NOTICE TO REPUBLICANS.

EAST COTTAGE GROVE.

The primary election to elect 11 delegates to the Republican County Convention will be held in East Cottage Grove precinct on Saturday, March 22nd, 1902, at 2 o'clock, p. m., at Martin's Hall.

G. R. CHRISMAN, Chairman.

WEST COTTAGE GROVE.

The primary election to elect 10 delegates to the Republican County Convention, will be held in East Cottage Grove precinct on Saturday, March 22nd, 1902, at Masonic Hall at 2:30 P. M.

G. R. CHRISMAN, Chairman.

There should be a meeting of the citizens of Cottage Grove immediately with the view of organizing a commercial club—at least of appointing a reception committee to meet and impart information to those coming here from abroad with the view of locating. What is everybody's business is nobody's business. An effort should be made to impress these people in the right way, and at the same time protect them from being run over by a class of people who are always too anxious to get in on the ground floor with what they have to sell. In every community there is to be found people who from one cause and another are desirous of disposing of their property. Such is the case here; but it is not necessary for property owners desiring to sell out to run over each other in an attempt to land a new comer. In fact such an action on the part of those holding real estate is apt to disgust the immigrant and turn him from our community into some other section; whereas, if he were given a chance to get his breath and to get acquainted with the people and the country before he was solicited to buy, his impression would be much more favorable, and his stay would be assured. Don't hurry the new comer. Give him time and he will stay. This part of Oregon, in particular, bears acquaintance. We have nothing to be afraid of. This is her worst of seasons. Let them see Oregon at her worst and then they will be pleased with her best.

TONGUE'S AMENDMENT.

The House Committee on Irrigation of Arid Lands yesterday ordered a favorable report on the bill drafted by senators and representatives of the Western states, with an amendment giving each state and territory the major portion of the irrigation fund derived from its public lands sales. The bill has been before the committee for some weeks, and has undergone minor changes, the amendment added yesterday being first of real importance.

As originally framed, the bill created a general fund from proceeds from the sale of public lands in the arid land states, the Secretary of the Interior being given authority to expend this amount in the reclamation of the arid tracts. Chairman Tongue, of the committee, has maintained that this gives the Secretary of the Interior too wide a discretion, and that each state should retain the bulk of its own public land sales. It was his amendment which prevailed yesterday, all the members present voting for it except Mr. Newlands, of Nevada, one of the original framers of the bill. The report will be drafted by Representative Mondell, of Wyoming, and will be urged by its friends to early consideration in the house.—Washington Post.

The amendment was timely, and is evidence that Representative Tongue is not asleep, in matters of interest to the Western states.

Are you going to register?

John P. Altgeld, ex-governor of Illinois, died suddenly at his hotel in Joliet, Ill., Wednesday morning, after a sickness of a few hours. While he was undoubtedly justly criticised at times during his public life, for all of that he had many admirable traits, among them charity, which can always be relied upon to cover up a multitude of sins.

The primaries are soon to be held. Let every man who attends do so with the spirit of fairness for all concerned. Let him remember that it takes good men in the primaries, who know best how to work for their constituency, to get good men before the convention and effect their nomination. Every republican should get out at the primaries and help things along from a broad party point of view.

MASS MEETING.

A mass meeting will be held at Martin's Hall on the evening of March 24 for the purpose of nominating a mayor, recorder and councilmen, to be elected for the term of one year on the first Monday in April. Every citizen interested in good government and who takes a pride in the successful manipulation of municipal affairs should be present.

A dangerous counterfeit is in circulation in the Willamette valley. It is a spurious five dollar gold piece, and is a perfectly made coin. The body of it is nickel, gold plated, and with the exception of its light weight, is so perfect as to deceive experts when new. It bears the date 1896, and has the milling of the genuine coin. Business men would do well to keep their eyes open for this coin.—Tidings.

Hundreds of immigrants are now in the borders of Oregon. Shall the people of Cottage Grove make an effort to secure its share, or shall they content themselves with the present condition of affairs, and wait for people to find out for themselves that here is one of the best localities in the state? If we trust to the latter method we will get a very small per cent of the immigration, and it won't be any less than we deserve.

The Terry Uncle Tom's Cabin Co. played at Martin's Hall Saturday night to a good audience. While they put up a fairly good bill, they were in one sense of the word not entitled to patronage, and the people should by common consent, decline to support such an aggregation. They come in their own cars. They eat and sleep aboard their train. They stable their live stock and carry their own dray and team. In fact they play a game to get every dollar they can and pack it out of the town without breaking one of them. Its a one-sided proposition, and should be resented in every town in Oregon. Where a company, dependent upon the people for its support, is too niggardly and close to feed its people at a hotel, and so everlastingly stingy that it begrudges the city drayman a dollar or two for hauling the baggage to and from the opera house, the people should wait for some other show with equal talent and not half as much greed.

SCHOOL NOTES.

The enrollment has reached the high water mark exceeding that of any previous year.

Frankie Howard was severely hurt by falling from a swing last Friday. All trust to see her about soon.

Several new maps of the United States have been received recently, supplying a great need for working material in the school.

The work of the year is being closed for the general review, preparatory to final examination. It will be a great help to the pupils to be present during this work, as it will be the means of strenghtening and gathering up all points.

Remember the lecture for Friday evening by Dr. French, of the Training School, at Monmouth. You can help supply a great need for reference books by being present, besides enjoying a pleasant trip through Europe.

CARD OF THANKS.

We desire to express to our friends and neighbors and to Dr. Schleef and wife our sincere and heartfelt thanks for their kind services during the illness and death of our daughter Vivian, and during the illness of our daughter Mary and Doretha.

MR. AND MRS. A. A. COFFIN,
Divide, Ore.

Let everybody give cordial welcome to the immigrants, who are now looking up locations in Oregon.

Don't forget the primaries on Saturday, March 22.

ALAS, TO TRUE.
He was sitting on the table, eating more than he was able. He was healthy, he was strong, but he ate to much and drank to much also. In fact he got the snakes. But lucky for him he sent his little boy to the New Era Drug Store, P. S. He was cured with a package of their Worm Powders.
