Devoted to Bohemian Notes and Items of general interest to Mining Men.

Glenwood Mining Co.

The Glenwood Mining Co. which was recently incorporated is said to be one of the most promising properties in Bohemia. The officers of the company are as follows: Pingal Hinds, pres.; D. G. McFarland, vice pres.; Herbert E. Eakin, treas.; Alta H. King, secy. The directors are: D. G. McFarland, Herbert E. Eakin, M. Louisa Leonard, Geo. McQueen, Emil G. Lindstrom, Pingal Hinds.

This property consists of the Glenwood Group of five claims and The Lost Mine Group of three claims making in all eight claims. They are located on the west slope of Bohemia Mountain, thirty-one miles from Cottage Grove and about the center of Bohemia Mining District. This property has for its neighbors The Music Mining Co. which adjoins it on the east, the Hiawatha on the north, the Judson Rock Mining Co. on the west and the Hubbs and White Swan Co. on the south.

This property has fine water power, timber and a county road running through it. It is well equipped with cabins and all preliminary work has been done and is now ready for extensive development work. Three hundred thousand shares will be placed on the market at three cents a share for a short time, and as soon as work commences the price of stock will be doubled. On this property are four tunnels run in on different veins from twenty-five to eighty feet. The veins are large and well defined. Assays of the ore run as high as \$79.58. Work will commence as soon as roads and weather permit.

The Judson Rock.

The Judson Rock Mining Co. is pushing development work very rapidly. The showing is considered very flattering, so much so that the company this week closed another contract with August Swanson for 50 feet more tunnel at \$4.50 per foot, which Mr. Swanson will drive immediately, leaving this city Tuesday morning with fresh supplies. Next Monday the board of directors and stockholders will meet at the company's office rooms in this city to agree upon the price to be paid for the continuation of development work in the lower level of the Pilot Boy. The board will also take up the question of equipping the works with air compressor, drills, cars, etc. Mr. Swanson, who has just completed one contract, speaks highly of the property. It is estimated that it will take about 200 feet more tunnel to reach the crosscut where the company expects to come into sufficient bodies of ore to justify the erection of a mill. Secretary Sherwood has just returned from a Southern Oregon trip and reports the closing of several substantial stock sales, and will close several this week. The company is doing work on a very conservative plan, and is only anxious to sell sufficient stock to open up the property and put a mill in operation.

The LeRoy.

J. L. LeRoy, president of the Le Roy Mining Co., returned this week from a tour of inspection of the company's property in Bohemia, and reports things flourishing in the camp. He states that all kinds of work is going steadily on under the management of the Oregon Securities Co., and that the camp even at this early date in the season, presents a more lively appearance than he has ever before witnessed in the district. Regarding the Le Roy, Mr. LeRoy said: "I find everything looking good, and the property fully up to my expectations. We have ten men at work drifting on the main drift with machine drills, and the present indications cause me to believe that

they are opening into a better and larger body of ore yet encountered. Not only do the surface indications substantiate this assertion, but the showings in the face of the drift. We have drilled some 600 feet on the ledge, attaining in that 600 feet a vertical depth of 200 feet. The surface croppings are continuous for 1800 feet. In view of this, which anyone can vouch for upon visiting the mine, I feel justified in saying that if there is no greater improvement—but I feel confident there will be—the LeRoy will prove to be one of the biggest things in the Pacific northwest."

FROM 1822 TO 1903.

On April 9, 1863, at the family residence of Mr. N. W. White, her old pioneer home, near this city, Mrs. Mary White was surprised by her many old and long-trying friends, paying to her their congratulations upon reaching her 81st birthday, whom she received with a royal, gladsome welcome.

"Grandmother" White was born in Salem, New Jersey, April 9, 1822, and at this writing is bright and vigorous for nine of her years. In 1851 she crossed the plains and became one of the early pioneers of this section of Oregon.

