COTTAGE GROVE OREGON.

EVENTS OF THE DAY

Comprehensive Review of the Important Happenings of the Past Week, Presented in Condensed Form, Most Likely to Prove Interesting.

The people of Servis take offense at the new king for promoting assassinations.

Whitelaw Reid says the Monroe doctrine has been carried too far by patriotic fervor.

Eight cars broke away at Rawlins, Wyo., and collided with a freight train. Four men were killed.

Ex-Representative Lord, of California, is placed in an unenviable position in new postal scandal.

A Wilmington, Del., mob burned a negro at the stake to avenge an assault upon and murder of a 17-year-old girl.

Four men were killed and another fatally injured in a wreck on the Missouri Pacific near Jefferson City, Mo.

Convicts in the Colorado state penitentiary captured the warden's wife, and using her as a shield, made a desperate break for liberty. The two leaders were killed and the rest captured.

President Diaz, of Mexico, is sure to be re-elected.

The sultan of Morocco lost 6,000 men in battle with rebels.

Five men were killed in a mine explosion at Blodsworth, N. M.

Servis is indignant over the withdrawal of the British minister.

The 1904 supreme lodge A. O. U. W. will meet at Chattanooga, Tenn.

The amount of relief money received at Heppner now totals over \$5,000.

More troops have been sent to Dubuque, Iowa, to prevent rioting by strikers.

A tunnel being constructed at Boston ended in killing two men and fatally injuring a third.

One man was killed and another injured in Arizona in a dispute over cattle grazing grounds.

When Prince Henry of Prussia visits the United States next year he will also tour the Pacific coast states.

Bolivia has agreed to allow Brazil until October to settle the Acre dispute.

Wales had two severe earthquake shocks, but no great damage was done.

The head camp of Modern Woodmen has refused to admit Texas and New Mexico.

Robbers secured \$300 in cash and \$200 in stamps by cracking the Colfax, Ill., postoffice safe.

Careless smoking by miners in a Twilight, Pa., powder house caused an explosion which resulted fatally to three slaves.

A Connecticut court has made an order which will make it possible for the final link in the New York-Boston trolley line to be completed.

Mrs. Sam Bailey, of St. Louis, and daughter and son were mysteriously murdered. They were poor, and a motive for the crime is hard to find.

The 11th Eastern conference of the Young Women's Christian Association will be held under the auspices of the American committee at Silver Bay on Lake George, June 26-July 20.

New complications are feared in the territory of Acre.

Kansas City, Mo., freight handlers have struck for a 25 per cent increase of wages.

The Chicago University proposes to expend \$5,000,000 for buildings and land for secondary schools.

The Spanish budget for 1904 estimates the expenditures at \$193,600,000 and the revenue at \$200,000,000.

The National Children's Home Society has re-elected all of the present officers, and adjourned to meet at St. Louis next year.

Venezuela has nipped in the bud a plot to seize the government by means of falsified documents to be incorporated by congress.

The Socialists of Germany have received congratulations from all parts of the world, especially America, on their victory at the polls.

Mexico proposes to compel all signs and advertisements on all walls to be in Spanish with, if desired, translations into other languages.

The Hungarian premier has resigned and a new cabinet will be formed.

The new ruler of Servis is shorn of all power and is king in name only.

Warrants have been issued for the arrest of two more persons involved in the postal frauds.

Rioting attending a street car strike at Dubuque, Iowa, has resulted in the militia being called out.

Prominent members of the National Live Stock Association will try to have Secretary Hitchcock ousted.

The Michigan forest fires will cause incalculable damage unless rain soon falls.

The Russian war minister, General Korotkin, is being extensively feted at Tokyo.

A disastrous fire in a Newcastle, Penn., coal mine was started by the explosion of gasoline.

The Chicago union waiters on strike partially acknowledge a defeat, and many are returning to work.

The International Pressmen's Convention opened at Cincinnati with 300 delegates in attendance.

By trying to fill a coal oil stove while it was burning, a Brooklyn boy and his sister met with fatal injuries.

The laundry workers' union, of Chicago, by a referendum vote, just taken, has decided against another strike.

The strike on the New York subway has been abandoned and 20,000 miners will apply for work unconditionally.

PAYNE IS SAFE.

Roosevelt Will Not Allow Postmaster General to Resign.

Washington, June 24.—President Roosevelt is earning the reputation of standing by his friends. Attempts have been made several times to wean him from some of the friends of other despots, whom it is thought were not desirable to be in close relations with him every time. Rather vicious attacks have been made upon Senator Lodge, and Roosevelt has been advised to have some other senator as his confidante, but all such advice has been rejected. Vicious attacks have been made upon General Leonard Wood, and Roosevelt has taken occasion to express his confidence in Wood. The same has happened in the case of a dozen men of less prominence who are close to Roosevelt.

