

Bertram From Business.— J. P. Curran, the well-known druggist and who also bears the distinction of having been in business longer with out disposing of his interests, than any other man in the city, on the 1st inst. sold his well established business on Wall street, next to the Griffin Hardware Co., to A. B. Wilcott, formerly of Shields, N.Y. Curran after twenty-one years of continual business, retires with a host of friends who will miss him from his accustomed place behind the prescription counter for many days. Mr. Curran has considerable holdings in the city and will devote himself to his private interests and to surveying, a profession which he has followed very successfully. His successor in business, Mr. Wilcott, comes with large experience in the drug business and with the reputation of being a thorough and up to date business man, and just such men are welcome in Cottage Grove.

WILL LOCATE.— To the effect that Dr. Alexander Corpron, mention of whom is made in another column of this issue of the Nugget, will locate in this city for the practice of his profession. The doctor is a graduate of the Ann Arbor Medical College, and has successfully practiced in Southern Minnesota, he comes highly recommended, and will make this his future home. The doctor arrived, accompanied by his wife and child, Tuesday. At present he is occupying the residence of C. A. Powers, while Mrs. Powers is absent. As soon as the J. E. Young building next to the bridge is completed, the doctor will take his office, rooms, there, where he will be pleased to receive callers.

THOSE HIGH AIRS.— Mrs. F. E. Haines, of Salem, who arrived in this city last Saturday morning, and took the O. & S. E. train for Bohemia, having engaged to do the cooking at the LeRoy mine, met with a painful accident at the Red Bridge. The lady had just left the train, and was crossing the track she stumbled and fell striking her arm on the tie. She was immediately placed aboard the train and conveyed to the city hospital. Dr. J. H. Moore, who examined her, discovered that she had sustained a fracture of the bone in the arm just above the wrist. The fracture was reduced and the lady took the 1 o'clock train for her home.

OR HER HAIR.— Little Ethel Bartels, met with a serious accident last Wednesday. The little girl was running the garden about for one of the men while sharpening a butcher knife in the shop of Bartels and Veatch. She was assisting in holding the knife in position when her hand slipped, striking the knife with the third finger of the right hand, cutting through to the base of the finger, cutting an artery. Dr. Oglesby was called and the wound dressed as soon as possible. At last reports, although very painful, no serious results were anticipated.

BEING A GOOD BUSINESS.— The little restaurant adjoining the Bohemia saloon on Main street, which changed hands recently, and which is now under the management of Messrs. Nichols, Ernst and Reinhold, has been nicely refitted and newly equipped with new table ware and is already doing a fine business. The proprietors are men with large experience in the business, and are making every effort to furnish their customers with all the delicacies of the Bohemia Cafe.

THE LIGHT STATION.— The work of installation of the new light plant for the Cottage Grove Electric Light Co., is now under splendid headway. Andy Nelson is busily engaged placing the new dynamo, line shaft and engine. The brick is going well, and work is going well. The furnace and boilers being dug a well from which the boilers will be supplied. It is understood that by September 1 the new plant will be complete and the current turned on from the new machines.

SPELTZ WHEAT.— The Nugget has on exhibition a sample of wheat presented by C. W. Caldwell of Silk Creek. The wheat is known as the Speltz variety. It is strong of growth, and the heads are well filled, measuring on an average of two and one-half bushels. The variety grows in a stand running from a dozen stalks to the stool. The sample is on exhibition in the Nugget windows, and is worthy of inspection by those interested in wheat growing.

EMPLOYMENT AGENCY.— G. W. Barney, has opened up an employment agency at his lodging rooms on Main street, having established a non office in one of his rooms. Mr. Barney was formerly engaged in the same business in Portland, and has brought many car loads of people from the East. He has filled an order for men for the Pacific Timber Co., consisting of eleven laborers and two carpenters. The Nugget wishes Mr. Barney success.

NEW PORTIONS.— E. W. Hebard, for so many years with L. Lurch, one of the leading merchants of this city, left for Yoncalla, last Saturday, where he will resume his business which he resigned when he accepted a place with L. Lurch. Mr. Hebard has many friends here who will always extend the glad hand of welcome when it shall please him to blow in, and who wish him all manner of success in the little town of Yoncalla.

