FRIDAY, JUNE 27, 1902.

TO OUR PATRONS.

Owing to a rush of business and work crowding upon us, it has long been apparent that we could not devote sufficient time to our subscription collections to keep the list clear of arrears.

This week the proprietors of the Nugget visited Portland and purchased a \$1,000 Campbell press, which is to be delivered here complete by the 20th of July.

On our subscription books we find \$450 delinquent over one year. The purchasing of a \$1,000 press for a country town newspaper, is no small item and necessitates close figuring and economic management to "dig up" the price.

For this reason the management of the Nugget is particularly anxious at this time to get in its money, that it may meet the paper's obligations and at the same time equip the plant in a manner that will guarantee the patrons a better paper.

We haven't the time to go out and ask every one who owes us from \$1.50 to \$3 to pay up, and our patrons ought not and probably do not expect us to. However, we find ourselves in a position where we must have our money.

In order to expedite matters and at the same time make it easy on us and our patrons alike, we have decided to place our accounts with the National Publishers' Association, which association will look after them and adjust all claims at an early date.

It should be borne in mind by subscribers that this is not done because we think we cannot get our money ourselves, or because we are afraid you will not pay; but for the best of reasons, namely, to get our money quickly and in a lump, so that it will be of some benefit to us. At the same time you will note that in paying the small amount due you will not only whittle down your personal indebtedness, but you will have the satisfaction of knowing that you have helped us in a worthy cause, that of placing in your town not only the first, but one of the best power presses in the Willamette valley.

We trust that when you receive a statement of your account from the National Publishers' Association, you will consider it in the proper spirit and compliment us by paying your bill. If there should be an error in your account, notify them and they will notify us. If you find ourselves in error we will cheerfully make corrections.

Trusting that in this way you will take pleasure in assisting a commendable improvement and at the same time renewing your credit, we are

Yours truly
HOWARD & HENRY.

There are few who have given the smelter proposition, regarding which an interview with M. O. Warner, the promoter, may be found in another column, serious consideration. It has long been apparent that, in view of the Bohemia district being a smelter proposition, that no material revenue can be expected from the mines until smelter accommodations all have been provided. Heretofore all shipments have been made to the smelter at Tacoma, but owing to the excessive freight charges made necessary by the long wagon haul from Bohemia to this city, which cuts a hole in the shipment of \$10 per ton added to the S. P. Co. charges and the cost of smelting, there has been little left for the mine owner, although in many instances the ore has been of such high grade that a good profit has been realized; however, not without loss, from the fact that much ore had to be handled and thrown on the dump which would, with convenient smelting facilities, be a profit maker. Now we have a proposition from prominent men, who are endorsed by some of the best business men of Oregon, who are ready to take up the matter and place a smelter in operation at the door of the district. Every man in Cottage Grove and in the mines should become interested and take active measures in encouraging this company. It is natural that the company should expect some encouragement from the miners and business men of Cottage Grove in the matter of liberal subscriptions for stock, and no doubt the response will be generous. It should be for this reason that it is a safe investment and will pay a handsome dividend on the investment. Let us all help the smelter.

MUSIC IN THE PARK.
The C. M. A. Band entertained visitors at the park Sunday afternoon with a number of good selections. The band is improving very fast and is deserving of the hearty support of all enterprising people.

NEW ADDITION.
John Stoneberg is making considerable improvement on his building near the bridge. A new porch on the rear overlooking the river, a new bath room, and some additional space in his barber shop.

MECHANICS BUSY.
Every available carpenter and painter in Cottage Grove is now busy and with orders for work way in advance. The painters in particular are crowded to the extent that the craft at Eugene has been drawn upon for extra men.

NEW LAUNDRY.
E. A. Lewis, of Butte, Montana, is stopping at the Imperial hotel. He is a laundry man and is already setting up a plant here for the benefit of the local trade. Success to him.

THROWN FROM A HORSE.
Dave Hankins while riding a wild horse Monday, on River street, was thrown lighting on his head and shoulders and was very badly bruised.

WANTED.
Timber to basal wood at Alca. \$4 to \$5 per day can be made. Apply to Pacific Timber Company, Cottage Grove, or G. Johnson at Alca.

The weekly country newspapers need to insist upon one thing, namely, that they shall be paid for what they do; that their space is stock in trade; that they are legitimate business concerns and subject to the ordinary laws and rules of business—not philanthropic institutions. When newspaper men insist upon having coin in exchange for space and subscriptions, same as they do for job work, there will be fewer of them on the five-cent counter—there will be less poor weekly newspapers and fewer cheap newspaper men, who, if the above rules were adhered to, could look with complacency upon their bills of expense, the public would be getting more for their money and the community benefitted in many ways now unthought of. Then there would be fewer "newspaper plants" under the grinding mortgage which in nine cases out of ten hang on like grim death to a dead nigger, until the "tiny house plant" which for years has been endeavoring to supply a "long felt want," turns up its little pink toes to the daisies.—Junction City Times.