Now it is reported that the president intends to stand by Henry C. Payne, postmaster general. No pronouncement has been made by the president to that effect. It is issued from the White House, but those who are very close to the president declare that Payne is not to be removed, and the attacks made upon him will not cause the president to accept his resignation if Payne offers it. It is said that there is a perfect understanding between Roosevelt and Payne, and that the president is satisfied with what his postmaster general has done, and is not going to be tampered by the vicious attacks that have been made in various newspapers upon Payne.

It is expected that when the investigation progresses somewhat further the president will take occasion to issue a statement concerning it, giving credit to whom due, for the work of investigation, and unless something happens that is not now in sight, to commend Postmaster General Payne. While this is quite freely discussed, it is impossible to say how true it is, as the president himself refused to discuss the matter, and no one officially connected with the administration will deny or affirm the statements.

NAVY WANTS PRECEDENT.

Tying Up of Galveston by Creditors Paves the Way for Trouble on Other Ships.

Washington, June 24.—Attorney General Knox has prepared today a stipulation in the nature of a bond which will be filed with Judge Grinnam, of the Chancery Court of Richmond, practically the Government's interest in the cruiser Galveston. This stipulation or bond, it is asserted, will more than cover the claims of the creditors against the Trigg Company for work done and material used on the ship. After the stipulation is filed it is believed that Judge Grinnam will immediately release the ship to the government.

It was learned at the navy department today that far greater interests are involved in the decision of the question of the possession of the cruiser Galveston and Chattanooga, than are represented by the actual cash value of those boats. It is regarded as absolutely essential at this stage to establish a sound precedent and determine the question of title to war vessels under construction, in order to protect the government's interests in the ownership of at least a dozen ships, including battleships worth nearly \$5,000,000 each. Separate action will be taken in the case of the Chattanooga, building at Ellsbethport, and it is therefore probable that no further delays will be encountered in the completion of the Galveston and the Chattanooga, while any show of force or duress on the part of the National government will be avoided.

CUBA FREE OF YELLOW JACK.

Smallpox is Unheard of, but Tuberculosis Increases Its Ravages.

Washington, June 24.—A copy of the monthly report of Dr. C. J. Finlay, chief sanitary officer for the island of Cuba, which has been received at the Cuban legation here, contains the following:

"The showing for 1902 is very satisfactory, not only in regard to the complete exemption from yellow fever and smallpox, but also in the number of deaths from malaria and in the total mortality. There has been no smallpox on the island since June, 1900, nor yellow fever since September, 1901, and the progress in the decrease in malaria has continued without interruption.

"The condition regarding tuberculosis, however, is not so satisfactory. There has been an increase of 5 to 6 per cent in deaths from that disease in each of the years 1901 and 1902, and at the present time the proportion of deaths from that cause to the general mortality amounts to over 16 per cent.

Holds New King Was in Plot.

Vienna, June 24.—The Allgemeine correspondent learns that the new king of Servis was not only fully informed of the military conspiracy at Belgrade, but it was actually carried out by his agents. The officers broke into the killing with a fixed determination of killing the royal couple. The question of demanding the abdication of King Alexander was not a condition. When the late king perceived his peril he promised to release the crown, but the officers ignored this and proceeded to murder him.

Miners Scalded by Steam.

Tamagwa, Pa., June 24.—As a result of two disasters which followed close upon one another in the No. 4 and No. 8 colonies of the Lehigh coal and navigation company, in the Panther creek valley, three men are dead, one is dying and five others are seriously injured. Late last night, while a force of men were fighting a mine fire, the action of the water on the burning coal and rock generated a large body of steam, which rushed down the gangway, scalding a party of seven men, who were manning the fire hose.

Cable to Alaska.

Washington, June 24.—General Greely has been informed that 580 miles of the submarine cable to be laid between Puget Sound and Alaska have been shipped from New York to Seattle. The remaining 750 miles will be shipped from New York in August. This is the first long cable made in the United States. It is of the seamless rubber type. Captain Edgar Russell, Signal Corps, has started for Seattle to make preliminary arrangements.

BIG LAND FRAUD

NEWELL UNEARTHED BIG SCHEME IN THE WEST.

People Are Being Located on Tracts That Are to Be Deeded—Inside Information Is Said—Chief Hydrographer Says It Cannot Be, for Government Does Not Know.

Washington, June 24.—Hydrographer Newell, of the geological survey, who has just returned from an extended tour of the West, reports the discovery of a new and successful confidence game that has grown up under the national irrigation law, and which is being worked in Eastern Oregon. "I was much disappointed while in the West to find that associations for a consideration ranging from \$50 to \$100 are advertising, by circulars and otherwise, to direct homeseekers to vacant public land, which they allege is to be reclaimed by the national government. These associations make the showing that they are formed to represent homeseekers, and propose to give them inside information. They do not know what lands the government intends to irrigate, for no one knows, not even the department. They are simply defrauding the people.

