SEVERAL WOUNDED

Riot at Wilkesbarre During Which Deputies Fire On Strikers.

Wilkesbarre, Pa., Aug. 16.—A riot occurred at the Warneke washery at Durkee during the afternoon. Trouble had been brewing since early morning. Before 7 o'clock women and boys crowded about the place and started to interfere with those who wanted to go to work. Sheriff Jacobs and a number of deputies were on the ground, and they held the crowd back. The works were started, but remained in operation only a short time. The crowd on the outside threw stones over the stockade at the deputies who were on guard inside. Several times the deputies were tempted to fire. Rather than have any trouble work was suspended for the time being.

The deputy sheriffs returned to Wilkesbarre early in the evening, reporting all quiet at the washery when they left. They had hardly reached Wilkesbarre, however, when the deputies on guard were attacked. Several men in the mob also attempted to climb over the barricade. The deputies warned them to go back, and when they did not, a volley was fired. Half a dozen men were wounded, but most of them, so far as is known, seriously. Warrants have been sworn out before the burgess charging the deputies with rioting and felonious wounding. The constables went to the washery and placed 25 men under arrest. They were held in \$300 bail each. They could not furnish the bonds and were brought to the county jail here.

San Lake City, Aug. 16.—The grand lodge of Elks has adopted the recommendation of the committee on rules and laws, absolutely prohibiting the holding of street fairs or carnivals under the auspices of Elks' lodges. As a number of lodges throughout the country have already made arrangements for fairs or carnivals, to take place in the next few months, the law will not go into effect until January 1. The debate over the question was spirited, but the feeling of the members of the lodge that such fairs and carnivals were not in accord with the fundamental principles of the order was evidently very strong, and the committee's recommendation was overwhelmingly adopted.

AUTO TIRE BURST.

Charles Fair and Wife Killed in France—The Machine Ran Into a Tree.

Devereaux, France, Aug. 16.—Mr. and Mrs. Charles Fair were returning from Tourville in Paris when their automobile swerved and crashed into a tree, 15 miles from here. Both were killed. The chauffeur has become insane as a consequence of the shock. The accident was evidently due to the bursting of a tire. At the time of the accident, the automobile, which was capable of running 74 miles an hour, was going at the rate of 62 miles an hour. Mr. Fair was a son of Senator Fair of California.

The combined salmon pack of British Columbia and Puget Sound in 1901 was 2,319,912 cases. HILL'S IRON MINES

MOUNTAIN OF ORE IN CHATEAU COUNTY BOUGHT.

Said a Great Iron Plant Will Be Established at Great Falls—Manganese Necessary for Smelting, which Has Hitherto Been Lacking. Has Been Discovered Close at Hand in Jefferson County.

Great Falls, Mont., Aug. 19.—President Hill, of the Great Northern railway, will erect a monster steel and iron plant here, for which plans have been drawn, according to information from those in close touch with the railway magnate. Wednesday night, it has since developed, Mr. Hill purchased a half interest in the Conrad iron mines in Chouteau county, for \$25,000. The mines lie in the Sweet Grass hills and constitute a veritable mountain of ore. There is enough mineral in sight to keep an ordinary plant supplied for a hundred years, according to Mr. Hill's experts who have examined the property. W. G. Conrad, owner of the mines, has confirmed the sale to Mr. Hill.

One factor which has been lacking in the reduction of the iron ore to metal has been manganese, which mineral is necessary as a flux in the smelting. To overcome this difficulty, President Hill, together with United States Senator Ellis Gibson, has purchased the recently discovered deposits of manganese in Jefferson county, on the line of the Great Northern. Seventeen thousand dollars were paid to Ira Meyers, of Great Falls, for this property. Mr. Hill and his party inspected the manganese deposits Friday and Mr. Hill expressed himself in high terms regarding the showing made.

Before leaving Great Falls Mr. Hill made the remark that he would establish an industry in Great Falls that would employ more men than a number of railroads.

Along the line of the Great Northern Mr. Hill has been acquiring deposits, paying for one group near the Spokane & Northern line \$400,000. This deal was made through J. D. Farrell, president of the Pacific Coast company.

MANY TO BE THROWN OUT.

Harvester Consolidation, It Is Said, Will Abolish 10,000 Positions.

Chicago, Aug. 19.—The Inter-ocean says:

Following the International Harvester Company's public declaration that economy in the manufacture and distribution of agricultural machinery was the motive for effecting the \$20,000,000 merger, several of the Chicago companies that make up the combine have issued letters to their general agents throughout the country ordering a reduction of about three-fourths of the total number of employees representing these companies in the field. The other companies in the combine are preparing to follow their example. Equally radical reductions in the office forces are being planned by all, it is said, for the near future. Ten thousand men in all are expected to lose their positions.