Hon. L. T. Harris, republican representative of Lane county is now being strongly talked of throughout the Willamette valley for speaker of the house for the coming session. Mr. Harris is not only one of the brightest men in Oregon, but he is one of the most popular. He is particularly adapted to the position, and that body can confer no greater credit upon itself than in seating him in the speaker's chair.

KILLED A COUGAR.
Bert Lawson has developed into a full-fledged cougar hunter. Wednesday while riding along the road just beyond Wes Chrisman's home on Row river, he discovered a cougar sneaking along the river bank. Bert didn't do a thing but back track to Mr. Chrisman's house and get a gun and at a distance of 200 yards plugged his cougarish with a chunk of lead that caused him to turn up his toes to the daisies, then and there. He was medium size, and the skin is very nice.

WORTHY GRAND PATRON.
Darwin Bristow returned last week from the regular annual session of the Eastern Star, Grand Chapter of Oregon, which was held at Portland, and of which he is a member. Mr. Bristow was promoted from the office of Associate Grand Patron which he already held to that of Worthy Grand Patron, the highest office to which a man is eligible.

WILL CELEBRATE.
The residents of Amos are arranging to give a celebration on the Fourth at the Oregon Mineral Springs, twelve miles, located on the Coast Fork, a picturesque place, and no doubt many people will take advantage of the day to visit that section of Lane county.

ANOTHER SALOON.
Messrs. Blew and Jones have rented the old saloon building formerly occupied by the Bohemia saloon and are having it refitted with the view of opening another place of business. Mr. Blew will have charge of the new house while Mr. Jones will oversee the old house on the west side known as the "Resort."

NEW PRESS.
The proprietors of the Nugget were in Portland last Monday and while there purchased from American Type Founders Co a high grade Campbell cylinder press which will be installed in the Nugget office about the 20th of July.

CHILD HURT.
Carroll, the 5-year-old son of William George of Saginaw, while playing fell from the fence, at his home Monday, and sustained severe injuries to his back. It is thought that with good care he will recover. He is a grandson of W. C. Boren.

MUSIC IN THE PARK.
The C. M. A. Band entertained visitors at the park Sunday afternoon with a number of good selections. The band is improving very fast and is deserving of the hearty support of all enterprising people.

NEW ADDITION.
John Stoneberg is making considerable improvement on his building near the bridge. A new porch on the rear overlooking the river, a new bath room, and some additional space in his barber shop.

THE GLORIOUS FOURTH

Program Arrangements Progressing Rapidly.

BIG CROWD AND GOOD TIME ANTICIPATED.

Preparations for the Fourth of July celebration has been progressing rapidly this week. The committee have been hard at work, and everything bids fair to develop a life-sized celebration.

The Committee on Printing has gotten out posters and they have been sent throughout the county. The Program Committee is making its arrangements, having already secured Hon. Lee Travis as speaker of the day.

The committees are hard at work and indications point to a very successful celebration.

LeRoy Machinery.

The LeRoy Mining and Milling Company has placed an order for a machine plant with The Hammond Manufacturing Co., of Portland, which will be on the ground in 30 days. The plant consists of one 10x12 Leyner Standard straight line air compressors; one 30x8 air receivers; two No. 3 water Leyner air drills, complete with 6 1/2 foot columns; one set of blacksmith tools, complete; one standard tubular boiler, 35 horse power, besides all necessary fixtures and a good supply of steel. This is the first plant of the kind installed in Bohemia district, and will enable the company to drive about eight feet per day, whereas with the present hand drill method about one foot is being driven, by reason of the exceedingly hard work now being encountered.

NOTICE FOR PUBLICATION.

United States Land Office, Roseburg Ore., June 16th, 1902. Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Gerard Strating, of Pease, County of Mille Lac, State of Minn., has this day filed in this office his sworn statement No. 2716, for the purchase of the SW 1-4 of Section No. 22 in Township No. 22 S., Range No. 6 West, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Marie L. Ware, U. S. Commissioner at Eugene, Oregon, on Wednesday, the 3rd day of Sept., 1902. He names as witnesses: Gerard Strating, of Pease, M. N., C. E. Trumbull, John Wagner, Lee Allen, of Drain, Oregon. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 3rd day of Sept., 1902. J. T. BRIDGES, Register.
