COTTAGE GROVE, OREGON.

EVENTS OF THE DAY

Comprehensive Review of the Important Happenings of the Past Week, Presented in Condensed Form, Most Likely to Prove Interesting.

The Vanderbilt railway has reduced its force 1,500 men.

The general land office has withdrawn from entry 20 sections in the Spokane land district.

Bulgaria has ordered the mobilization of residents in the district of Kostendel as a precautionary measure.

The tribunal in the Venezuelan case has reduced Germany's claims from 6,049,000 marks to 1,670,000 marks.

King Peter of Serbia has advanced more of the leaders in the plot against the king and queen who were killed.

The worst of the flood in New York, New Jersey, Virginia and Delaware is over. The property loss will reach into the millions and a number of lives were lost.

A Cincinnati ex-bank president has been sued and judgment obtained against him for \$2,500,000. Interest will amount to almost as much as the principal.

Japanese have lost patience with Russia and urge war.

Rain caused disastrous floods in New York and New Jersey towns.

Great Britain and France have agreed to work to avert war between Russia and Japan.

The Uruguayan gunboat General Rivera has been sunk at Santa Barbara by an explosion. Her commander was killed and many of her crew killed.

Santo Domingo has appointed an arbitrator in the case of M. Sala, the Frenchman, who lent money and supplied munitions of war aggregating \$315,000.

An additional appropriation aggregating \$67,700 to complete school buildings in process of construction has been made by the Chicago board of education.

The attorney general of Texas has begun suits to annul the charters of several railroads on the ground that they have given one express company a monopoly.

The entire Chilean cabinet has resigned.

Russia did not evacuate Manchuria October 8, as agreed.

The famous American-Chinese treaty, which will greatly promote trade, has been signed.

St. Thomas Lipton has almost entirely recovered from his illness and has sailed for England.

The Ontario government will move to secure a force of 100,000 troops for use in case of emergencies.

The coal mines north of Colorado Springs have been successfully opened with nonunion miners.

The Maryland monument to the soldiers who participated in the battle of Chattanooga has been dedicated.

Cleveland, O., will present to the cruiser named in its honor a bronze bell representing in bas relief Commodore Perry.

William B.G. Iven, president of the Pennsylvania railroad, is said to be short \$100,000, losing the amount in stocks.

Germany denies that she has ordered a fleet to concentrate off Ciudad Bolivar, Venezuela, in view of disaffection with threats of President Castro.

Fire destroyed a large grain elevator at Missouri Valley, Ia., together with 300,000 bushels of grain. Loss, \$200,000, fully insured.

Japan still hopes to avert war with Russia, but is preparing for it.

General Daniel Sickles has been nominated for mayor of New York by fusionists.

At Berlin a speed of 25 miles an hour has been made on an experimental electric line.

The man who made the attempt on President Roosevelt's life is not a regular anarchist.

Many attempts at assassination are being made on members of the German imperial family.

Ex-Ambassador Herbert has been lied to rest in the family tomb at Wilton, Wiltshire, England.

Five in the mines at Eureka, Utah, has put a stop to all underground work until the blaze can be extinguished.

The United States steel corporation has made a 50 per cent reduction in dividends on account of decline in business.

The assistant secretary of the interior will not grant settlers a review in the famous Warner valley, Oregon, swamp land case.

The Colorado national guard is involved in a scandal over financial transactions at the scene of the Cripple Creek strike.

War between Russia and Japan is not anticipated.

Miss Ruth Bryan has wedded Artist W. H. Leavitt.

Fifteen more indictments have been returned in the postal investigation cases.

General Bradley T. Johnson, a prominent Confederate officer, is dead.

Ex-Postmaster General Bissell is greatly improved, but is not yet out of danger.

The new British cabinet has been named. Grave fears are expressed for its durability.

Thomas J. McLean, United States consul at Bahama, is dead. He had been at that station for 25 years.

