LIST OF FEES FOR RECORDING
Law Passed at Special Session Makes Changes—Act is now in Effect.

Carroll's bill, passed at the special session, and which provides for new changes by county clerks and recorders for recording deeds, mortgages, etc., carried an emergency clause and went into effect December 24. The measure increases the fees considerably. The bill follows:

Section 1.—That in every county of the State of Oregon containing less than 50,000 inhabitants there shall be exacted and collected by the recorder of conveyances or county clerk, if there be no recorder or county clerk, for the benefit of such county, the following fees and no more for the following purposes and services, to-wit:

First.—For recording any deed, trust deed, declaration of homestead, mortgage, chattel mortgage, bill of sale, or any instrument in writing required or permitted by law to be recorded, for each folio of 100 words in such instrument, the sum of 25 cents, but no charge shall be made for the filing or indexing of such instruments, or for the official certificate attached thereto.

Second.—For entering and attesting satisfaction, assignment or release, on the margin of the record, of any mortgage, lien, real estate, or chattel mortgage or other instrument, 50 cents.

Third.—For filing and making the entry of any transcript of judgment in the judgment lien docket, \$1.

Fourth.—For furnishing private parties copies of records and files, for each folio 10 cents, and for each official certificate thereto, 25 cents.

Fifth.—For entering of record every declaration of intention of an alien to become a citizen of the United States, and furnishing to the declarant a certified copy thereof, \$1.50; and for entering of record every naturalization of an alien, and furnishing to the person naturalized a certified copy thereof, \$5.

Section 2.—The fees designated in Section 1 of this act shall be collected in advance from the persons requesting the service of the officer, and none of the service therein mentioned shall be rendered until the fee therefor has been paid and received by the officer, and that said officer shall enter an account of the fees provided for by this act in books kept in his office and pay all such fees to the treasurer of the proper county each day for the use and benefit of such county.

Section 3.—That all fees and charges heretofore received and exacted by the several recorders of conveyances and county clerks of the counties designated in this act for the services or any of them in this act mentioned, are hereby declared to be legal and proper charges for such services, and to have been voluntarily paid to such officers, and the money so received to be the property of the county to which it was paid by such officer, and no action, or suit for the recovery of such fees or charges shall be maintained against any county officer or county in this act designated.

Section 4.—Inasmuch as grave doubts have arisen as to the legality of the fees and charges heretofore exacted by the various county officers mentioned in this act, for the services herein mentioned, and the revenues of the various counties mentioned in this act are liable to be depleted by reason of such doubts, and the public peace, health and safety of the state thereby endangered, and it therefore being necessary for the immediate preservation of the public peace, health and safety that this act take effect immediately, an emergency is hereby declared to exist, and this act shall take effect and be in force from and after its passage and approval by the governor.

THE FEES IN LANE.
The fees of the clerk's office in this county are between \$5000 and \$6000 a year, or more than enough to pay all the expenses of the office, leaving a surplus to be paid into the general fund.
