CAN'T EXCEL THE ORIGON.

Senate Naval Committee Votes for More Ships of Her Type.

Washingon, Feb. 28 .- The senate naval committee believes, with Senator Hale, that the battleship Oregon represents the most perfect type of warship afloat today, and accordingly overturns the house program for an increased navy and authorizes the building of four new ships of the Oregon type rather than the heavier battleships prowided for in the house bill. The senate program is smaller hattlerbips and more of them, the house in its hill having provided for two large battleships. goes to conference, there is strong probability of the senate provision being re- bill most urgent. The conditions of ability of the senate provided makes of productive industry and business conperfect warship in existence today than worse each month. Some revival in the Oregon, and the country cannot do sugar and tobacco prices, due to exbetter than to add others of the same pectation of tariff law. The interests