Trade statistics show that the exports from the Philippines have increased fully 20 per cent during the past year.

STILL EVASIVE POSSE.

Utah Escapes On Their Way Unmolested.

Salt Lake, Oct. 13.—At 8 o'clock tonight James Lynch and Nick Haworth, the two men under death sentences for murder, who succeeded in effecting their escape from the state prison here, were still at large. Poses with bloodhounds have scoured the hills north and east of this city without finding any definite trace of the two men, and tonight the prospect of their capture is not so bright. Both of the escaped convicts are well armed, and, as they are thoroughly desperate, it is believed neither will be taken alive.

Dayton, the convict killed by one of the guards, was buried today in the prison burial ground. When his clothing was searched, a slingshot weighing about a pound and a half was found. A similar weapon was found in Abe Major's cell.

Guards Wilken and Jacobs, who were wounded during the fight, are now in the hospital. Jacobs was badly injured about the head, having four scalp wounds and a cut on the chin. Wilken, who was shot while fighting Major on the prison wall, has a bullet wound in the right leg near the hip, which may necessitate amputation of the limb. The wounded convicts are all doing well, and will recover.

The prison officials are unable to explain how the convicts were smuggled into the prison, but say the weapons were undoubtedly taken in by some of the many callers at the penitentiary during the last week.

Governor Wells has offered a reward of \$500 each for the capture of Haworth and Lynch, and the prison authorities have offered an additional \$100, making a total of \$600 for either man.

NOT TOO LATE YET.

War Between Russia and Japan Can Be Easily Prevented.

Berlin, Oct. 13.—Russia and Japan act as though either would fight if the other should hold immovably to the position taken at the last exchange of communications. This is the actual situation as understood officially from reports received from the German embassy at St. Petersburg and the German legation at Tokyo. Yet this mutual attitude at hostile preparations by both countries is still regarded here as not excluding an honorable arrangement.

Neither government has gone so far that it must fight or be humiliated, but either cabinet by a single step can put the other in that position. This delicate balance may, of course, be violently disturbed any day, though no ultimatum has yet been thrown on either side.

It is believed here officially that war, should it occur, would be between Russia and Japan alone, and that neither England nor France would be involved.

AID TO ALASKAN PROJECT.

President Presents Scheme of Cable Company to Department.

Washington, Oct. 13.—President Roosevelt today had a talk with John E. Ballaine, chairman of the finance committee of the Alaska Central railway, concerning some details of that enterprise about which Mr. Ballaine desires the assistance of the war and interior departments. The president extended to him some assistance in the matter of presenting his project to the department.

Mr. Ballaine desires to interest the war department in the laying of a cable from Juneau to Seward, about 800 miles. The war department has nearly completed a cable line between Seattle and Juneau and probably will extend the line still further. Mr. Ballaine and his coadjutors desire that it should be extended to Seward.

Anarchist Fugitive Heard From.

New York, Oct. 13.—William Macqueen, the anarchist, who was convicted of rioting in Paterson, N. J., sentenced to five years in prison and escaped justice by jumping his bail, has been heard from in London, where he has taken to writing letters to various newspapers. He asserts that he was induced to flee by the "committee of defense," on the ground that his bondsmen was a capitalist. William Grossman, who fled at the same time from Paterson to escape imprisonment, is said to be in Chicago.

Turn Supplies Into Cash.

Manila, Oct. 12.—It is now learned that George Herman and C. J. Johnson, the constabulary officers stationed at Misamis, Mindanao, now fugitives from justice, not only took \$6,000 in cash from the safe, but also turned most of the supplies into cash before their dramatic exit on the vessel they appropriated. A cable was sent to the governor of Borneo, advising him of their departure and he at once dispatched the coast guard steamer Ranger to look out for them.

To Visit Alaska.

