

# Local Brevetles.

Some of the Happenings About Town During the Past Week.

A. S. Powell transacted business in Eugene Tuesday.

Me. L. A. La Jole, of Walker, was a pleasant caller at this sanctum last Saturday.

Messrs. Huff, Kiser, Bennett and Veatch attended the Whitteker funeral at Eugene Sunday.

Ed Jones, who is now superintendent of the saw mill at Leona, visited his family here last Sunday.

J. C. Long, of the firm of Long & Bingham, made a business trip to Portland last week.

Miss Nina Ostrander went to Eugene Sunday where she will resume her duties as operator at the Postal Telegraph Station.

Chas. Hane, who has been day clerk at the new Standard Hotel in Eugene since it opened, has accepted a position in David Lichte's shoe store.

In another column will be noticed the business card of Assayer Herbert Leigh, of Eugene, who is well known by many of our readers in Bohemia.

Barton C. Y. Brown bent man in our job department, with his wife and baby took a trip to the Oregon Mineral Springs last Sunday returning Monday.

B. K. Lawson has been appointed administrator of the estate of A. V. Hainock who was recently killed by an explosion of dynamite at the Helena mine.

Mrs. Daniel Beck was taken to Portland Monday, accompanied by her local physician, Dr. Anderson, where she will undergo an operation at the hospital.

Mr. Charles Janin, of San Francisco, who has been making an extended trip through Bohemia during the past two or three weeks, returned Tuesday, on his way home.

Otto Gibrat, of the Eugene Register, left for Eugene Tuesday evening, leaving Wednesday on horseback for Loran, where he will remain during the fair in the interests of the Register.

E. C. Lockwood came down from the Bohemia hills last week and tarried in the city Friday. Saturday he drove over to Loran, where he will remain a couple of weeks visiting his parents who reside there.

Mrs. E. R. Goodman has accepted a position in the dry goods department of Eakin & Bristow's store. With this addition and Mr. Callahan in the bank, the overworked proprietors hope to get a breathing spell once in a while.

We are pleased to state that five brand new cash subscribers were enrolled on our subscription list last Saturday alone. Of course, we do not wish to imply that as many new ones are added every day, yet it is a fact that our list is growing rapidly, a fact that is indeed gratifying to the present management.

Notice the business card of Assayer L. H. Sandoe in another column. Mr. Sandoe has been in Portland and comes well recommended. He has located in our city and at present is the only assayer here. He left Tuesday for Bohemia where he will remain some time acquainting himself with the district and the boys at work there.

C. J. Howard and family are sojourning at the Oregon Mineral Springs this week where Jack is rambling "Through green fields and beside still waters" in quest of the wily pheasant or the hardy grouse which abound in the sequestered nooks and byways of those beautiful hills and peaceful valleys. He expects to return the last of the week.

Rice Hastings who has been employed in James Ostrander's barber shop for some time past, resigned his position there the first of the week and accepted a position with Van Allison where he will be found henceforth for the amputation of whiskers. Otto Brown formerly of the Ninth street barber shop of Eugene, is back in town.

Mr. J. Kille, who recently sold his place about three miles south-east of Eugene, to Long & Bingham, was a caller at this office last Saturday and caused his name to be enrolled on the subscription list. He also brought in a couple of the biggest apples that we have seen in Oregon, one weighing twelve ounces and the other a pound. Although Mr. Kille has sold his place he has no intention of leaving this part of Oregon which he says is good enough for him and of course is on the lookout for another farm.

Marsh C. Aubrey, of Prineville, was in the city last week visiting his nephew Tom Aubrey whom he had not seen for some time and swapping yarns with his old-time friend "Bill" Landess who used to know him well in the early days of Prineville. Mr. Aubrey is seventy-two years of age, yet hale, hearty and active. In his younger days he was noted as he was unique and several of the feats performed by him were indeed remarkable. Among them was a ride he made in 1876 from some point in Crook county near Prineville, across the mountains to Eugene on a trail, the wagon road not being built then, in a single day, starting at daylight and reaching Eugene before darkness had set in. The distance covered was over 140 miles and but one horse was used. Attempts have been made to duplicate the ride, even since the wagon road was built, but without success. Quite a bit of comment was made at the time about it but perhaps it has long since been forgotten by the people of Eugene, where he went last week to visit his brother M. T. Aubrey, who resides at that place.

Bag Three Deer.

A. H. Crusan, Jim Parrish and E. H. Crusan and Frank Parr of Leadville, Col., who are here on a visit, returned Sunday from the Coast Fork country where they put in several days hunting deer, of which they succeeded in killing three, and from which the writer secured a generous piece, thanks to the generosity of the hunters. Monday Mr. Parr and Messrs. Crusan left by wagon for a two weeks visit down the valley.

If in need of dental work call on Dr. Mincy, now permanently located in the Dr. Snapp building, Main St., Cottage Grove, Oregon.

**NEW ENGINE ARRIVED.**—The new engine, No. 9, that has been expected for some time for use on the O. & E., arrived here Wednesday morning. It will be wiped up and put in order for immediate use on the road, where its services are needed.

