PURCHASED HALF INTEREST.

This week, Lee W. Henry, a well known newspaper man of Nebraska, and until this week identified with the Eugene Register, purchased a half interest in Bohemia Nugget, and will take active business management of the paper this coming week.

SUHLAW APPROPRIATION.

The following telegram is self-explanatory:

Washington, April 12, 4:14. Hon. W. Kuykendall, M. D., Eugene, Oregon.—Succeeded in getting appropriation for Siuslaw raised from \$26,000 to \$35,000 in the bill as reported to the senate. JOHN H. MITCHELL.

The additional appropriation for Siuslaw is evidence of the "power behind the throne," when it comes to substantial work in congress, John H. Mitchell is a man who never sleeps when an opportunity occurs to serve his constituents and he meets with marked success in every effort.

Thos. H. Tongue as an able co-worker is ever on the alert for Oregon's interests. This is a good pair to draw to gentlemen.

RIGHT OF WAY.

It behooves every citizen of Cottage Grove and vicinity to use their utmost influence toward securing the right of way for the Cottage Grove and Bohemia railroad. Individually and collectively every one will be benefited by this enterprise and nothing should be left undone toward assisting the company in getting the most reasonable terms.

If the citizens will give the railroad the proper encouragement they will certainly reap a reward when the country is advanced in the way of good prices and good returns for everything that is marketable and the market will follow the railroad. The time for action has arrived so let everyone lend a helping hand.

PERTINENT.

The Guard has the following pertinent paragraph:

Although Governor Geer will soon be out of the job at Salem he fights shy of the farm he talked so much about during the campaign four years ago. He would even consent to take a seat in the United States Millionaire Senate Club to keep from digging Marion county and again.

The great pulpit orator, T. De Witt Talmage, died last week, after an illness of several months. Few men have gained the pulpit renown that was his, and yet as one goes over his lengthy sermons, which have been published broadcast the world over, segregating logic from oratory and dramatic effect, one is surprised that the man has commanded the attention throughout the Christian world that he has.

It is announced in the Guard over the gentleman's signature that Hon. C. K. Hale, will not accept the nomination for representative on the democratic ticket of Lane county. In this Mr. Hale shows good judgment. While he is as good a man as the democracy of Lane county could put up for representative honors, it is a foregone conclusion that he could not hope for election, in view of the republican complexion of the county, especially with such men as Hon. L. T. Harris, J. M. Shelley and I. N. Edwards nominated on the republican ticket.

In 1900 the west precinct of Cottage Grove registered 264 votes. According to information received from the county clerk thus far only 187 have registered this year, leaving 77 yet to register, taking it for granted that the voting population has not increased. In all probability there are more voters now than two years ago. Gentlemen, you have until May 15th to register. Every day you put it off adds to the uncertainty of your right of franchise. Don't neglect it. All should register, and should do so as early as possible in order to expedite the work of the county clerk.

While we are advertising the town it would be well to bear in mind that a splendid advertisement could be made by being able to chronicle the fact that the city was taking active measures to provide the city with a first-class sewerage system, and that the banks of the river within the corporate limits of the town have been ordered thoroughly cleaned and to be kept clean from filth and rubbish from now on.

The renomination of A. J. Johnson for sheriff on the republican ticket seems to meet with the hearty approval of South Lane republicans. Mr. Johnson has a record of being one of the best sheriffs ever placed in office by the voters of Lane county. He is a successful business man, worthy of confidence and of any position that the people may see fit to give him.

A prettier compliment could not be paid State Senator Wm. Kuykendall than that tendered him in the matter of his renomination for state senator in the county republican convention by unanimous vote. It means his election when the count is made next June, by a rousing majority.

If you have registered heretofore, you must do it again or you cannot vote. Don't disfranchise yourself but register at once.

How about a creamery?

Every farmer should study how best to increase his income this coming season. More produce will be in demand from now on, than heretofore, and it does not profit Cottage Grove or its immediate surroundings to ship in produce here from other localities. Let us raise it.