Seattle, Oct. 13.—The United States geological survey will have parties next year investigating the mining resources of southeastern Alaska, the formation in the Yukon country and oil deposits in Alaska. If the appropriation is ample, parties will continue the study of the geology of the Nome district, and will conduct an investigation of the coal supply of Nome. The Copper river country is also demanding investigation.

Wright Named for Umpire.

Seranton, Pa., Oct. 13.—Judge Gray, of the anthracite strike commission, has appointed Carroll D. Wright umpire in connection with the short working day on Saturday in the Schuylkill region. He has acted in a similar capacity over five previous questions.

BREAK AT PRISON

CONVICTS IN UTAH PENITENTIARY MAKE DASH FOR LIBERTY.

One of Them Is Killed and Three Companions Wounded—Two Guards Injured—Two Convicted Men Escape—Posse and Bloodhounds on Trail—Two of Prisoners Had Revolvers.

Salt Lake, Oct. 12.—As a result of a well organized and partly successful attempt at a wholesale delivery of prisoners at the Utah state penitentiary tonight, one prisoner was killed, one guard was shot and wounded, another was beaten almost into insensibility, three prisoners were wounded, and two others under death sentences escaped.

None of those wounded, it is believed, are seriously hurt. A posse of prison guards with several bloodhounds was promptly started on the trail of the two escaped convicts, but owing to darkness and the wild nature of the country in the vicinity of the prison, no results are looked for tonight.

The outbreak occurred about 6:30 p. m., just as the prisoners were being placed in their cells for the night by Guards Wilken and Jacobs. The affair went through with such vim and precision that it must have been carefully planned beforehand.

Two of the prisoners overpowered Wilken and Jacobs, the former being shot and slightly wounded and the latter frightfully beaten. The convicts took the prison keys from the guards and released five other prisoners, who had already been locked up. The seven prisoners then compelled Guard Wilken, notwithstanding injuries, to march at their head and with the assistance of leaders found near the workshop, proceeded to scale the wall. Wilken was made to ascend first.

As the first convict reached the top Guard Naylor, who was on the south wall, opened fire. This was the signal for a general alarm, and several guards who were in the office quickly seized their guns and hastened to the scene. They arrived at the wall just as the prisoners were descending on the outside. Orders to halt were being obeyed, a volley was fired, killing one of them, and wounding three others. Two of the prisoners were armed with revolvers.

RUSSIA TO STAY.

Manchuria Is to Be Occupied Permanently by Czar's Troops.

Nin Chwang, Manchuria, Oct. 12.—The troops of the Russian garrison, headed by their band, playing national airs, paraded the principal streets of the foreign and Chinese settlements today, ostensibly as though to emphasize the fact that the Russians are still the governors of this port. The civil administrator, M. Grosse, today stated he had received no instructions regarding withdrawals. His assistants freely assert that a permanent occupation is intended. In speaking with a consul who called today to inquire regarding Russia's intention the officials treated the question of evacuation as a joke.

The scheme of the maneuvers about Port Arthur is for the fleet and army to prevent an attempt by a hostile army to effect a landing from transports protected by a hostile fleet. The maneuvers, occurring on the date that the other governments are looking for the evacuation of Manchuria, are regarded as significant and perhaps intended as an object-lesson to Japan of Russia's preparedness to meet invasion.

CONSULS IN THE PLOT.

Scheme to Smuggle Chinese into Philippines Involves Many.

Manila, Oct. 12.—The contract discovered by Collector of Customs Shuster, in connection with the scheme of bringing in Chinese coolies under the guise of merchandise, the unearthing of which has already resulted in the arrest of John T. Miller, ex-inspector of immigration and the issuance of a warrant for W. D. Ballantyne, contains the following clause referring to the United States consul at Amoy: "There shall be deducted from the profits of the firm \$45 (Mexican) for the two Tai, \$50 (Mexican) for the United States consul, \$50 (Mexican) for the secretary to the United States consul, \$5 for Mr. Lang, interpreter."