After the arrival of the guests and their many congratulations had been extended to the dear old friend, at the proper time the company was invited to the dining room where they found a sumptuous feast prepared for their enjoyment in that superior style known only to Oregon ladies. Your imagination must carry the description further. It was also a host of good-fellowship, neighborly friendliness and old-time associations. May these friendly desires grow stronger and stronger until one by one, we meet each other where age hath no power over the useless frame. Where the eye is fire and the heart is flame. Many presents were given to her which formed prized keepsakes in remembrance of the happy days. Those present were: Mr. and Mrs. N. W. White and son Harold, Grandma White, Grandma Trimmel, Mr. and Mrs. J. H. Shortridge, Mr. and Mrs. Jerry Taylor, Mr. and Mrs. A. H. Powell, Mr. and Mrs. Joe Powell, Mrs. Harriet Wallace, Mrs. Alice Wooden and her bright and lively twins, Mrs. Samantha Brown and daughter Ellen, Mrs. Viola I. Keyes and daughter Ruby, Mr. James Powell, Mr. Chas. Powell, Mr. and Mrs. Joe H. Sharp. If any others were present and not mentioned it is through inadvertence and not intention.

IN HIS MEMORY.

Phillip Numbers was born in Fayette county, Penn., Feb. 10, 1824. His parents moved to Ohio when he was a boy. After he grew up he went to Fulton county, Ill., where he married Catherine Shaw in 1849. In the summer of 1854 they crossed the plains with John Shaws wagon train. Arrived on Coast Fork Sept. 8, 1854 and located their donation claim on Sept. 15, 1854. The claim embraced the lands now owned by Howard Garrette, Joseph Powell and Mrs. Melvina Howard wife of Orin Howard. Phillip and Catherine Numbers raised two daughters who married the Howard brothers, Orin and Albert. Albert's wife is dead. Mrs. Catherine Numbers dies in 1857. After his wife's death he spent some time on Powder river in Eastern Oregon, then came back to Coast Fork and went into the sawmill business in 1876. In 1873 he married Mrs. Charles Lackey of Douglas county, Oregon, who survives him. There were no children by this union. "Dad" as his friends called him, was of a peaceable disposition, therefore left no war record. He was a good father, a good husband, a good neighbor and a good citizen. He forgave his enemies and did good because it was good and not from fear of hell fire and brimstone. He died at four o'clock on the morning of the 23rd day of March aged 79 years, 1 month and 4 days. "Dad" got separated from his people and for years he thought that he was the last of the Mohicans until about three years ago he learned that he had a brother living in Ohio, a sister in Missouri and a nephew in Idaho.

Nature has arranged all things to some purpose. When a man makes a fool of himself he provides amusement for others. An old bachelor says the reason there are no marriages in heaven is because there must be some way of distinguishing it from the other place.

L. O. O. F., SUBORDINATE.

The L. O. O. F. of next Saturday will have work in the 1st, 2nd, and 3rd degrees. The lodge is in a very progressive condition. Many improvements have been made during the last year on the property, and now the board of management has in contemplation the installing of a complete light system of its own which will be used to light the lodge rooms and the other buildings owned by the order.

Geo. Comer, of this city, enjoys the distinction of having been elected delegate to the state camp of Modern Woodmen to be held at The Dalles next month.

REMEMBERS.

The Remembers of this city meet Friday nights, and is in a progressive state. Several applications for membership are now in and other applications are on the way.

District Deputy Geo. E. Strayer, for the M. W. A. is in the city this week in the interest of the local camp. He reports the camp in excellent condition.

A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by Benson Drug Co.

HOW TO AVOID OFF AN ATTACK OF RHEUMATISM.

"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan county, West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment." For sale by Lyons & Applegate, Druggists, Benson Drug Co., Cottage Grove.

WALKS WITHOUT CRUTCHES.

I was much afflicted with sciatic, writes Ed C. Nod, Lowville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1.00 at New Era Drug Store.

HERBINE CURES.

Fever and Ague. A dose will usually stop a chill, a continuance always cures. Mrs. Wm. M. Stroud, Midlothian, Texas, May 31, 1899, writes: "We have used Herbine in our family for eight years, and found it the best medicine we have ever used, for la grippe, bilious fever, and malaria." 50c at New Era Drug Store.
