COTTAGE GROVE, OREGON.

EVENTS OF THE DAY

Comprehensive Review of the Important Happenings of the Past Week, Presented in Condensed Form, Most Likely to Prove Interesting.

The insurrectionary movement in Macedonia is spreading.

Crucifixion of nobles to their American wives will force many to ask for divorces.

Chinese of New York have petitioned Secretary Hay to save the reformers.

Senator Morgan says, Forsaker and not Roosevelt, will be the republican nominee for president.

Safe crackers blew open a safe with in two blocks of the police station at Portland and secured \$150.

The pope gave his blessing to the world from inside and not from the balcony as was hoped by many.

Captain Charles J. Barclay, of the Puget sound navy yard, is now ranking officer on the list of navy captains.

A Hattiesburg, Miss., mob chiseled into the jail, secured the negro who shot a jailer, and then hanged him.

President Roosevelt and Secretary Root did not eulogize Miles because they felt that he was not deserving of praise.

A tornado swept the mining district of Pittsburgh, Kan., killing four, wounding 60 and doing great damage to property.

Lieutenant General Miles has retired.

Roosevelt is in favor of a more elastic currency.

Bulgaria will be neutral in the Macedonia trouble.

More Russians have been killed by troops in labor troubles.

Fire at Barcelona, Spain, rendered 3,000 families homeless and destitute.

Mayor Tom L. Johnson, of Cleveland, Ohio, will be a candidate for governor.

Foreign consuls will not allow the delivery of reformers to China for execution.

Cape Colony will not be represented at the 1904 fair as was originally the intention.

An insane man has been killed by officers by mistake in searching for the Folsom convicts.

Pope Pius gave Cardinal Gibbons a private audience at which he expressed his interest in America.

T. A. Wood, a Portland attorney, may be debarred for practices in prosecuting Indian war veterans' claims.

Willard S. Allen, a prominent Boston attorney and treasurer of Methodist preachers' aid society, has confessed to embezzling \$80,000 of the society's funds.

A fire at Fort Scott, Kan., caused a loss of \$70,000.

Gorman feels confident of Democratic success in 1904.

Russian troops have whipped and otherwise cruelly treated striking laborers.

Lewis, the colored Folsom, escapee, has been retaken at Auburn, shot in the leg.

The gross earnings of the Union Pacific for the past year show an increase of \$3,574,900.

Navy yard officers refused to eat with a colored officer, but were not backed up by the officials.

Seattle thieves took a safe from the Washington hotel and blew it open in the heart of the city.

Fifty Filipinos have been sent to prison for long terms for participating in raids on towns.

General Miles' desire for national G. A. R. honors is causing great discord and may disrupt the organization.

Pensioner Commissioner Ware denies that he has broken any of the civil service rules and courts an inquiry.

Corea has leased 200 acres of land to Russia for 99 years. This does not improve the Japanese situation regarding Russia.

Bulgarians have dynamited another town on the Turkish frontier. Eight battalions of Turks are on their way to the scene.

New wheat is beginning to arrive in Portland.

The new pope at first refused to accept the tiara.

Admiral Cotton entertained the Portuguese cabinet on board his flagship.

Governor of Alaska says Oregon should have a share of the Alaskan trade.

Lord Curzon has accepted the offer of India to extend his term of office as viceroy.

Charles M. Schwab has resigned as president of the steel trust and is succeeded by W. E. Corry.

A big land withdrawal has been made in Idaho to protect the water supply of Pocatello.

The St. Paul city council will pass an ordinance to prohibit the use of fireworks on any occasion.

Bulgarians continue their depredations upon Turkish property. The last act has been to burn two villages.

William Hamilton, who murdered and assaulted a 13-year-old girl in Astoria county, Wash., was taken from the jail by a mob and hanged.

All danger of further flood in Kansas is past.

Trouble is feared with miners at Idaho Springs, Colo.

Cardinal Gibbons is reported to be suffering from malaria.