Nab Him for Crank.

Washington, Oct. 10.—John Decker, of Norwich, Conn., who evidently is a mechanic, about 44 years of age, entered the White House soon after the doors opened this morning. The officials thought from his actions he was a crank and arrested him. He was not armed and made no resistance when placed under arrest. He was turned over to the police authorities. Decker was examined later in the day, pronounced insane and was removed to the insane asylum, for confinement until he recovers.

Wants to Buy Town.

Portland, Oct. 12.—An effort is being made to purchase from the North Pacific Improvement company about 200 acres of the property included in the Knappa townsite on the Columbia river for the purpose of enlarging the government quarantine station at that place. The owners of the property, most of whom are Portland men, are reluctant to consider the proposition, because Knappa was selected as a townsite and it is believed that sooner or later it will be the coast terminus of a railroad.

Mines Are Sealed Up.

Eureka, Utah, Oct. 12.—All the shafts and other openings in the Bullion Beck, Eureka Hill, Centennial Eureka and Gemini mines, about 30 in number, have been sealed up on account of the underground fire that has been burning since Monday. Within a couple of days, an effort will be made to reach the fire from the 300-foot level of the Eureka Hill. To do this, it will be necessary to extend a pipe line or hose 450 feet long.

Three Hundred Turks Killed.

Salonica, Oct. 21.—A serious engagement occurred October 6 between Turks and insurgents near Salonica. About 300 Turks are reported to have been killed or wounded. Fighting is still proceeding.

NAVAL BATTLE PROBABLE.

Japan and Russia are Assembling Fleets Off Coast of Corea.

Paris, Oct. 10.—Official information received here shows that a formidable Russian fleet, comprising 90 warships of all classes, has left Port Arthur and has arrived at Ma San Pho, south of Corea, where the Japanese fleet has already arrived. The Russian ships have anchored within the Ma San Pho harbor, alongside the Japanese ships.

Several brigades of Russian troops have been moved to the Korean coast and are now encamped on the border. Diplomatic negotiations are still proceeding at Tokio. These do not relate to the evacuation of Manchuria by the Russian troops, but to the future of Corea.

Minister Discounts It.

London, Oct. 10.—The Japanese minister here, Baron Hayashi, today described the announcement made by the London Daily Mail's correspondent at Kobe, Japan, that Baron De Rosen, the Russian minister to Japan, had presented a note to the Japanese government contending that Japan had no just right to intervene in the question of the evacuation of Manchuria, and characterizing the proposed partition of Corea between Russia and Japan as being "fantastical and unworthy of consideration."

Regarding the report that the Russian fleet had arrived at Ma San Pho, Baron Hayashi remarked that Russia had only about 30 warships in the whole far east, and it would be a physical impossibility on account of coal and other supplies for them to remain at Ma San Pho. It would be the most unlikely place for them to go to even if Russia contemplated hostilities, as it is within easy striking distance of Japan's strong naval base at Tsu, in the Straits of Corea. So far as Baron Hayashi knows, it would be equally unreasonable for the Japanese to go to Ma San Pho.

Great Britain Has No Information.

London, Oct. 10.—The foreign office informs the Associated Press that it has heard nothing of the reported gathering of Russian warships at Ma San Pho. The foreign office reiterates that its advisers give no indication of a Russo-Japanese outbreak.

Japan Desires War.

Paris, Oct. 10.—The Paris press today, in a special dispatch from Darmstadt, published an interview with Alexander Savinski, the secretary of foreign affairs, with Minister Lamorolli, who, it is alleged, spoke on the authority of his chief of Russo-Japanese relations. M. Savinski is quoted as saying: "Our agents at Tokio have informed us that Japan desires war and is prepared for it. We have enough troops in Siberia to resist all the Japanese force."

Regarding Turkey and Bulgaria M. Savinski said the accord between Russia and Austria was stronger than ever, and he did not believe war between those two countries would occur.

