FRIDAY, OCTOBER 2 1903.

Every year the Pacific Coast country has the same experience in the matter of removing the fruit and other crops, and every year the farmers and fruit growers lose thousands of dollars because of the lax methods of the railroads in furnishing cars.

The great amount of attention that is just now attracted by the Bohemia mining district can hardly be appreciated by those who live here in Cottage Grove.

A long list of passages taken from the charter and ordinances of the City of Cottage Grove was delivered to this office on last Saturday through the courtesy of Attorney John S. Medley.

President Roosevelt has that happy faculty of always making somebody happy, and he is never happier than when doing something for someone else.

The City Council might take up the question of arc lights, now that the electric light plant has been so improved that they are able to furnish them.

THE DISTRICT FAIR.

At Oregon Mineral Springs On the 8, 9 and 10 of October will be held the 2nd Annual District Fair of the London District.

A GOOD TIME PROMISED

On the 8, 9 and 10 of October will be held at the Oregon Mineral Springs the Second Annual Fair of the Oregon Mineral Springs.

A system that should be adopted as a special feature of all fairs is that all exhibits of agricultural products should be accompanied by a short history of the same.

If a farmer can put an 800 pound calf on the market at 8 months or a 175 pound hog at 6 or 7 months he can certainly make more money than putting a three year old steer weighing 1300 or 1400 on the market or a 250 pound hog at 18 months.

At the Oregon Mineral Springs Fair experts from the Agricultural College will be present and hold a farmers institute on the afternoon and evening of October 9th.

A good program has been arranged for the three days and a large list of prizes of considerable value and the competition for them should be strong and thereby encourage the management.

DIVIDE ITEMS.

Last Saturday while Roy Coffin and family were riding on a load of wood to Divide the brake gave way and they were thrown from the wagon.

School closed on account of diphtheria at Cottage Grove.

An enjoyable dance was held at Mr. Burket's Saturday night.

The sawmill has started and lumber and ties are being hauled away.

W S Miller went to Eugene Friday.
