SIUSLAW SHIPPING NEWS.

Judging form the following as ticle from the Plorence West, that town is becoming quite a shipping point: "Last Friday afternoon the achooners, Bella, Mary Etta and Danielson arrived in from San Francisco after cargoes of lumber. Late that afternoon the Wing and Wing sailed in across the bar. With those already here, this made nine vessels besides the tug in the river at the same time. This is the largest number of vessels ever seen in the Siuslaw at once, and shows something of how much the shipping business of the river has increased from what it was three or four years ago. Then it rarely happened that there were two vessels to be seen here at one time."