VOLCANO AGAIN ACTIVE.

Mauna Loa, in the Island of Hawaii, in Eruption for a Day.

Honolulu, Oct. 10.—The volcano of Mauna Loa, on the island of Hawaii, is again in a state of activity. The eruption began yesterday at noon, and was reported here today. When the ship Orinthy, from Newcastle, passed the island of Hawaii yesterday, from the summit of the crater a vast column of smoke with fire below descended. The appearance of the lava flow at Kilauea is normal with mild activity.

Further advice states that Mauna Loa's outbreak is very heavy. The flowing lava makes a grand spectacle. Excursions are being arranged from Honolulu. A wireless message from Hilo to the Advertiser says the volcano is very active, and the lava flow is going towards Kahuku cattle ranch. A messenger reports that two streams of lava were seen from Volcano. Kilauea and all parts of the Kona plantation. The glow is visible in Hilo. It is believed the lava will break out further down the mountain. No plantations or settlements are endangered by the lava flow and the eruption will be without material damage.

Heavy Loss by Tornado.

Emporia, Kan., Oct. 10.—Three persons were killed outright, two fatally injured, and 14 others more or less severely hurt, as the result of tornadoes that prevailed near Hamilton, Greenwood county, and at Alleville, in Coffey county, Kansas, last night. The property loss is enormous. The town of Alleville, which has 200 inhabitants, was practically demolished. Wires were prostrated, and the extent of the storm was not learned until late today. The list of casualties may yet be incomplete.

Treaty Report Ready.

Bogota, Colombia, Oct. 7, via Buenos-Ayres, Oct. 9.—Senator Rivas Groot, who was commissioned to report on the canal treaty, says his report is ready and will be presented to the senate tomorrow in secret session, he desires first to know what impression it makes on the senate.

Senator Groot believes the present treaty is unconstitutional, because of the cession of sovereignty, but he thinks the treaty could have been negotiated with slight modifications.

Damage to Battleship Serious.

New York, Oct. 10.—It has been found at the New York navy yard, that the battleship Massachusetts, which ran on her way to Oyster Bay for the recent naval maneuvers, had broken her keel. The damage is serious, but not so serious as it was at first reported. The ship's "heel," a large steel casting, was broken, and a new one probably will have to be cast. The work will require several months.

New Finance Suggestion.

Washington, Oct. 10.—Representative Hill, of Connecticut, in a conference with the president today regarding financial legislation, suggested to the president that he advocate legislation looking to the creation by congress of a commission to investigate the subject and report upon the need, if any existed, of financial legislation.

Union Gots Good Fruit for Fruit.

The Medford Fruitgrowers' union shipped two cars of Winter Nells pears and Jonathan apples, besides several smaller shipments, this week to San Francisco. The last shipment sold for \$1.25 per box, which is a good price for these apples. Throughout the season the union has been getting better prices for the small grower than they could have otherwise secured.

Small Delinquent List.

Unpaid taxes on the 1902 roll for Clackamas county have become delinquent. On a roll aggregating \$177,000, Sheriff Haver has collected approximately \$168,000, leaving delinquent less than \$10,000. Delinquent taxpayers will now be obliged to pay 10 per cent penalty, and 12 per cent per annum interest in liquidating with the county.

HAPPENINGS HERE IN OREGON

WILL PUSH INDIAN CLAIMS.

Klamath Tribe Council Appoints Committee of Three.

Rev. Jesse Kirke, who is a leader among the Klamath Indians, was in Ashland recently and brought the first news that has been given out in regard to the recent council of the Klamath Indians to take action in regard to the pushing of the claims of these Indians for reimbursement by congress in the sum of a little over \$500,000 for lands lost to the Indians by reason of error in reservation boundaries.