WANT TO BECOME AMERICANS.

Members of Religious Orders Expelled From France Plead to Be Sent Here.

Rome, Aug. 18.—Members of religious orders expelled from France, especially sisters, are applying to the Vatican to be sent to the United States. A reply has been sent to them pointing out that there are no vacancies in the United States, and besides, calling attention to the difficulty arising from the fact that the expelled sisters do not speak the English language. Canada has been suggested as a better field, as sisters are comparatively scarce there, and because French is spoken in a large part of the Dominion.

The applicants, however, do not take kindly to the suggestion and persist in their requests to be sent to the United States.

Canada Feels We'll Get Greenland.

Ottawa, Ont., Aug. 19.—A portion of the Canadian press is considerably disquieted over the rumor that the United States is likely to acquire the territory of Greenland by purchase from Denmark. THE NEW TAX LAW.

County Court Has Not Now Any Jurisdiction to Extend Time for Payment.

Salem, Or., Aug. 18.—Under the new law for the collection of delinquent taxes, unpaid taxes become delinquent after the first Monday in October. The county courts have absolutely no jurisdiction in the premises and do not have the right to extend for a day the time for the collection of any such delinquent taxes. Under the old law they became delinquent after April 1, but the county court had the authority to make such extension of the time in which to make the collections as was deemed proper. But under the new law the taxes will absolutely become delinquent after the first Monday in October.

Section 14 of the law now in operation prescribes the times of payment, the amount of penalty and interest for delinquencies, etc.

Section 19 of the same act treats with the delinquent roll and prescribes when and in what manner it shall be made. It is as follows:

If any of the taxes mentioned in the roll shall remain unpaid, and the sheriff shall be unable to collect the same, he shall immediately after the first Monday of October extend the amount of the tax on each several parcel of real property, and upon the personal property assessed to each individual, in a column provided for each purpose on the tax roll, headed delinquent, and shall return such roll, together with a statement compiled therefrom, and entered thereon showing the total amount of double assessments, and other errors, etc.

Subsequent sections of the act provide that after the examination by the county clerk of the roll, and when the proper credits have been made for errors, etc., then the roll shall be returned to the sheriff with a warrant commanding him to sell the property upon which the tax was levied. "So it will be seen that the county court has no voice in the matter. The time when the unpaid taxes become delinquent, as well as the time of their collection now being regulated entirely by statute, and there will be no extension of time.

Geer, governor of said state, do hereby recommend that all places of business of whatsoever kind, as far as possible, be closed on Monday, September 1, 1902, and that the day be devoted to an observance of such exercises as may contribute to a better understanding between labor and capital, the great moving forces behind modern industrial development, and it is especially urged that employers cooperate with their employees in a mutual observance of the day in such manner as will fittingly recognize the reliance which each must place upon the other before the best results from both may be expected or obtained.

"In testimony whereof I have hereunto set my hand and caused the great seal of the state to be affixed thereto. Done at the Capitol, in the City of Salem, this 13th day of August, 1902. T. T. GEER, Governor."

SURPRISED BY MOROS.

Outpost Attacked and Two American Soldiers Killed.

Manila, Aug. 15.—A small party of Moros surprised an outpost of the Twenty-seventh infantry at Camp Vickers. Sergeant Foley and Private Carey were killed, and Private Vandorn was severely wounded. The Moros, who numbered only a dozen, were armed with spears and swords. The morning was foggy. The attacking party crawled to within a few feet of the sentinels and then sprang upon them suddenly. The entire outpost rushed to the relief of the sentinels, but they were too late, and the Moros escaped, although possibly a few were wounded.

The American sentinels were terribly cut with the swords and spears. The attacking Moros stole all from the outpost, and the occurrence will probably result in a move against the town, which has a strong fort and other defenses.

The remaining half of the capital stock will be left virtually with the farmers in the various banks where the money has been raised, to enable them to carry their crops for a more favorable market. Two of the men who swear they were shanghaied made their escape and are back in this city. They tell in affidavits furnished to the World how they were lured to Pittston, how their car was attacked by strikers, how they were fired upon, and how they were finally rescued by an armed band and brought to a shed near the coal mine.

None of them was told, according to the affidavits, that he was wanted to take the place of striking miners. "There will not only be the bridge across the Columbia river, but also one across the Willamette, to give us a proper entrance to Portland. It will also be necessary to tunnel through the backbone of the peninsula between the two rivers. Our surveys have just been completed and we are going ahead carefully with the other arrangements. It will take about \$3,000,000 to bring our trains into Portland from Vancouver, and we will not undertake such a large work without the most careful consideration. We cannot bridge the Willamette river until congress gives the right to do so. But the Columbia bridge need not wait for that, and its construction will go forward at once.