FALE IN MASS.

Walk at Baseball Park Gives Way, Killing Four People.

Philadelphia, Aug. 11.—Four persons are dead, at least 12 are thought to be fatally injured, and fully 150 others are hurt, some seriously, as the result of an accident which occurred today at the Philadelphia National league baseball park. A board walk, which overhung the field bleachers, fell to the street, carrying 200 spectators.

Two games were scheduled between Boston and Philadelphia this afternoon and the attraction drew over 10,000 persons to the ball park. The accident occurred at 5:40 o'clock and was indirectly due to a quarrel between two drunken men in the street. The National league stands are built of steel and brick, the brick wall extending entirely around the grounds. At the top of the left field stands, and extending from the grandstand to the bleachers, there was a walk about three feet wide, which overhung the street. It was this walk that gave way under the heavy weight. Men who were standing on the walk were attracted by a disturbance in the street. They leaned over the side of the railing to see what was the trouble, and drew the attention of the other spectators seated on the top rows of the bleachers. Then occurred what is seen almost every day at a ball game—a rush to see what the other spectators were looking at.

The walk became overcrowded, and without a moment's warning 300 feet of it fell to the sidewalk, 30 feet below, carrying all who were on it. There were probably 3,000 persons sitting on the left field bleachers and the roar made by the falling timbers created a panic. Instantly the spectators rose en masse and made a rush down the stand and into the playing field. Men and boys climbed over one another in their effort to escape from the grounds. Notwithstanding what had occurred, the ball players and others tried to stop the mad rush, but they were swept aside in their unsuccessful efforts, and several persons were badly hurt in the crush.

OCEAN TAKING ISLANDS.

Tuamotu Group Is Destined to Be Reclaimed by Waters.

Papeete, Tahiti, July 26, via San Francisco, Aug. 11.—It would seem that the islands known variously as the Low Archipelago, or Tuamotu group are destined to be reclaimed by the Pacific ocean. Last January they were swept by a flood composed of high waves from the ocean and lesser ones from the inclosed lagoons, and in consequence nearly 600 of the inhabitants were drowned and property to the value of \$500,000 was destroyed. And now, six months later, fierce gales from the southwest and southeast have again caused great surging crests to sweep over some of the islands. So far only four persons are said to have perished, but the fear is great that when all the islands are heard from there may be a distressing list of fatalities.

The steamer Excelsior suffered much damage during the series of gales while she was on her trip from Tahiti to the Marquesas group. Three of the Tuamotu islands were under water to such an extent that the inhabitants had to climb coconut trees for safety. Houses and stores, crops and finally the coconut trees were destroyed, while the inhabitants had a close call to death.

REBELS ARE ACTIVE.

Macedonian Uprising Affects More Cities—Dynamite Being Freely Used.

Constantinople, Aug. 11.—The insurrectionary movement in Macedonia appears to be widening. Bands are reported to be active in the Balkan of Uskub and the district of Krashovo, where the government telegraph offices have been dynamited, while in the district of Dibra four Bulgarian villages have risen, provoking a corresponding rising in the neighboring Albanian villages. According to the statements of the police, however, the authorities have succeeded in calming the Albanians and inducing them to return to their homes.

King in Fear for His Life.

Cologne, Aug. 11.—King Peter of Serbia is being openly terrorized by his entourage, according to the Belgrade advices of the Cologne Gazette. Most of the present court officials who participated in the murder of King Alexander and Queen Draga appear to have been objected strongly to the appointment of Colonel Leitch, the Serbian attaché at Constantinople, to the post of court marshal. The official gazette yesterday contained the appointment, but shortly after its publication all copies of the gazette were called in.

Trust to Buy Big Stores.

Trenton, N. J., Aug. 11.—The Cash Buyers' Union First National Co-operative society, with an authorized capital of \$5,000,000, has been incorporated here to conduct department stores. One of the peculiarities of the charter is the provision that the company may enter into contracts with other companies and stockholders and with any other company in which it may have an interest. The opinion prevails here that the company has for its object the acquiring of large department stores throughout the country.