The council was attended by 100 heads of Indian families and Kirke, Henry Jackson and William Crawford, all well-to-do members of the tribe, were elected to represent the Indians at the National capital and were empowered to employ counsel to further the claim from the government during the coming session of congress and one, or possibly all three of them, will go on to Washington in December.

Resolutions were also passed against the state's claim to swamp lands within the reservation, which, it is said, if granted, would throw 400 Indians out of allotments.

MAILS ARE TOO SLOW.

Governor Chamberlain Contemplates a Trip to Washington.

If his official business will permit, Governor Chamberlain will leave Oregon in a few days for Washington, D. C. The purpose of his proposed trip is to talk with the president, the secretary of the interior and officials of the general land office concerning land matters in Oregon. He desires to secure what information he can at Washington regarding past and present land transactions so far as Oregon is interested. He finds that correspondence is a very slow and unsatisfactory way of getting information, and by a brief trip to Washington he expects to get a pretty thorough general understanding of the principal features of public land matters.

It is not certain that he will make the trip, but that is his intention if he can get away.

STRAWBERRIES IN CLACKAMAS.

Two-Acre Tract That Has Been Yielding Since June.

R. K. Hartnell, a farmer residing near Clackamas station, Clackamas county, is now supplying the Portland market with fresh ripe strawberries. The fruit is of average size, plump, fully matured and delicious. From two acres of ground Mr. Hartnell has already marketed this summer \$850 worth of berries. He is still picking berries from the same field, and expects to harvest at least 150 boxes before the season closes.

Mr. Hartnell has been marketing berries from this field since the strawberry season opened last June, and he now has in his field berries in all stages of growth, from the bloom to the mature fruit.

Free Ferry at Harrisburg.

The county court of Linn county has decided to operate a free ferry at Harrisburg. There has for years been a ferry across the Willamette at that place, but it has been maintained and operated by private capital. A petition asking the county court to take the ferry and operate it on a free basis was largely signed by the citizens of every section affected. Last week the members of the court visited the scene of the ferry and offered the operators of the private ferry \$700 for their outfit.

Baker City Wool Sold.

E. H. Clarke, representing Koshland & Co., of Boston, has purchased 300,000 pounds of wool at Baker City at prices ranging from 10 to 11½ cents. This is about half of the wool now on hand in the local market. Mr. Clarke expects to clean up the rest of the wool in that market. The sheepmen who comprised the members of the pool owning this wool have held out for 16 cents for some three months. They could have taken 15 cents some three months ago, but they wanted more wool.

Lucky Boy Miss Not For Sale.

L. Zimmerman, president of the Lucky Boy mining company, came down to Eugene from Blue river a few days ago, bringing the regular monthly clean-up of the mine. The bricks were smaller than usual, valued at only \$7,500, which is due to the fact that the mine was not running all the month. He says they are not considering a sale of the property, but have gone so far and are reaping such results that they could not think of selling, as was recently reported.

Working for St. Louis Exhibit.

County Superintendent Zinner is preparing a circular letter addressed to the teachers of Clackamas county asking for their co-operation in a movement to secure for the St. Louis exposition an exhibit of the school work of that county. Superintendent Zinner is a member of the state board that has been appointed to have charge of this feature of Oregon's exhibit at the world's fair.

Union Gots Good Fruit for Fruit.

The Medford Fruitgrowers' union shipped two cars of Winter Nells pears and Jonathan apples, besides several smaller shipments, this week to San Francisco. The last shipment sold for \$1.25 per box, which is a good price for these apples. Throughout the season the union has been getting better prices for the small grower than they could have otherwise secured.

Small Delinquent List.

Unpaid taxes on the 1902 roll for Clackamas county have become delinquent. On a roll aggregating \$177,000, Sheriff Haver has collected approximately \$168,000, leaving delinquent less than \$10,000. Delinquent taxpayers will now be obliged to pay 10 per cent penalty, and 12 per cent per annum interest in liquidating with the county.

ATTRACTED BY PROSPERITY.