**ECLIPSE OF THE MOON.**—Keep your eyes out for the total eclipse of the moon from 9:17 to 12:00 o'clock on October 10th, 1902. The young people are especially admonished to remember the date and not remain out every night for a week "to see the total eclipse."

**BOHEMIA NEGOTIATIONS.**—B. K. Lawson, the painter and paper hanger, this week finished and put in place a new sign which informs the public where the Nuggetten how he found. It is a duplicate of the heading of the paper and is a very creditable piece of work. Take a look at it and call in in the city.

**AT THE BOWLING ALLEY.**—This week carpenters have been at work doing the preliminary work on the new bowling alley on fifth street. There has been some delay in securing both building supplies and alley fixtures but they will be here soon and will be put into place immediately. The proprietor expected to open up for business Saturday, but will be unable to do so until some time next week.

**ALL THE WAY FROM NEBRASKA.**—On the twelfth day of last May Mr. Elmer Peckham and family started from Lincoln county, Nebraska to make the trip overland to Los Angeles, Calif., by wagon. On Tuesday noon he drove into this city on his way to visit his old-time friend Mr. Young living a few miles west of town on Silk creek. He has made the trip by easy stages and remained over at points of interest on the way. From here he goes down the coast to California his destination. The only wonder is that more people do not take a trip like this once in a while, taking a whole summer for it and enjoying it to its fullest extent. The experience would never be forgotten and the incidents of the trip would do to relate to your children's children in your declining years.

**Will Put in an Ice Plant.**—A Mr. Osborne who hails from Iowa and has been in our city several weeks on the lookout for a business location has at last decided to locate here and put in a first class ice plant, which our little city is badly in need of. He will put up new buildings and install new machinery throughout making a first class plant in every respect. We must say that we are pleased to have Mr. Osborne locate among us and launch such an enterprise which is certainly much needed by the people of our city. He has every appearance of a good business man and an enterprising citizen. His car of household goods arrived Friday and he will install his family as soon as he can secure a suitable residence.

**Band Concert To-night.**—The Band boys will give an operatic concert on the street this evening to which everybody is invited. The boys are making much progress and now produce some up-to-date music that would do credit to a band of more experience and numbers.

**Strayed.**—From my farm on Oct. 2, a roan Durham bull two years old, branded on right hip "W. P." Information leading to his recovery will be rewarded. TOM COX, Latham, Oregon.

**Reduced Rates.**—Are you going to Portland soon? A rate of one and one-third fare will be made for the good roads convention which is to be held next week.

**FOR SALE.**—Twenty-two head of mixed cattle for sale, including a good two-year-old bull. J. A. ELLRIDGE.

**IMPROVED FARMS WANTED.**—We have a few cash buyers for improved farms. Also city property. PHILLIPS & WHEELER.

**WRITING MATERIAL.**—All the little things you need to make your writing desk look literary you will find here, and a nice variety, too. BENSON DRUG CO.

**FOR SALE.**—Eighty head fine ewes, Merino and Cotswold, also sixty head Angora goats. I also have a good stock ranch of 280 acres for rent. Particulars at this office. J. M. GILKISON.

**Steinway & Sons and Emerson Pianos.**

T. K. Richardson has just secured the agency for these fine pianos. So we are yet in the lead with high grade pianos. With Fisher and Needham our line of high grade pianos cannot be duplicated. We also have in stock a few medium grade pianos, and some very good, as low as \$100. We defy competition. The following is a list of our sales for last month:

W. C. Johnson a fine Colonial Needham piano; Levi Gier, piano; Mrs. Mary Tamplin, piano; Mrs. A. E. Crouch, piano; John L. Lehman, piano; Bert Wells, piano; Samuel Whitteker, piano; Jacob Brown, piano; J. L. Chumey, piano; C. D. Chumey, piano; Lettie C. Cooper, piano; Ernest Dutchey, piano; Agnes Grubstom, piano; E. J. Durrell, piano.

On account of the exorbitant prices which the Eller's piano home were charging us for instruments, we were compelled to close out that agency and ship our instruments direct from the makers, thus saving us about 30 per cent. on all our goods, and in this way we can save you 20 per cent in the purchase of any of the above mentioned instruments.

Cottage Grove and Roseburg, Ore.

**County Rock Crusher.**

The fog horn whistle of the rock crusher that has been near Jasper during the summer we heard in our city Wednesday afternoon. They remained in the city over night and left yesterday morning for the Silk Creek country, about four miles west, where they will operate the machine this fall. A crushed rock road is certainly needed badly in that locality.

**Lost.**—A 6-month-old bull calf, white face, bush of tail white, ring in nose, ear mark, two half underpouches of each ear. Suitable reward will be paid for apprehension of calf. 1893. J. C. HARKINS, Loran, Ore.

**WANTED.**—Teams to haul wood at Ala. \$4 to \$5 per day can be made. Apply to Pacific Timber Company, Cottage Grove, or G. Johnson at Ala.

**FOR SALE.**—40 acres of land within 2 miles of Cottage Grove, also 25 head of cattle. Address L. B. CASSELL, Cottage Grove, Ore.

**STRICKEN WITH PARALYSIS.**  
Henderson Grimet, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured. —Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by Lyons & Applegate, Drain, Benson Drug Co., Cottage Grove.
