**CAUTION!**  
This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boscio's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds, coughs, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At all druggists, Garman & Hemmenway Co.

This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25 cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. **GUARD YOUR INTERESTS**  
The manufacturers of the McCormick guard the interests of agriculturists by building a machine that works successfully in the field, and the farmer should guard his interests by purchasing the McCormick—a machine that has a record of seventy-two years of continuous success in the harvest fields of the world.  
Write for a "Model Machine," which tells how to guard your interests in buying harvesting machines.

**KANSAS CITY FLOOD INCIDENTS.**  
Kansas City Times.  
A Carman man has recovered his courage sufficiently to relate these tornado incidents.  
Frederick Van Wagener told of man who was out plowing and, seeing the storm approaching, unhitched. While he and the team were sheltered in the barn, the cyclone seized the plow, took it round and round until the field was entirely plowed and then carried the implement to the barnyard.  
Frederick Wentworth knew a fellow that had a crib full of corn and the crib had a knot hole in it. The twister pulled all the cobs out of the knot hole and thus shelled the corn.  
A bale of cotton at the Waltner mercantile store was torn open by the terrible twister and twisted into a quarter-inch rope of 1423 yards long. This rope is being sold at 13 cents a foot.  
On one wagon a wheel was started revolving so rapidly that it still turns and all efforts to stop it are of no avail.

**DAIRY, SCIENCE AND SENSE.**  
The man with the milk bucket rules.  
An impossibility—to get milk while starving the cow.  
A hand separator is profitable where five or more cows are kept.  
A skeleton in the closet may sometimes be excusable, but in the barnyard, never.  
Cows should not be permitted to shrink in milk flow; the loss cannot be recovered during the lactation period.  
A clean white apron with correspondingly clean wagon cans and other parts of a dairyman's outfit, help to get trade and to retain it.  
F and H is to be highly commended on the publishing of such a worthy farm paper. I would not do without it if it cost \$100 a year.  
—[E. C. Aly, Pa.]  
Butter consumers who are permitted to examine the residue left in the separator are generally willing to pay 5c per pound extra for separator butter.  
The manufacture of cheese in the U. S. is not increasing as fast as the demand. There is a prospect of increased importations of cheese in the near future.  
Selling pure clean milk in sterilized bottles to factory hands is a new feature of the city milk supply. Factory girls are the best patrons, they usually carry their lunches and appreciate good wholesome milk as a beverage.  
A certain "improved butter machine" which is being boomed in York state, is really a churn. Its owner has been making great claims as to the methods of forcing air through cream, but he finds it difficult to substantiate his claim. In the test of the machine at the Pan-American at Buffalo, where a lot of cream was divided and part churned in an ordinary barrel churn and a part in his churn, the air forced cream did not make as good a showing as did the barrel churn.  
—[G. A. Smith.]

**BRUTALLY TORTURED.**  
A case came to light that for persistence and unmerciful torture has perhaps never been equaled. Joe Golobich, of Colma, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and its greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Morgan & Bohannan Drug-ist.