Urges Brazil to Increase Navy.

New York, Aug. 11.—While discussing naval estimates in the chamber of deputies, Thomas Cavalcante has, according to a Herald dispatch from Rio Janeiro, urged the members of the possibility of foreign aggression and pleaded that Brazil should place herself in a position to oppose the attacks of a European country. Particular stress was placed on danger of aggression by Germany, and the deputy urged that Brazil build up a navy at once.

Fleet Not Off for China.

Washington, Aug. 11.—The navy department today authorized a denial of the report that the European squadron is destined to Chinese and Japanese waters. It is stated that the cruise of the squadron will probably be confined to the Mediterranean until December next, when the entire squadron will sail for the West Indies to take part in the naval maneuvers arranged for next January.

Mexican Volcanoes Again Active.

Mexico City, Aug. 10.—Reports from various points in the southwestern part of the republic, show that earthquake shocks are again being felt. The volcano of Colima is again active. Large columns of gas are passing over the city of Colima.

CIRCUS IN WRECK

TWENTY-THREE PEOPLE KILLED AND MANY INJURED.

Two Sections of Train Crash Together Together With Awful Results—Road Blames Engineer and He Says the Air Brakes Failed to Work—His Words Branded as False.

Durand, Mich., Aug. 10.—An air brake refusing to work on the second section of Wallace Bros.' circus train caused a rear-end collision with the first section in the yards of the Grand Trunk railroad at an early hour this morning, in which 23 people were killed outright and more than a dozen injured. The coroner's jury today viewed the remains and adjourned until August 14, when the inquest will be held.

In discussing the question of responsibility for the horror, the railroad officials unhesitatingly lay it to Engineer Probst, of the second section of the train. Probst says the air brake on his train refused to work, but the officials declare he could have stopped the train in time to have avoided serious consequences. The official report on the accident declares positively that the air brakes have been tested since the accident and found to be in perfect condition and there is evidence that they were not applied.

One of the officials in discussing the accident and its cause said that he believed that Engineer Probst had caused his air in checking his train several times between Lansing and Durand and failed to charge his tank. The head brakeman and fireman, who were on the engine, bear out Engineer Probst's statement that the brakes refused to work.

The cars standing stationary of the first section were telescoped and the engine and five cars of the moving train first section were demolished. The rear car of the first section was a coach in which the trainmen were sleeping and the next two were filled with sleeping circus men. The greatest loss of life was in the caboose.

CONVICTS AGAIN SEEN.

Men From Folsom Are Fired Upon, but Escape Unhurt.

Placerville, Cal., Aug. 10.—Great excitement was created in Placerville shortly before midnight by the sound of shooting on a hill just west of town. John Wittmer and Sam Martin, who had been watching the ridge all evening, saw two men break from the brush and run through an orchard. The men fired at the fleeing figures but did not bring them down. Several more shots were fired into the brush in which the fleeing men took refuge, but without result.

A score of citizens from town gathered on the hill, and again the fugitives were seen breaking through the brush at the lower end of the orchard. Shots were again fired, but all trace of the men was lost. A small army of men now gathered on the hill, and a watch will be maintained all night. It is thought one of the men is Cass who is trying to get into Chinatown for opium. A man supposed to be a companion through Eldorado today headed for this place.

HAY EXCITES COLOMBIANS.

Retaliation Is Hinted at in Case Canal Treaty Is Lost.

New York, Aug. 10.—Advices received here from a prominent member of congress in Bogota, state, according to the Herald's representative in Colombia, that Secretary Hay early in July jaconically called the United States minister, Mr. Beaupre, telling him to inform the Colombian government of the probable action of the next American congress if the canal treaty is not ratified. The reading of the communications from Secretary Hay in secret session of the senate, caused vehement protests, they being considered an indirect threat of retaliation in case the treaty failed.