"They are sending people onto lands that will never be irrigated, either by the government or private enterprise, and I know of instances where these associations have sent people on to lands on hillsides, which could not possibly be irrigated.

"I want to stamp these associations as frauds and to warn all homeseekers to avoid them. One of these companies has headquarters at Omaha, and another at Portland, Or., but their operations extend over the entire arid West, and they are pretending to give inside information concerning arid lands in every state."

WILL REBUILD AT ONCE.

Leading Citizens Announce Plans—Funds Needed for Cleaning Up.

Heppner, June 24.—Standing on the streets and gazing over towards the hills, one can see dozens of tents, where the destitute and homeless have found quiet and rest. Banker C. A. Rhea expressed his intention of building several residences just as soon as building material can be brought in. J. J. Natter and Borchers expect to build brick business houses on the east side of Main street.

Already the people are thinking and talking of rebuilding on a better and more substantial plan. W. O. Minor will rebuild his dwelling on his stock farm one mile away on Willow creek, but will not rebuild his town residence until later. Both houses were swept away.

Mayor Gilliam and the executive committee decided to renew the appeal for additional for additional funds from Portland and the Northwest corner. The total payroll is now \$1,620 daily, with a large portion of the \$20,000 that has been contributed already paid out. The total loss of property will not be less than \$350,000 upon a conservative basis.

DREDGE ABOUT READY FOR WORK.

Grant Will Begin Operations on Columbia in About a Month.

Washington, June 24.—From advices received by the chief of engineers today, it is believed that the pumps for the converted transport Grant will be completed and ready for shipment about the end of June. The contracting firm in Baltimore has secured perfect casting for the pump cylinder, and the rest of the pump is ready for assembling. The work of remodeling the Grant, so as to fit it for use as a sea dredge, is more than three-fourths completed at the Mare Island yard, and if the present progress is not interrupted, the ship will be ready to commence operations on the Columbia river bar not later than the first of August, and possibly before.

Pay for Dishonor.

Belgrade, June 24.—The promotions are announced of various members of the military delegation to King Peter at Geneva. Colonel Popovitch, the late King Alexander's palace guard, is created a General and First Aide-Camp to King Peter; Captain Ljotich, who opened the palace gates for the assassins of the late king and queen, is promoted to be a major, and Lieutenant Grionica, who was on guard outside the palace on the night of the assassinations, and who was a confidant of the conspirators, is made a captain.

Send Money Back Home.

Copenhagen, June 24.—The immigration figures for May, 1903, show that more than twice as many persons emigrated from Denmark to America as during the same period last year, and the "American fever" shows no signs of abating. It is shown, however, that money sent back by Scandinavians in the United States offsets to a large degree the loss to the country caused by the immigration. Figures recently published in Christiania show that during 1902 a total of 14,000,000 kroner was remitted.

Eating Each Other.

Pekin, June 3, via Victoria, B. C., June 24.—News has been received here that the famine in Kwang Si is growing worse by degrees. The starving population is estimated at 200,000 and daily numbers of deaths occur from starvation. The British authorities in Hong Kong, aided by public subscriptions, have been sending aid for two months. A Japanese report says cannibalism is being practiced and human flesh is publicly offered for sale.

Election Left to People.

Jackson, Miss., June 24.—The state board of election commissioners today ordered a state primary election to be held on August 6. This action means that the next United States senator from Mississippi will be chosen by popular ballot. Senator Money, the present incumbent, and Governor Long are candidates, and are now promoting an active canvass of the state.

TO TANANA BY RAIL.

Project to Open Land of Vast Richness in Alaska.

Chicago, June 23.—The gold output of Alaska, now \$30,000,000 per year, will be greatly increased by the early completion of a new railroad from the southern coast of the Resurrection bay northward to the Tanana river, definite announcement of which was made here today. The reward construction company, of Chicago, has secured the contract of the building and equipping of 413 miles of Alaska Central railway, from Resurrection bay northward through the Cook inlet country and up to the Sushitna valley to the Tanana river, 150 miles above its junction with the Yukon.

The company has placed an order for 70-pound steel rails, which will be shipped via Seattle and Vancouver, and locomotives and cars have also been secured, and will be forwarded with the rails. Construction must start before July 15, and be pushed with all possible speed. The new railway is projected by prominent men of the Pacific coast. The headquarters are at Seattle and the financial office is in Chicago.

