres of wheat. Its tractive
power is 53,900 pounds; that is, it
could lift this amount of dead
weight.

Superintendent L. R. Fields and
Engineer W. A. Grondahl of the
Southern Pacific lines in Oregon,
have recently been over the road
down as far as Dunsmuir, arrang-
ing for the placing of oil tanks at
places along the line to supply the
system with fuel oil. Sites have
been selected for tanks at Duns-
muir, Edgewood, Hornbrook and
Ashland, the latter point for a time
the northern terminus of the oil-
burning division. The tanks at
Dunsmuir and Ashland are to be
of the largest class on the division,
with a capacity of 55,000 barrels.
The tank at Ashland will stand 33
feet high, and will be 115 feet in
diameter. It will contain enough
oil to represent one year's supply
of fuel as compared to the present
needs of the motive power at this
place. Superintendent Fields stated
it was expected to have the tanks
completed for use by April 1. Work
will begin at once.

Alfalfa is more easily harvested
and cured than the other members
of the clover family and is just as
nutritious for live stock either for
grazing or as hay. Alsike is
thought to yield a little more
pasturage, although it yields much
less tonnage of hay, and alsike is
not a prone to bloat as the others,
but alfalfa is the most popular
among those acquainted with the
habits of the three clovers.

NOTICE.

Notice of filing and recording of supplement-
ary articles of incorporation of Le Roy Mining
Company.

To Whom it May Concern:
Notice is hereby given that in pursuance to a
resolution duly adopted by the stockholders
of the Le Roy Mining Company on the 16th day
of December, 1901, the Board of Directors have
filed for record in the office of the Secretary of
State and with the County Clerk of Lane
County, Oregon, Supplementary Articles of In-
corporation of the Le Roy Mining Company.
The purpose of said Supplementary Articles of
Incorporation is of increasing the Capital Stock
of said Le Roy Mining Company from \$100,000
to \$200,000.

Dated this 6th day of January, A. D. 1902.
J. L. LE ROY, President.

F. G. EBY, Secretary.

We have on hand a large stock of
kiln-dried flooring, ceiling and rustic in
grades 1 2 and 3. Let us make you
special prices.
BROTHER-KELLY LUMBER CO.

Notice to Tax Payers.

NEW TAX LAW.

At the last session of the legislature a
new law was passed in regard to the col-
lection of taxes, which law took effect
on December 1st, 1901, and in substance
is as follows:

- 1 If you pay your taxes on or before
March 15th you will be allowed a rebate
of three per cent.
- 2 If you pay your taxes between
March 15th and up to and including the
first Monday in April, there will not be
any rebate and neither will there be any
penalty or interest added.
- 3 If your taxes are not paid on or
before the first Monday in April, they
will become delinquent, when there
will be added a penalty of 10 per cent,
and the tax will also draw interest at
the rate of 12 per cent per annum in ad-
dition to the penalty.
- 4 If you pay one-half of your taxes
on or before the first Monday in April,
then the remaining half may run up to
and including the first Monday in Octo-
ber following; but if the last half of
tax due is not paid by the first Monday
of October, it becomes delinquent, and
there will be added to such balance, a
penalty of 10 per cent, and in addition,
such balance will bear interest at the
rate of 12 per cent per annum from the
first Monday in April until paid.
- 5 On all personal property taxes if
one-half is not paid on or before the
first Monday in April, the law compels
the sheriff to levy upon and collect the
same after May 1st, hence to prevent a
levy upon personal property after May
1st it will be necessary for one-half to
be paid as above stated.
- 6 The law compels the sheriff to sell
all lands on which taxes have not been
paid, and that such sales shall not be
held later than March 1st of the year
succeeding the year in which the tax
levy is made.
- 7 The property will be sold to the
person bidding the lowest rate of in-
terest, and certificates will be issued
thereof, and deeds given to such
property sold, unless redeemed within
three years from the date of such sales.

The 1901 assessment rolls will be re-
ceived at the sheriff's office March 1st,
1902. Any written enquiries regarding
1901 taxes received prior to that date
will be filed and promptly attended to
as soon as the books are open for pay-
ments. In making enquiries as to
amount of taxes, if possible, give to
whom the property is assessed and a de-
scription of the same.

Dated this 25th day of January, 1902.
W. W. WITHERS,
Sheriff of Lane County, Oregon.
By Fred Fisk, Deputy. 167 sm21

Harness and Saddlery.