Declines the Judgeship.

Denver, Colo., Aug. 10.—A special from Santa Fe, N. M., says that Clement M. Smith had sent a telegram to that city from Hastings, Mich., today saying he had declined to accept the appointment as chief justice of New Mexico. Mr. Smith was appointed to succeed ex-Chief Justice Daniel H. McMillan. Mr. Smith gave no reason for his action, but it is believed he was influenced by the sentiment existing in the territory against the appointment of a non-resident to the chief justiceship.

Finlanders May Be Expelled.

St. Petersburg, Aug. 10.—Orders have been issued for the expulsion from Finland of Baron von Traill, Michael Tindén, chairman of the city council of Ekeners. The vice provincial secretary of Vasa province has been dismissed. The Finnish cadet school has been abolished because the graduates refused to enter the Russian military service, only 19 of 243 officers of the former Finnish battalions having accepted service with Russia.

Honolulu Baggage Inspection Off.

Washington, Aug. 10.—The treasury department today revoked its recent order for the examination at Honolulu of all baggage of persons coming to the United States from the Orient, and hereafter examination will be made at the port of destination. Proper examination at Honolulu would have necessitated a large increase in the force of customs inspectors. Furthermore, passengers object to being detained on the steamer during the investigation.

Mexican Volcanoes Again Active.

Mexico City, Aug. 10.—Reports from various points in the southwestern part of the republic, show that earthquake shocks are again being felt. The volcano of Colima is again active. Large columns of gas are passing over the city of Colima.

POPE IS FOR PEACE.

Vatican Officials However, are Strongly Opposed to His Policy.

Rome, Aug. 8.—The attention of Rome is now centered upon the solemn coronation ceremony, which is to occur on Sunday, and for which great preparations are being made. The throne of St. Peter, which Pius X. will occupy, will be mounted by a canopy, 40 feet high. The function will consume five hours. The pope has informed the Vatican officials that he wishes to be received on the threshold of the basilica by Cardinal Rampolla, who, as arch priest of the church, will address the formal greeting to him.

At the conclusion of the ceremony the pope will confer his blessing upon the people, but it has not yet been decided whether he will do so inside the church or from the balcony looking out upon the piazza, where many hoped he would bestow his benediction on the day of his election.

It is said that Pius is favorable to the latter plan, but the influence of the Vatican officials against it, on the ground that it might be interpreted as a recognition of the present state of affairs in Italy.

The holding of the coronation ceremonies in St. Peter itself represents a concession, as in the case of Leo it occurred in the Sixtine chapel. Although it is expected that 60,000 tickets will be issued for the event, the demand for them is already very great.

The coronation ceremony is to be held Monday and Tuesday next, the pope will confer the red hat upon Cardinals Adetti, Taliani, Katchalsky and Herrero y Espinosa, who were raised from the purple June 25, but who have not received these symbols of rank because of the illness and death of Leo. It is believed that the Spanish Cardinal Herrero will not be able to be present at the coronation ceremonies.

WAR TO COME SOON.

Macedonians Have Fixed Date of General Uprising.

London, Aug. 8.—A news agency dispatch from Vienna says the Macedonian central revolutionary committee has fixed August 31 as the date for a general uprising, and that Boris Sarafoff, one of the leading Macedonian agitators, has been appointed commander of the revolutionary forces, with Alexieff as his principal lieutenant.

The London papers print mail letters descriptive of the Macedonian situation and dated the latter part of July, which indicate that the committee was vigorously preparing for an uprising at the close of the harvest. The members of the committee, according to these advices, have been vainly hoping for an outbreak of war between Turkey and Bulgaria or some other sensational occurrence, such as a massacre of Christians, the Russian invasion, but nothing has happened, and together the situation is critical, it is just possible that the committee may still further put off the date of the outbreak.

COLORADO SWEEP BY STORM.