The terminal of the Alaska Central is open every day of the year. Owing to the influence of the Japanese current, the weather there never falls to zero in winter and never rises above 70 in summer. The route of the railway, which was surveyed last summer, is through a valley heavily timbered, and opens a vast country rich in gold and copper. The northern terminus is in the midst of the new Tanana gold fields, many times more extensive than the Klondike. The road will make interior Alaska accessible every day in the year and save three weeks of travel now necessary to interior points by the circuitous route up the Yukon river. The projectors say that the building of the Alaska Central will increase the gold production of Alaska from the present output of \$30,000,000 to \$200,000,000, and attract an increased immigration of scores of thousands.

In addition to the resources of gold, coal and timber, the new railroad will penetrate a copper belt, which has been pronounced by government and private mineralogists to contain the most extensive and highest grade copper deposits known in the world.

ENTRY IS ESTOPPED.

Nearly Two Million Acres Withdrawn in Harney and Malheur Counties, Or.

Washington, June 23.—On the recommendation of irrigation engineers of the geological survey, who have been examining proposed irrigation sites in southern eastern Oregon, the secretary of the interior has ordered the temporary withdrawal of 1,080,000 acres of land lying in Harney valley, along the Silver river, and along the Malheur river in Malheur county.

The engineers who have been in the field since early spring, are convinced that in both of these valleys the government can well afford to undertake the construction of storage reservoirs, with a view of reclaiming large areas of fertile but dry lands.

The engineers' convictions themselves from preliminary examinations that the Silver and Malheur rivers afford plenty of water to irrigate considerable areas. Now that the lands have been withdrawn, they will hereafter be examined in detail to determine just how great an acreage can be irrigated at reasonable cost, by impounding the waters of these two streams.

The Harney valley project, lying southwest of Burns and north and east of Lake Malheur, embraces 625,000 acres, as follows: Townships 22 to 25, ranges 31, 32 and 33; township 22, range 32; township 23, range 32; township 24, range 32; township 25, range 32; township 26, range 32; township 27, range 32; township 28, range 32; township 29, range 32; township 30, range 32; township 31, range 32; township 32, range 32; township 33, range 32; township 34, range 32; township 35, range 32; township 36, range 32; township 37, range 32; township 38, range 32; township 39, range 32; township 40, range 32; township 41, range 32; township 42, range 32; township 43, range 32; township 44, range 32; township 45, range 32; township 46, range 32; township 47, range 32; township 48, range 32; township 49, range 32; township 50, range 32; township 51, range 32; township 52, range 32; township 53, range 32; township 54, range 32; township 55, range 32; township 56, range 32; township 57, range 32; township 58, range 32; township 59, range 32; township 60, range 32; township 61, range 32; township 62, range 32; township 63, range 32; township 64, range 32; township 65, range 32; township 66, range 32; township 67, range 32; township 68, range 32; township 69, range 32; township 70, range 32; township 71, range 32; township 72, range 32; township 73, range 32; township 74, range 32; township 75, range 32; township 76, range 32; township 77, range 32; township 78, range 32; township 79, range 32; township 80, range 32; township 81, range 32; township 82, range 32; township 83, range 32; township 84, range 32; township 85, range 32; township 86, range 32; township 87, range 32; township 88, range 32; township 89, range 32; township 90, range 32; township 91, range 32; township 92, range 32; township 93, range 32; township 94, range 32; township 95, range 32; township 96, range 32; township 97, range 32; township 98, range 32; township 99, range 32; township 100, range 32; township 101, range 32; township 102, range 32; township 103, range 32; township 104, range 32; township 105, range 32; township 106, range 32; township 107, range 32; township 108, range 32; township 109, range 32; township 110, range 32; township 111, range 32; township 112, range 32; township 113, range 32; township 114, range 32; township 115, range 32; township 116, range 32; township 117, range 32; township 118, range 32; township 119, range 32; township 120, range 32; township 121, range 32; township 122, range 32; township 123, range 32; township 124, range 32; township 125, range 32; township 126, range 32; township 127, range 32; township 128, range 32; township 129, range 32; township 130, range 32; township 131, range 32; township 132, range 32; township 133, range 32; township 134, range 32; township 135, range 32; township 136, range 32; township 137, range 32; township 138, range 32; township 139, range 32; township 140, range 32; township 141, range 32; township 142, range 32; township 143, range 32; township 144, range 32; township 145, range 32; township 146, range 32; township 147, range 32; township 148, range 32; township 149, range 32; township 150, range 32; township 151, range 32; township 152, range 32; township 153, range 32; township 154, range 32; township 155, range 32; township 156, range 32; township 157, range 32; township 158, range 32; township 159, range 32; township 160, range 32; township 161, range 32; township 162, range 32; township 163, range 32; township 164, range 32; township 165, range 32; township 166, range 32; township 167, range 32;
