### LOOKS LIKE ROOSEVELT

Lawyer Brewster, Mr. Bryan's manager in his two campaigns, for Brooklyn and Kings county, New York, was interviewed as to his leader's speech at Urbana and said: 'Mr. Bryan's attack yesterday on Mr. Cleveland convinces me that Mr. Bryan's poise and balance are lacking. If I had been a candidate for the presidency I should consider it beneath my dignity to call an ex-president a bunko steerer-That speech of Mr. Bryan is not the only one of his speeches which has my disapproval-four or five of his other speeches recently have contained remarks which were distasteful to me. If the party hopes to win it must get back to the solid Cleveland principles-those of Jeff-

When asked, "What is your polities at present, Mr. Brewster?" He replied: "I have no party now. I was been a democrat and want to be one now, if I can. But I cannot indorse the Democratic party in its present shape." The interviewer then asked him. "Who do you think will be the next presiden?" And he answered. Theodore Roosevelt will be elected,

All roads lead to Roosevelt. He represents all that the honor bright democracy stood for in 1896 and

The Ringling Circus, which held forth at Eugene last Friday, was greeted by one of of the largest gatherings known in that city. It is estimated that from 15,000 to 20,000 people witnessed the performance. It is safe to say that one dollar was spent for each performance. HIS LIFE SAVED BY CHAMBER-LAIN'S COLIC, CHOLELA AND DIARRHOEA REMEDY.

"B. L. Byer, a well known cooper of this town, says he believes Chamber-lain in this town, says he believes Chamberone dollar was spent for each per-son who attended. If one dollar per head is conservative, it means that \$15 000 changed hands under the Ringling Bros. snowy canvas It may also be conservatively stated that the show people make at least 30 per cent on an attendance of that magnitude. But the profit or the loss to the show company is of little moment. The circumstance, bowever, furnishes a good test of the times and financial condition of the people. Think of the inhabitants of one county spending \$15,000 in one day for per head is conservative, it means spending \$15,000 in one day for amusement! Compare the present conditions with those existing in 96! In 1896 the Ringling Bros. Circus would not have had an attendance of 2,000. It would have eled in the West.