Chunks of Ice Fully Ten Inches in Length Fall.

Denver, Aug. 8.—Details of the storm which prevailed along the eastern slope of the Rocky mountains in Colorado and Southern Wyoming last night show it to have been much more severe than at first reported. In some sections the hail fell was unprecedented. In the neighborhood of Greeley and Eaton, in the northern part of Colorado, chunks of ice measuring in some instances ten inches in length fell, and the damage wrought was immense. Sheep were struck dead in the corrals, and cattle and horses were severely hurt. Farmhouses and barns were wrecked, and crops utterly wiped out of existence.

Near La Fayette, Colo., there were two storms, the second following the first within 15 minutes and with greater severity. The streets of the town were flooded, cellars partially filled with water and trees and shrubbery stripped of foliage and crops destroyed. The damage in and around La Fayette is estimated at \$250,000. In Southern Colorado the rainfall was very heavy, approaching the proportions of a cloudburst in several places.

Prejudice Against New Coins.

Manila, Aug. 8.—The effort of the Spanish government to introduce its new currency into the Philippine islands has not met with the success that was anticipated. Although a large quantity of the coins have reached the islands, there exists considerable prejudice against them, especially in the provinces. The bankers of Manila, having become convinced of the necessity of action in the matter, held a conference with Governor Taft, and after a full discussion promised to render all the aid possible.

Signal Honor to Him.

Washington, Aug. 8.—All arrangements are perfected for the presentation at Sagamore Hill of his excellency Baron Speck von Sternberg, as imperial ambassador, succeeding Herr von Holleben, recently retired. The departure from precedent on the part of the president was made as a special mark of favor to the German envoy, who for more than ten years has been his intimate friend. This is the first time an ambassador ever has been presented to the president outside of Washington.

Cuba Ejects Them.

Santiago, Cuba, Aug. 8.—Some engineers who were surveying a site for a terminal of the Cuban Eastern railway on the United States naval reservation at Guantanamo bay were warned off by the American officers there, but refused to go. Admiral Coghlan thereupon notified the Cuban government, and President Palma sent a revenue cutter, which forcibly ejected the trespassers. The railway, having acquired the land, claims heavy damages.

Firemen Overcome by Gas.

Tiffin, O., Aug. 8.—Fire Chief Weimer, Captain Grogg and four firemen were overcome by carbonic acid gas today at Gaston's place, where a supposed fire in Wilson's coal storage plant. The men were rescued by the crowd watching the dense gaseous vapor, which was supposed to be smoke, rise from the building. All the firemen are in serious condition.

HAPPENINGS HERE IN OREGON

SUMMITTER MINES.

Improvement and Development Work Progressing Rapidly.

Another prominent tunnel is being driven on the Modoc mine in the Cougar mine. This tunnel will open up the three veins on the property. Ore assaying \$100 to the ton is being taken from the old workings.

A complete hoisting plant has been ordered by the Pacific Diggins management, which will be installed immediately upon its arrival. The shaft is now down 80 feet.

The vein of the Dixie group has developed a width of 60 feet. This property is located on Granite Boulder Creek about four miles from the Greenhorn district.

The May Queen management is now erecting a hoisting plant on the property. It will be capable of sinking to a depth of 400 feet. The May Queen is in the Red Bay district. The machinery recently received here for the hoisting plant of the Midway group is now being rapidly installed.

A sawmill is also being erected. An order for 500 more cords of wood has been given by the E. & E. management. This wood is being delivered at the hoist building, which no doubt means the extensive operation of the mine.

Ore for shipment is now being sacked by the Valley Queen management. A winze is being sunk, and has encountered a high grade of quartz.

The new sampling mill recently erected by Arthur & McKen is completed and a test run has just been made on ore from the Flora M. property near town. The mill worked to complete satisfaction of the owners.

The management of the Copperopolis property located in the Quartzburg district announces that work will be resumed in a few days. The vein crosscut tunnel is now in over 600 feet. A drift has also been run on a copper ledge. This drift will be extended over 100 feet.

