The C. M. A. foot ball team will go to Roseburg today to play their opening game of the season. Of course it is needless to say they will win. The boys tried to arrange a game with Eugene, but it seems the High school forces of that village has a very bad case of cold feet when Cottage Grove foot ball boys are mentioned. But perhaps they will sufficiently recover from the polar condition of their Anatomical extremities to meet the C. M. A. sometime in the near future.
 W. B. Dennis, of the Blackbutte Quicklime mine, presented this office Monday last with some very fine Garfield potatoes grown on his Blackbutte farm. Mr. Dennis, from the samples presented this office, seems to be about as successful in the agricultural line as in the mining. The Garfield is generally a large potato, though not very prolific in growth.

The book recently published by the American Book and Bible House on "Organized Labor," John Mitchell, president of the American Federation of Labor, is one of the best books on the subject of organized labor yet published. The work is in every detail a complete and concise statement of the present conflict between labor and capital, and while Mr. Mitchell naturally discusses the question considerably on the side of labor, yet his arguments on the rights of capital are perfectly fair, and above all things Mr. Mitchell is a strong advocate of the strict observance of existing laws. It is a book that everyone should read and study closely. Mrs. J. T. Despain, Agent.

W. T. Kayser, otherwise a very reliable man, raised some little mesquely Garfield potatoes in his garden last summer and to show what a gardener he was he gave the Nugget a sample—enough for dinner. About the smallest one in his garden wouldn't weigh over two and one-half pounds, but of course we can't call him lazy for he gave us the potatoes and promises more if we will give him a puff—here it is, bring on the potatoes.

SILK CREEK POTATOES.
 Mrs. Thos. Richardson presented this office with several pounds of choice Burbank and Peach Blow potatoes on last Tuesday. These potatoes were grown on the Silk Creek ranch and while good sized potatoes—above the general average—they are a fair sample of the potatoes being marketed from this particular ranch, and they were delivered at this office just at the proper time—just wondering where the next sack of potatoes were coming from. The entire Silk Creek country is, in production, more like a well cared for garden than what we generally term ranches.

CONVENIENT QUARTERS.
 Messrs Ellidge & Higgins, who recently removed their feed store from Main street to the warehouse, formerly occupied by the O. & S. The gentlemen report a lucrative business.

DIED.
 PURVINE—At Crowwell, on Monday, Oct. 12, 1903, Wm Purvine, aged 40 years.

TO THE DEPARTED.
 Alice J. Vaughn was born in Lane County, Oregon, January 1, 1882, was married to Henry Riscue February 1, 1880, died October 8, 1903, aged 41 years, 9 months and 8 days. Deceased leaves husband, six sons, father and four brothers and four sisters.
 A precious one from us has gone,
 A voice we loved is still'd,
 A place is vacant in our home,
 Which ne'er can be filled.
 God in his wisdom has revealed
 The boon his love had given;
 And though the body moulders here,
 The soul is safe in heaven.
 Jesus, while our hearts are bleeding
 O'er the spoils that death has won
 We would at this solemn meeting
 Calmly say "Thy will be done."
 Though cast down we're not forsaken;
 Though afflicted not alone,
 Thou didst give and thou hast taken
 Blessed Lord "Thy will be done."
 Call not back the dear departed,
 Ancher'd safe where storms are o'er,
 On the border land we left them
 Soon to meet and part no more.
 When we leave this world of change
 We shall find the missing loved ones
 In our Father's mansion fair.
