

SOMWHAT EXCITING.

Last Sunday two young men of this place had a misunderstanding in regard to some trivial matter and thro' the encouragement of others who are ever handy and just dying to see a "scrap," they agreed to meet at once outside the city limits and settle it by determining who could knock the sawdust out of the other. The "scrap" took on quite a serious aspect when it developed into a sort of a "heerly-go-round" in which a nasty looking knife and a club large enough to fell an ox were brought into play. However nothing more serious than a black eye resulted altho' the prospect seemed good for a coroner's job and the rendering of one or the other "hors de combat." In the event of another such misunderstanding a board of arbitration should be appointed to settle it.

CHANGES AT AMOS.

Mr. John Sutherland the genial postmaster of Amos, was a pleasant cash caller at this office Saturday. Mr. Sutherland has taken in a new partner, Mr. Levi Gear, and the new firm will open up with an increased stock of general merchandise about July 1st, in the new store building that is now being built about a mile this side of the present location. Mr. Sutherland also informs us that he has received notice from the department to change the name of the postoffice as it is confused with the name Ames, another postoffice in the state. A petition is being circulated and freely signed to change the location and name of the office there, the name London being most in favor.

COYOTE KILLED.

A robust coyote fell a victim to the unerring aim of Cottage Grove's crack shooters and dogs Sunday. All of this occurred down in Walker's pasture, where Messrs. Barker, Petrie, Pitcher and Johnson et al. went with malice aforethought to do something worthy of note. They took the dogs along however, and by a scratch brought back the trophy. The hunters inquest disclosed the fact that the coyote was full of holes and very tired when overtaken. This is what usually happens to any sort of "varmint" that overfeeds itself in the vicinity where these well bred dogs are shipped.

A BLOW UP.

Jack Rice became too handy with giant powder last Sunday. He was attempting to place a cap on a fuse when the cap exploded. Luckily for Mr. Rice the only damage done was a burning of the hand in which he held the cap. It is said that there is sufficient explosive force in one of those caps to blow a man to atoms, and it is only one chance in a thousand that one would escape going to his maker, under similar circumstances. However, Mr. Rice probably thinks that it is better to have that one chance in his favor than to have been born rich.

TO ORGANIZE A CLUB.

There will be a meeting of the base ball enthusiasts of the city, at the office of the Sherwood hotel, Saturday evening, at 8 o'clock for the purpose of organizing a base ball team for the season of 1902. This meeting is not confined to players only but a cordial invitation is extended to all who desire to see Cottage Grove have the best amateur team in Oregon. There is nothing that does more to advertise a town throughout the state than a peerless, invincible ball team.

RECORDED BROTHER RATTLED.

Bob Veatch, Billy Edwards and one of the Gaudy boys returned Wednesday evening from an all day snake hunt down at Lynx Hollow and reported good success which they backed up by producing eight dead rattlers and three that they had captured alive. Those captured alive were taken to Dr. Anderson who gave them chloroform and extracted the six poison fangs from each of them thus rendering them as harmless as doves. They will be kept as pets we suppose for the children to play with.

RECORD BREAKERS.

Long Tom can step to the front this week. A ewe on the Henry Knoeble place gave birth to five lambs. Four lambs at one birth is heard of occasionally but five beats the record. And now comes George Bosquet with a goat that gave birth to a kid with three legs. It is just as lively as any goat kid on the place.—Junction City Times.

I. O. O. F. AT GOSHEN.

Thirteen of our most enthusiastic Odd Fellows went down to Goshen last week to assist in the institution of a new lodge of that place with forty charter members. They report a very enjoyable time and say they were treated royally while there. One can't judge of a town's hospitality by its size.

DAILY MAIL SERVICE.

The department has ordered a daily mail service from Cottage Grove to Blackbutte, via Amos, said order to go into effect May 1, 1902. This news will be hailed with delight, as the business enterprises at either place have much need of daily mail service.

Al Churchill, the veteran printer, now interested in Bohemia, in the Fairview group, is in the city this week, shaking hands with his many friends and taking a few days needed rest. The Nugget feels kindly toward Al, for many times he has performed good service for the paper when short of help. He is always to be relied upon.

THE TERMINAL GROUND

Companies Agree Upon Union Depot.

THE WORK TO BEGIN SOON.

It is announced upon good authority that contracts are being closed this week in Portland, and that everything will be in readiness for immediate work on the Bohemia railroad by the last of this week. In fact several car loads of equipment are expected to arrive in a day or two, the contract for the first ten miles of grading having been let to a Portland firm through Alexander & Campbell, of this city. It also comes from reliable source that a conference of Oregon & Southeastern and Southern Pacific people has been held and that a satisfactory understanding was reached regarding the building of a union depot on the terminal grounds donated by Long & Biuglam. The measures talked over will probably be ratified by the proper officials of the respective companies in the immediate future.