SECURES RIGHT OF WAY.

People Who are Behind the Oregon & Pacific Road at Work.

While they are saying but little the people who are behind the Oregon & Pacific Railroad are working diligently, and a railroad line from Grants Pass to Crescent City will undoubtedly be completed within the next year. Colonel T. Wain-Morgan Draper, chief engineer of the proposed road, is a very busy man, looking after the surveying of the line, and the management of the Waldo Smeltz & Mining Company's copper properties. At Waldo, who are the principal backers of the new road, Colonel Draper states that they have secured right of way for more than three-fourths of the road from Grants Pass to Grants, Cal., and have selected all of the stations on the line. At each of the places where stations have been selected ample rights of way have been given not only for a depot but also for sidings.

Coming Events.

Ninth annual regatta, Astoria, August 19-21.
State fair, Salem, September 14-19.
Second Southern Oregon district fair, Eugene, September 29-October 3.
Summer association of the Northwest Indian agencies, Newport, August 17-27.
Klamath county fair, Klamath Falls, October 6-12.
Good roads convention, Jacksonville, August 15.
Fruitgrowers' convention, Jacksonville, August 15.
Teachers' institute, Tillamook, July 29-31.
Knights of Pythias convocation, Astoria, August 20-21.
Teachers' institute, La Grande, August 17-21.

Insane Population Growing.

The report of Superintendent J. F. Calbreath, of the state insane asylum, for July, shows that during the month the population of that institution increased from 1254 to 1272. During the month 38 new patients were received and one escape returned. Fourteen patients were discharged, 15 died and one eloped. Of the patients enrolled July 31 there were 559 males and 267 females. The average expense of maintenance was \$9.31 per month, or 20 cents per day. The total value of articles consumed was \$6316.25.

Trappings for National Guard.

The adjutant-general's office of the Oregon National Guard has been notified that a shipment of 955 United States rifles and 50 carbines, together with bayonets, belts, scabbards, canteens, etc., is en route to Portland, and will arrive here in ample time for the annual encampment in September. There will be nothing lacking in the new equipment of the home soldiery. The selection of an encampment site has been made on account of the railroad rates. It is expected that a decision will be reached this week as to where the mobilization will take place.

Divide Irrigation Lien.

W. A. Latford, of the Columbia Southern Irrigation Company, was before the state land board to request the board to authorize the lien on the 27,000 acres of arid land which his company is attempting to irrigate in the Deschutes country. The total amount of the lien is \$10 an acre, and this will be apportioned to each acre, and will be paid in 10 years. Mr. Latford says that the amounts will be repaid from the proceeds of the sale of the land. His company has already received permission for the purchase of over 12,000 acres.

Large Oat Crop.

"The yield of oats in Clackamas county this year will be the largest of any year I have ever witnessed," said County Treasurer Cahill, who has lived in that county for 30 years, in discussing crop conditions. "Wheat is also generally poor throughout the county," continued the speaker, "and I forecast a good yield of that cereal." The hay crop in Clackamas county was exceptionally large and it has been years since a large crop of fruit of better quality has been harvested there. Harvest season is late.

To Train Kindergarten.

The professional department of the Weston State Normal School has been enlarged by the addition of the chair of applied kindergarten. Miss Violet Elizabeth Bowley, of Astoria, has been elected to this position.

NEW NATURALIZATION LAWS.

Governor Announces Provisions Against Illegal Immigrants.

For the information of all concerned in Oregon Governor Chamberlain has made public a letter received by him from the department of state at Washington, D. C., calling attention to the new provisions of the United States naturalization laws. These new provisions took effect July 3, 1903, and provide that, in order to be valid, a court record of naturalization must show that the person naturalized is not opposed to all organized government nor affiliated with any organization so opposed; that he does not advocate the unlawful assassination or killing of officers of the government; that he has not violated any of the provisions of the said act to regulate the immigration of aliens and that he has complied with the terms of previous acts on the subject of naturalization.