OUT FOR AN OTTING.— Early next week Warren McFarland, one of our men, Heinenway Co.'s efficient clerks, will leave for a month's outing at Odell lake. He will be accompanied by Mr. and Mrs. Geo. Hawley and Lloyd Smith and sister Miss Myrtle, of Creswell. The party will go over the Military road, making several stops on the way, and will probably return by way of the McKlure route.

BACK FROM PORTLAND.— Harry Clark has returned from his trip to Portland, and is again holding down his job as manager of the Pacific Timber Co.'s store at Alen. Harry says he came pretty nearly not coming back at all. He was on the Morrison street bridge when the accident happened last week. He narrowly escaped going down with the wreck.

A HORRIBLE DEATH.

Creswell was the scene of a horrible accident last Monday morning at 6 o'clock. Ben Stroupe, one of the men who for many months has been a faithful hand on the Southern Pacific Co's pile driver was frantically crushed by five large piling timbers, which were being unloaded from a car, rolled over him. He was badly bruised and injured internally. Dr. Scarborough was called and took the noon train, with the unfortunate man, administering to him as best he could, hoping against fate that he would live until he reached the hospital at Portland. In the mean time the attending physician had telegraphed for Dr. Pain, the company's physician at Eugene, to board the train at that point. When Dr. Pain reached the patient he saw that no power on earth could save him, and after doing what he could for the sufferer left the train at Irving and returned home. Death did not relieve the sufferer until the train reached Halsey. The young man's home was at Antora, where he had many friends and was highly respected. He was a member of the Knights of Pythias order and was buried under the auspices of his home lodge. He had some friends here, having visited his brothers in this city on several occasions.

ROAD APPROPRIATIONS. The following is from the Eugene Register.

The county court began its regular monthly session yesterday. Messrs. Bristow, Geer, and Supervisor Woodward of Cottage Grove brought in a petition from residents living between Cottage Grove and the Butte mine and also a subscription of \$1000 to go toward repairing the road and petitioned the county for help. The sum of \$1000 was voted by the commissioners, thus making a fund of \$2100 to expend on this. The road is 16 1/2 miles long. The petition, brought forward at last term of court for the road between Loraine and Cottage Grove was laid over until next month.

NOTICE. Owing to the erection of scaffolds for pupering, and the partial removal of seats there will be no services at the Christian Church on Sunday Aug. 9th.

A Practical Proposition on Life Insurance

Suppose you were offered by a bank or any one you know to be absolutely safe and reliable, a farm, which you knew was and would always be worth \$1,000 on these terms:

- 1st. That you could have ten years to pay for it.
- 2nd. That you would only have to pay \$7.72 once a year for ten years, making the total cost of the thousand dollar farm amount to \$577.20, at which time it would be yours, and with a further guarantee that it would increase in value each year after the tenth.
- 3rd. That if you were to die after making the first payment the farm would at once become the property of your family.
- 4th. That if you made three payments and were unable to pay more the bank that sold it to you would protect you for eleven years without another payment or would give you a smaller farm worth \$300, or would loan you each payment after the third to make your other seven payments with a five per cent interest.

You would come very near taking that farm wouldn't you?

These are the terms THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK, Richard A. McCurdy, President, offer you at age 35 on their new ten-year policy, with the exception that its guarantee is made in money instead of land. It is the best policy written by any company in the world. It is offered by the largest, oldest and best company in the United States. You never before have had an opportunity to get a life insurance contract like this, and it will pay you to look up the agent at once and get it while you can. Everybody, from the wealthiest banker to the humblest worker, is buying it, and remember the poorest man can get it at the same price as the millionaire. In the words of the great evangelist, Sam Jones, "This is God's providence to you in making a way for you to provide for your family if you die and for yourself if you live long." There will a day come when you wish you had taken this offer if you fail to do so now.

Don't let this opportunity go by. Call on