GOOD FOR RHEUMATISM.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jersey man. After two applications of this remedy, I was much better, and after using one bottle, was completely cured. Sallie Harris, Salem, N. J. For sale by Lyons & Applegate, Druggists, Benson Drug Co., Cottage Grove.

JUDSON ROCK MINE.

At a meeting of the Directors of this mine on Tuesday, Apr. 22, it was decided to put a limited amount of the treasury stock on the market at 5 cents per share. Owing to the magnificent showing in the main tunnel a face of ore five feet wide, solid, running \$10.50 in gold and six per cent gray copper, this is undoubtedly the cheapest stock as the Judson Rock is past the prospect stage and is destined to become one of the greatest mines in Oregon. There is none of the common stock of this mine for sale and only enough of the treasury stock to prosecute the development of the mine. This property consists of nine claims, six of which are on three cross-cut tunnels, and a vein of the mountain is real and will give a depth of about two thousand feet.

BETTER THAN PILLS.

The question has been asked, "In what way are Chamberlain's Stomach & Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. A large crowd was present and marked attention was given to the sermon and services. Each year brings a few people of the Episcopal faith here, and it is to be hoped that it will not be long until the church can be represented here by a substantial edifice.

W. Withers of Eugene. Under the head of Good of the Order interesting talks were made by the visiting brothers, and special interest was taken in the remarks of Grand Officer Hart.

If there is one thing in this world you should be careful of, it is the medicine you take. Medicine is a godsend to man only when properly prescribed, properly compounded and properly taken. You undoubtedly have faith in your family physician, when it comes to taking it, but in the filling of the prescription, be sure that it is done at the old reliable drugstore, BENSON DRUG CO.

Local Breveties.

Several severe cases of tonsillitis reported at Anlauf. The Salvation Army is once more at work in Eugene. Eugene is soon to have free city mail delivery and applications for carriers are plenty. Lot 6, block 2, of Perkin's addition was this week purchased from C. L. Garoutte by L. Archibald, for \$120. Dr. Wall expects to commence the erection of his new office on his lot recently purchased on Main street. F. D. Wheeler has recently sold lot 1 block 2 of Shield's addition to C. B. Bruneson for a consideration of \$1279.00. Wednesday evening the marriage of Mr. Elmer Roberts and Miss Mable Crow took place at the Episcopal church, at Eugene. There are some drains and cess-pools in the yards of private residences in this city that should receive the attention of the health officers. Bicycle riders should bear in mind that there is a city ordinance against riding on Main street sidewalks. Don't forget it for it may cost you a fine. It is said that several deer have been "seen" near this city the last week or two. Were it not against the law no doubt someone would be out looking for them with a gun. A young son of Angelo Perini, an Italian living near Anlauf, died Sunday of diphtheria and was buried Tuesday. Several more of Mr. Perini's children are also said to be dangerously ill with the same disease. There was quite a heavy frost last Tuesday evening but it did not seem to damage the fruit prospect in the least. The prospect for an abundant fruit crop was never brighter in this part of the state than it is this year. The baseball enthusiasts of Eugene met Monday evening and organized a team to be known as the Hampton Bros. Baseball Club and will commence business immediately. This promises to be a lively year in baseball circles this season and Cottage Grove expects to cut some ice. The Eugene Guard is authority for the statement that on account of the recent warm weather and the melting of the snow in the mountains the river at that place is nine feet above low water mark which it states is something unusual for this time of year. R. A. Duff, an employee of the Booth-Kelly mills, at Coburg, was seriously injured last Sunday by having his nose mashed, jaw broken and head injured, causing contusion of the brain. He was assisting in running logs into the pond when he slipped and fell and as he came up his head was caught between a couple of logs. He has a fair chance of recovery. Drugs like wearing apparel—to give best results must be of best quality. Benson Drug Co. always keeps the purest drugs obtainable. NOTICE FOR PUBLICATION. Gray, of Aurora, County of Marion, State of Oregon, has this day filed in this office his sworn statement No. 292, of the purchase of the NE 1/4 of Section No. 30 in Township No. 20 S., Range No. 6 W., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land, before the Register and Receiver of this office at Roseburg, Oregon, on Thursday, the 10th day of July, 1902. He names as witnesses: W. S. Hurst, G. A. Book, John B. Hurst, J. M. Wil, of Aurora, Oregon. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 10th day of July, 1902. J. T. BRIDGER, Register.