The new act also requires that every certificate of naturalization shall specifically recite that the provisions of this and previous acts have been complied with, and if it fails in any particular it is null and void. The act making the additional regulations was approved on March 3.

ENLARGE THE RESERVE.

More Land Withdrawn From Settlement in Oregon City District.

Nine townships of land in Clackamas, Marion and Linn counties have been withdrawn from settlement upon telegraphic orders from Acting Commissioner of the Land Office, Eugene. The townships are from 5 to 13 inclusive in range 4 east, immediately adjoining the Cascade forest reserve on the east. Each township contains 36,000 acres and the whole number of acres in the nine townships withdrawn is 324,000. All of township 11 and two-thirds of township 12 are unsurveyed land. Of the whole area withdrawn from settlement, \$1,220 acres are vacant land, of which 28,400 acres are unsurveyed.

The action of the general land office is construed to mean that the interior department is desirous of extending the reserve.

In Behalf of Singapore Harbor.

The Commercial Club of Eugene has informed a petition prepared by O. W. Hurd, of Florence, which will be presented to the secretary of war and congress on behalf of the city of Eugene, asking the government to continue well commenced improvements on the jetty in the Sitouah harbor. The petition bore the endorsement of the Oregon delegation in congress. Mr. Hurd is at present in Portland and will bring the same matter before the commercial bodies of that city. Later he will visit San Francisco and secure aid from the shippers there.

New Adjutant General Appointed.

Governor Chamberlain has appointed Captain W. E. Finzer, of Woodburn, as Adjutant General of the Oregon National Guard, to succeed Adjutant General C. L. Gantenbein, who resigned the office to accept the colonelship of the Third Regiment Oregon National Guard. Captain Finzer has a long and valuable military record and is an excellent choice for the important office, and is thoroughly competent to fill it. Captain Finzer will assume the duties of the Adjutant-General's office on September 1 and will in all probability move his family to Portland.

Gold Fever in Clackamas.

Great excitement, not without cause, prevails in the southern part of Clackamas county because of the recent discoveries by local mining prospectors. Gold in immensely paying quantities has been located on claims that have been repeatedly worked and prospected for the last ten years, but the hidden wealth was never disclosed before. Samples that will assay between \$2000 and \$3000 to the ton have been brought to Oregon City by the interested owners. Intense excitement exists.

Warships at Regatta.

A telegram has been received by the Astoria regatta committee from the secretary of the navy, stating that the gunboat Albatross had been ordered to Astoria for the regatta. Assistance have also been received from Secretary Moody that the New York, Marblehead and Bennington will be ordered here if their return from the Alaskan cruise is time.

PORTLAND MARKETS.

Wheat—Walla Walla, 70c/78c; bluestem, 78c/81c; valley, 79c/80c.
Flour—Valley, \$5.00/5.35 per barrel; hard wheat straight, \$3.60/3.55; soft wheat, \$3.40/3.35; 100 lb. sack, \$3.35/3.30; rye wheat, \$4.00; barley—Feed, \$2.20 per ton; brewing, \$2.10; rolled, \$2.10/2.15.
Oats—No. 1 white, \$1.07/1.10; gray, \$1.05 per cental.
Millstuffs—Bran, \$23 per ton; middlings, \$27; shorts, \$23; chop, \$18; linseed dairy food, \$18.
Hay—Timothy, old, \$20 per ton; new, \$14/15; clover, nominal; grain, \$12; cheat, nominal.
Butter—Fancy creamery, 20c/22c per pound; dairy, nominal; store, 16c/17c.
Cheese—Full cream, twins, 14c; Young America, 14c; factory prices, 10c/11c less.
Poultry—Chickens, mixed, 11c/11c per pound; spring, 16c/17c; hens, 12c/12c; broilers, \$2.00/2 per dozen;