Immense Immigration of Cheap Labor From Southern Europe.

Albany, N. Y., Oct. 7.—The state department of labor, in its quarterly bulletin, attributes the diminution in an unprecedented degree of employment and wages reported in June as almost wholly to labor disputes.

"The lookout in the building trades of Manhattan and Bronx boroughs of New York City," it says, "overshadowed all other disputes of the summer and threw several thousand wage-earners out of work." In general the bulletin holds that, exclusive of the building trades, New York industries were generally as active as in the summer of 1902, which was a banner year.

According to the bulletin, immigration this summer has exceeded even the record-breaking current of last year, and indicates the eagerness of the low-paid laborers of central and southeastern Europe to enjoy the prosperity which, on the whole, still reigns in the United States.

The largest contingents are still the Italians, Poles and other races of southern and central Europe, with a low standard of education. Notwithstanding the great tide of immigration, the superintendent of the State Free Employment Bureau in New York City states that at no time during the quarter was he able to meet the demand for domestic help.

"Prosperity is so widely diffused," says the bulletin, "that the servant-keeping class is larger than ever before, and has thus created a demand that exceeds the supply."

EASY ON RUSSIA.

Japan Will Not Force Manchurian Issue at Present.

London, Oct. 7.—No apprehension exists in the minds of the British government or the diplomatists in London that the far Eastern situation will bring forth any immediate serious developments. This feeling of temporary security on the eve of the day that Russia should, but admittedly, will not evacuate Manchuria, is due to assurance on the part of Japan that as long as the negotiations now proceeding between herself and Russia present a reasonable prospect that a settlement will be reached, Japan will take no hostile action to Russia in the matter of Manchuria.

It is further learned that these negotiations, looking to a final settlement of the Russo-Japanese sphere of influence in the far East and especially dealing with the situation in Corea, are progressing satisfactorily at Tokio.

No treaty, however, has yet been signed and it is anticipated that the negotiations will be concluded by October 8, the date on which Russia was to evacuate Manchuria. Russia's failure to evacuate Manchuria on that day, however, will not precipitate a diplomatic crisis, as Japan rather than break off the negotiations covering broadly all the issues between herself and Russia is willing to strain a point regarding Manchuria in the hope of arriving at a satisfactory settlement. In all of this the British government acquiesces.

GERMAN BILLS ALLOWED.

Venezuela Will Pay in Gold Coin the War Indemnity.

Caracas, Oct. 7.—The Venezuelan-German mixed tribunal has officially closed 73 claims presented against the government, involving a total of \$1,317,517. Two claims amounting to \$116,250 were withdrawn, and one of \$55,000, for the closing of navigation of the river Catatumbo, the Colombian boundary, and the causing thereby of losses to German traders, was disallowed by the umpire, General G. Duffield, of Detroit.

The other claims, which aggregate \$643,500, were discussed and recognized and the claimants were awarded \$399,000 in gold under the protocol the awards are payable in gold.

The German railroad obtains payment in full of its claims, and in addition a sum of \$800 a day as indemnity for the interruption of traffic during a period of 17 days. The Germans here are much pleased with the awards and compliment Umpire Duffield upon his decision.

Archbishop Kain's Case Serious.

Baltimore, Oct. 7.—The physicians who have for several weeks been in attendance upon Archbishop Kain, of St. Louis, a patient at St. Agnes sanitarium, in this city, held two consultations today. At the close of the last one, late in the day, they reported that, while Monsignor Kain was much improved, his condition does not warrant the hope that he will entirely recover from the ailment from which he is suffering. Consultations of the five specialists and physicians will be held tomorrow.

Merrill Again Indicted.

Boston, Oct. 8.—Moody Merrill, formerly a prominent business man here, who was arrested in New York last May on an indictment which was issued on this date ten years ago, and who is now under \$10,000 bonds to answer the charges, has again been indicted by a Suffolk county grand
